UNDERWOOD

TECUMSEH

WANETA

Super Hardy

"JUMBO" PLUMS

COLLECTION

All Big 4 to 6 Ft. Size

EARLY and HEAVY-BEARING

This is your chance to plant 3 of the very finest of all the hardy hybrid plums that we offer. All produce heavy crops of fine quality fruit for eating fresh, canning or plum butter. They are really early-bearing, too. Will grow anywhere. You'll have all the fruit you can use in short order.

1 UNDERWOOD. The hardy plum, with excellent flavor, and one that produces well even in Canada. A large, sweet, and juicy red plum developed in Minnesota.

1 TECUMSEH. The very early, bright red plum with delicious, golden flesh. This one can't be beat for flavor as it's one of Dr. Hansen's best.

1 WANETA. Dr. Hansen's "Masterpiece." The largest of all the Hansen hybrids. A dark purple-red plum with sweet, juicy, tender flesh. Tremendous size fruit.

Hybrid CLEMATIS

For Trellis, Porch, Doorway, Gate

This is the purple Hybrid Clematis Jackman that is probably the most gorgeously colored of any vine you can plant. Try to visualize solid masses of large flowers that are a vivid, deep, rich purple and you have this wonderful variety of Clematis.

Hardy anywhere and easy to grow. Will do best on the east or northeast side of the house or any other spot out of full hot sun. All are potted plants out of 2½ inch pots, well rooted and easy to grow.

The "Smoothest" Cucumber You Ever Ate!

350—(63 days.) This is the new All America slicing cucumber that was developed by the North Carolina Experiment Station. A smooth, spineless skin as you would guess from its name and that is what makes it so different and desirable. Smoothie has a dark, glossy green color and the sweetest white flesh you ever tasted.

The vigorous vines produce a very heavy yield of extra fine, 8-inch "cukes" that have no superior for salads or as bread and butter pickles. Wonderful for home and market use.

"Connell Red" APPLE

Never Before Offered

A1012—(Plant Patent No. 1602). Gurney's are proud to offer this fine new apple the first year it is being offered for sale.

Connell Red is solid bright red in color, is large sized, and has a very distinctive flavor that is excellent for eating as well as mild flavored for sauce or salads. Best of all the tree is hardy and the fruit hangs well to the tree, yet is easily picked. Fruit keeps very well and with good storage should last until May.

We believe Connell Red to be very well suited for our midwest conditions and also that it will prove to be the most

salable apple ever before offered from our trade area. Connell Red was discovered by William F. Connell in his orchards at Menomonie, Wisconsin as a Red Sport of the variety Fireside.

ALL PRICES POSTPAID

Please Note: All trees will be pruned, ready for planting, before shipment.

IMAGINE! A beautiful 50 foot hedge that costs you less than \$5.00.

Gurney's CHINESE ELM HEDGE

BIG 2-FOOT PLANTS—Make a Beautiful Hedge Quicker Than Any

A2709X—Most folks would like to have a good hedge to divide their property or to give them the privacy of an outdoor living room in their own back yard. It used to be that a hedge cost a lot of money but that isn't the case when you plant Gurney's Hedging-Type Chinese Elm.

Nothing will make you a beautiful, more compact hedge for less money and in less time than

Gurney's Hedging Type Chinese Elm. They thrive on poor soil and their growth will amaze you. The more you trim these plants, the more compact they will grow—almost like a solid wall.

Set the plants 1 foot apart in the hedge row and cut them back to ½ their original height after planting. This rapid growing wonder hedge will make a fine showing the very first year.

Rapid Growing and ABSOLUTELY HARDY

YOU GET 50 3 Foot Plants for only **\$4.98** PPD

Miss Universe ZINNIA

The Greatest of the New Zinnias

1248—The largest flowered Zinnia we have ever seen. It took 10 years of special selection and breeding to get the huge flower size of Miss Universe—a size never obtained before in any Zinnias.

Miss Universe has deep, full flowers in a complete color range. Long stems branch from near the base which makes it ideal for cut flowers. Vigorous, extra-early and easy to grow. Miss Universe grows bushier and more compact than others so it never has that "weedy" appearance. The ultimate in a truly fine Zinnia.

Large Packet 25c; ½ oz. 76c, Postpaid

10 Upright, Pillar-Type LOMBARDY POPLARS

They Cost You LESS THAN 35c EACH

BIG 3 to 4 FOOT PLANTS. These are the tall, stately trees used so much for avenue or background planting, to make a lot line, as sentinels by the yard entrance, or to line a driveway. They form tall, stately columns of rich, shiny-green leaves. Succeeds on soil too poor for other trees, and grows rapidly. One reason they are good for a screen or windbreak is that their foliage grows clear down to the ground. For a real tight screen and lots of privacy set the trees 5 feet apart in the row. They grow so fast you will be amazed. Our price is right, so don't put off your planting another season. Order today.

1 Bright Red Dogwood. The hardy shrub with bright red bark.

Hello Folks:

My, but time certainly flies. Here it is 1958 and time for me to write another short note to you good friends and customers. The trouble is, when you reach my age, the year seems to last only half as long as it should.

Last year was a good year in general. Always room for improvement but I guess we should all count our blessings.

We had a meeting of all department heads and I told the boys, "go out of your way in 1958 to satisfy every customer." I know I can depend on them, too.

Look our new catalog over and if you need any help before ordering, drop us a line. Hope you have a most successful growing season.

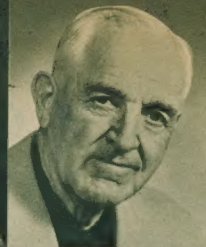

Yours truly,

Isabel Gurney
President

1st Generation
COL. C. W. GURNEY
Founder... 1840-1913

Pioneer seedsman and nurseryman of the Northwest. Col. C. W. Gurney began his life work in the seed and nursery business upon leaving the service in the Civil War. Almost the entire last fifty years of his life were devoted to making this midwest a better place to live in.

2nd Generation
GEO. W. GURNEY
President

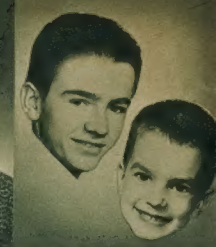

For over 50 years one of the leading nurserymen in the northwest. His lifetime experience with seeds and trees is yours for the asking. Write if you have any problems, and he'll see that you get a prompt answer. George is still active in the business and expects to continue for a long time.

3rd Generation
SID GURNEY
Vice-President

Sid's main job, among his many, is to see that the thousands of orders coming in are kept straight and moving out as rapidly as possible. He, too, has spent his entire life in this business and is always glad to help any of you folks in any way that he can.

Many of you probably enjoy his daily radio programs.

4th Generation
JIM and JAY GURNEY

These are Sid's two boys. Jim is 15 and Jay is 7. Not much that either of them can do around the place at this age but they really enjoy trips to the nursery with Grand-dad. He loves it too. Between them they manage to eat their share of fresh fruit and it doesn't take long either.

This is George Gurney's Home in Yankton

An Aerial View of Gurney's Nursery

Gurney's Hardy Stock Does Well Everywhere

It stands to reason that our nursery stock—raised right here at Yankton—has the extra vigor and hardiness to stand the hottest of summers and coldest of winters. If it isn't able to take our climate, we just don't have it to ship. This means you can depend on Gurney's hardy stock to do well for you.

True-to-Name

Regardless of whether you order seed, nursery stock, or chicks—it will be true-to-name. We have been in this business for over 90 years, and we intend to be in at least that many more, so we are not going to start now to try to fool our customers. It can't be done, and we don't intend to try it.

State Inspected Stock

All nursery stock shipped from Gurney's carries a state inspection label that certifies our stock has been inspected and found free from disease,

insects, etc., and has passed all state laws as to quality. We want you to have the very best possible.

How to Make Remittance

Your check is good with us here at Gurney's. In fact, to make it easier for you to order, you will notice we have put a check blank on the bottom of every order blank. You are welcome to use it, or, if you wish, a bank or money order will be a bank or money order will be a fine. We do not encourage cash payment; however, if you insist, please register your letter for your own protection. It is embarrassing to both of us when cash is lost, and there is probably no question but what you sent the cash and it never reached our organization.

Please—No C.O.D.'s

One of the reasons we can sell better goods at lower prices is because we do not maintain an expensive department to handle C.O.D.'s. Anytime you order something C.O.D., you have to pay the post

BE SURE TO ORDER EARLY

If possible, please order in January or February. This gives us plenty of time to get your order booked and all ready for shipment the moment the weather breaks in your locality. Early-planted stock does better because it has a chance to take advantage of early moisture and get established before the hot, dry period.

office's C.O.D. charge. Why not save that?

How We Ship

Most items, such as garden seed and merchandise, are shipped at once. Nursery stock is shipped at the proper planting time in your locality—and that is why we may fill your order in several shipments. Most nursery stock is quoted postpaid on all shipments made through postal zone 4 (see back of order envelope). Exceptions are so noted in the catalog and generally include stock too big to ship parcel post, such as big trees, B&B Evergreens, etc.

Items quoted "Express Not Prepaid" will be sent transportation collect. List your nearest Express Station on your order.

Extra Payment in Nursery Stock

Many times we have to ship postpaid items with nursery stock going express collect. To help make up for our share of the express charges, we put in extra nursery stock—always more than enough to make up for the additional postage. This doesn't happen too often, but when it does, we always go out of our way to see that the customer gets his money's worth and then some.

Your GUARANTEE of SATISFACTORY NURSERY STOCK

We guarantee our nursery stock to be all state inspected, free from disease, and first-class in every way. We also guarantee our stock to be absolutely true-to-name. If it proves otherwise, you can have your choice of replacement free or a full refund of the entire purchase price.

Examine the nursery stock carefully when you receive it. If you are not pleased in every way, return place it at once or refund your money in full, whichever you prefer.

After you have planted it, if it fails to grow owing to weather conditions or other factors over which we have no control, we will replace once at one-half the original price the following season, if you notify us not later than August 1, 1958. Accompany your report with a remittance of one-half the original purchase price, and we will take care of the adjustment at the proper planting time. We stand behind this guarantee 100%.

We'll Send a FREE GIFT With Your Garden Seed or Nursery Order...

It always has and always will take a lot of old-fashioned courtesy to maintain a friendly business. That is the reason we make it a practice to include a free gift with every order we receive no matter how small it might be. We can't tell you what that gift is going to be, but we know it is going to be something well worth-while. Hope you enjoy it, as it is our way of saying "thank you" for the fine order placed with us.

Our Customers Speak for Themselves... Read What They Have to Say...

No Finer or Hardier Stock Available

These letters and pictures below are just a few of the many testimonials we receive from people all over the country. We only wish that we had more room so we could let you see many more of them.

North, south, east or west—it makes no difference.

You'll find Gurney stock is the finest you can buy. 90 years of know-how and experience backs up every purchase you make and once you try our stock we feel certain your letter will be among the thousands of satisfied Gurney customers that "Speak for themselves."

Dear Gurney's:

Sometime ago I ordered \$7.00 worth of merchandise and it's wonderful to get things so wonderfully packed and plants so perfect. Thanks!

Harold V. Muller
Spring Grove, Minn.

Dear Sirs:

I thank you so much for the extras along with the satisfactory strawberry plant order. The gifts were more choice than one could reasonably expect and I do appreciate them.

Leon Leonard
Collins, Iowa

Dear Sirs:

I received the Chrysanthemum today and it is a healthy looking plant. It is nice to deal with people that are reliable.

Charles T. Sillery
Mt. Vernon, N. Y.

The above picture is of young Louis Kozak Jr. of Burbank, S. Dak. He and his father visited here last summer and brought along these fine Hybrid Sure-crop Cucumbers they raised from Gurney seed. Thought you would enjoy the picture.

Dear Sirs:

The berry plants came in good order and were first-class, well rooted, etc. Thanks for all the gifts and the extra size raspberry plants.

Walter Newby
Des Moines, Ia.

Dear Sirs:

I just want to tell you how pleased I am with my chicks. I got them April 9. They were all alive and I haven't lost one. I've never had such good luck before.

Mrs. Bertha Fischer
Forsyth, Montana

Here is a picture of Helen who is the sister of Mr. Fritz Nelson Link who lives at Cokato, Minn. Mr. Link said the largest of the three carrots was 15 inches long and weighed 5 pounds. Quite a carrot, isn't it?

Gentlemen:

The roses were received on the 15th and planted today. Came through in splendid condition. Thank you for your prompt attention.

Mrs. A. H. Chamberlain
R. 1—Wadsworth, Ohio

The picture below shows little Miss Lisa ter Horst who is the granddaughter of Mrs. Francis Carroll of R. 2, Box 115, Washougal, Wash. The tree at the left is an Oka Plum bought from Gurney's in 1956. Look at all those blossoms.

Look at those fine big Dickinson pie pumpkins raised by the Alois Wernimonts of Carroll, Iowa. Mr. Wernimont says the sweet potatoes in the picture are Porto Rican and some were very large. He got half a pickup load of pumpkins from only 12c worth of Gurney seeds.

We Want Your Picture

We always like to include a few pictures of our customers when we make up a new catalog. If you have a good snapshot of yourself or anyone in the family standing beside a Gurney tree or holding some Gurney vegetables, send it in. We'll try to use it in either the catalog or the next spring issue. And if we do, we will pay \$3.00 for each picture used.

If you happen to have a Chinese Elm that is doing well or maybe a nice flower garden, get out the camera and have someone snap your picture while you stand beside it. Then send in the snapshot and a letter of explanation, and we'll do the rest. Let's hear from lots of you.

This is a picture of Mrs. Arthur Molin's son who is 6 ft. 5 in. tall. The camera used to take this picture was one her son earned as a Gurney "Seed Kid" back in 1947. The Molins live at R. 1, Ogilvie, Minn. and the field is Gurney's Golden 2 Hybrid Corn No. 95.

LITTLE MARVEL The Tender, Sweet One

152—(62 days.) If we could have but one kind, it would be Little Marvel. Take our word for it. We've tried 'em all—very tender, heavy yielding, and it will be a long time until we find a better one. In yield, earliness, quality and delicious sweetness it is tops. Fine for freezing.

Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

VICTORY FREEZER

154—The new "All American" Medal winner. Matures in 65 days and produces tremendous yields of delicious, high quality peas. One of the very finest for the home freezer. Grows to 29 inches. Big ¾ in. pods. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.85, pdd.

Hello Folks:

You are starting the Garden Seed section of our catalog and will find 10 pages of the finest garden seed money can buy. Fresh, tested, new-crop seed we are proud to call "Gurney Seed." I know you will like the results you get.

Geo. W. Gurney

Gurney's Bigger Yielding GARDEN PEAS

Gurney's strains of peas are all Northern-grown and carefully selected for disease resistance, type and vigor.

Plant the Early Alaska varieties as early as you can get them in the ground in the spring. Plant all other varieties a week to 10 days later. Peas need some support; even dwarfs like some

brush or trellis to grow on. It keeps the pods off the ground and you'll get a bigger yield.

For a continuous supply, make several weekly plantings starting with Early Alaska and follow with Little Marvel, Laxton's Progress and Perfection.

1 lb. of peas is enough for about a 50 to 75 foot row.

YANKTON MAIN CROP

PERFECTION

157—(65 days.) Plant Perfection and have green peas all season and of the finest, sweetest quality and tenderness that you have ever tasted.

Is absolutely the most drouth and heat resistant of all. The vines grow about 2 feet tall and are filled with large pods containing from 6 to 10 delicious peas.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

LAXTONIAN . . . Vigorous, Sure to Bear

141—(64 days.) The top notch early pea. This is a pea that just suits us, and we eat lots of peas during the season. We like them any way they can be served.

The vines of this large, extra early, heavy bearing pea are very stocky, dwarf

Extra

EARLY ALASKA Disease-Resistant

146—Earliest of All. (52 days.) Alaska is absolutely the earliest pea and the heaviest yielding. The slender light green vines grow about 2 feet tall and are literally covered with pods. The peas are of excellent quality, and as they all ripen at once, are easy to gather. If you want a lot of peas and want them early, plant Alaska.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

AMERICAN WONDER

Sure Grower—Big Yields

149—(60 days.) Our improved strain of American Wonder is one of the earliest. Wrinkled Peas grown. The dwarf vines grow about 1 ft. tall and are covered with medium size pods.

This is one of the sweetest and tenderest peas we have ever raised. If you want quality, plant American Wonder.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, pdd.

SPECIAL:

Be Sure to Inoculate Your Peas for Extra Yield

A 25c packet of Nitragin is enough for 5 lbs. of peas and beans. Full directions for use are printed on the packet. It will pay for itself many times over. No. 4015—25c, postpaid.

EARLY SWEET

Wrinkled Alaska Tender, Delicious Peas

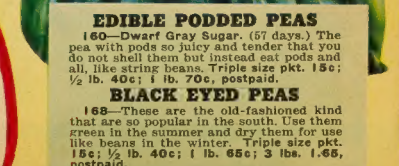

159—(55 days.) The new wilt-resistant pea. The easiest way to describe this one is to say it is like Early Alaska, except its peas are somewhat larger and wrinkled. It comes into bearing in 55 days; the vines grow just about 2½ to 3 feet tall and are fully as hardy as Alaska. We are sure you will like this canning variety—Fine for table use, too.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

LAXTON'S PROGRESS (Big Dakota)

144—(65 days.) You want the most peas you can get, don't you? Then plant Laxton's Progress, because by actual count we have found that they yield more pods to the vine and more peas to the pod. They are of delicious quality and luscious tasting, and if you want the largest peas you have ever raised, plant Laxton's Progress. One of the finest for freezing.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

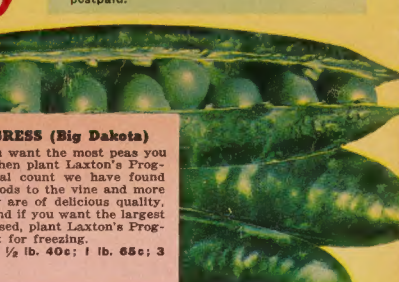

EDIBLE PODDED PEAS

160—Dwarf Gray Sugar. (57 days.) The pea with pods so juicy and tender that you do not shell them but instead eat pods and all, like string beans. Triple size pkt. 15c; ½ lb. 40c; 1 lb. 70c, postpaid.

BLACK EYED PEAS

168—These are the old-fashioned kind that are so popular in the south. Use them green in the summer and dry them for use like beans in the winter. Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

Gurney's VEGETABLE FREEZER SPECIAL

Here's the answer to the question "What shall I put in the freeze box?" These vegetables are among the very best for freezing. Directions included with each collection.

ALL FOR ONLY 1.98 pdd. No. 600X

- ½ lb. Carmelross Hybrid Sweet Corn
- ½ lb. Little Marvel Peas
- ½ lb. Victory Freezer Peas
- ½ lb. Cherokee Wax Bean
- ½ lb. Topcrop Green Bean
- 1 Pkt. Swiss Chard
- 1 Pkt. Coreless Carrot
- 1 Pkt. Broccoli, Green Sprouting

EARLY CORELESS for Home Use or Market

634—(70 days.) Beautiful carrots about 8 in. long 1½ in. thick, and the same size top to bottom. Flesh scarlet-orange. Very sweet, fine grained, tender, nearly coreless. Fine for bunching, for winter or freezing.

Pkt. 15c; oz. 55c; ½ lb. 1.45, postpaid.

TENDERSWEET Best Sweet One

635—(75 days.) We don't know of a sweeter, better carrot than Tendersweet. It is coreless, fine textured and a beautiful deep orange. If you like carrots and want to try a new, tastier, better variety—be sure and plant Tendersweet. We consider it one of the very finest.

Pkt. 15c; oz. 55c; ½ lb. 1.45, postpaid.

DANVERS HALF LONG for Storage & Canning

627—(75 days.) Medium in length and of rich orange color. One of the finest quality, best tasting carrots. Outyields almost any other variety. One of our best storing and canning varieties.

Pkt. 15c; oz. 55c; ½ lb. 1.35, postpaid.

STOCK CARROT MASTODON

for Livestock

631—(100 days.) Produces tons of feed per acre. Easy to grow. Pkt. 12c; oz. 45c; ½ lb. 1.25, postpaid.

Gurney's CARROTS

Carrots Are Easy to Grow

Make your first planting just as soon as you can get in the soil in the spring and then successive plantings throughout the season so you will have plenty to put away when winter comes. Cover seed about ½ in. deep. Have rows 18 to 24 in. apart and thin out 2 to 4 in. apart in the row if you want big carrots. Cultivate well. A packet sows about 20 ft. An ounce sows about 100 feet of row.

DANVERETTE, A New and Better Carrot

628—(70 days.) A smaller, more refined type of Danvers Half Long. Has a beautiful deep orange color and the quality is excellent. Dandy for freezing and canning. This is one of the newer varieties that is fast gaining in popularity with gardeners everywhere. Try it.

Pkt. 15c; oz. 55c; ½ lb. 1.45, postpaid.

Control Carrot Maggots with 10% Aldrin (see page 23)

OXHEART the Heaviest Yielding Blunt One

629—(75 days.) This short, broad carrot is the heaviest yielding of the table carrots, and the easiest to harvest. The roots are sometimes 5 inches in diameter and about the same length. An excellent table carrot as quality is fine. Highly nutritious and a good keeper.

Pkt. 12c; oz. 45c; ½ lb. 1.35, postpaid.

Red Cored CHANTENAY Tender and Sweet

630—(70 days.) Small cored, with bright orange flesh, fine grained, tender, crisp and sweet. It is medium early, maturing in about 70 days. The tapering roots are about 6 inches long and 2 inches in diameter and easy to pull. May be grown as spring, summer or fall crop. We think this one is about the best, most delicious of all the carrots we are offering.

Pkt. 15c; oz. 50c; ½ lb. 1.45, postpaid.

SPECIAL CARROT OFFER

Here's an offer to give an all season supply of fresh carrots.

- 1 Pkt. OXHEART—the early one.
- 1 Pkt. DANVERS HALF LONG—most popular.
- 1 Pkt. RED CORED CHANTENAY—new and better.

250X — All 3 for 37c, postpaid.

PEPPERS

KING OF THE NORTH

Early Large Sweet
640—(65 days.) The newest and earliest large pepper, especially valuable in the northern states. Fruits enormous, color is brilliant red when ripe, size usually six inches long and three or four inches in diameter. Thick flesh, very firm, sweet and mild. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

HARRIS EARLY GIANT

Big and Meaty
667—(70 days.) One of the largest and earliest sweet peppers. The plants are literally covered with thick-fleshed peppers, so large it takes about 50 to fill a bushel basket! Easy to raise and delicious in chili, catsup, salads, or stuffed and baked. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

CALWONDER A Fine Early

645—(68 days.) This extra early pepper has the best record of any in our garden. Short, broad, thick-walled fruit. Yields an immense crop of early, sweet, smooth, thick-meat peppers. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

Peppers are what help keep the Mexican people healthy. They're full of vitamins, and every gardener ought to raise his own. Like any soil except low, wet land. Give plenty of room. Handle and plant just like tomatoes. It is a real treat to watch the big, luscious looking peppers grow and develop in your own back yard. Easy to raise too!

LONG RED CAYENNE

648—(72 days.) The true Cayenne. Long, red and hot. Fruits are a full inch or more in diameter at the shoulder and 4 1/2 to 6 in. long. For canning, drying or pickling. Grows anywhere. A sure yielder. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

SUNNYBROOK Sweetest Pimiento Type

644—(65 days.) The tomato-shaped pepper. Fruits round, flat shaped. Deep red. So mild and sweet you can eat like apples. Fruits grow upright on strong 2 1/2 ft. plants. About 3 in. in diameter, thick-fleshed and beautiful. Your garden should include these sweetest of sweet peppers. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

MIDGET VEGETABLES

I've tried these Midget Vegetables in my garden and am a true surprise of my life. They are absolutely wonderful and so easy to raise.

Here is an assortment of special varieties for a complete garden in the smallest backyard. These are all honest-to-goodness practical vegetables even in large gardens. Every one of them is tops in quality. Lots of fun to grow, too.

NEW HAMPSHIRE

71—Finest of the ice-box style melon. From 7 to 8 inches long, just the right size for individual servings. Brilliant red, crisp, very sweet flesh. Flavor, the best in the world. Very thin rind. Packet 20c; 1 oz. 45c, postpaid.

TINY TIM TOMATO

425—Most gardeners like this as a novelty but it is practical, too. Plants grow about 15 inches tall and are covered with three-quarter inch tomatoes. You can grow them in a porch box. If you like, Tomatoes are brilliant scarlet and good flavored. Packet 25c; 2 for 39c, postpaid.

MIDGET SWEET CORN

170—The tenderest, most flavorful and the sweetest sweet corn of all. Ears about 4 inches long, golden yellow in color, stalks about 2 1/2 feet tall. Very early. Packet 25c; 2 for 45c, postpaid.

TOM THUMB LETTUCE

504—A miniature head lettuce just right for individual salads. About the size of a tennis ball. Heads are solid, crisp and tender. Quality extra fine. Can be grown indoors in window boxes, as well as outdoors. Packet 20c; 2 for 35c, postpaid.

SPECIAL MIDGET VEGETABLE OFFER

650X—Here is everything for that Midget Vegetable Garden. 1 packet each of the above 6 vegetables for only 98c, postpaid.

Baby MINGU

360—Just right for pickles. Cucumbers are about 4 inches long, crisp and of good quality. Vines inclined to be bushy. Early and very productive, too. For uniform pickles you will like this one. Packet 20c; 2 for 35c, postpaid.

Gurney's SELECT BEANS

A pound will plant 2 rows, 50 feet long. Cover beans about 2 inches. Space rows 20 to 30 inches apart in rich warm soil. Make first planting when severe frost danger is past. And remember to buy a few extra pounds of beans to use later in the season as a "fill in" crop. Whenever an early crop like radishes or lettuce is done with the ground, put in another row of beans. Be sure to treat peas and beans with garden Nitragin. See below.

Notice!

All beans, peas and sweet peas should be sown with NITRA-oculated. For bigger yields. Just dust it on seed. Never fails to increase yield. 4015—NITRA-pkts., 25c per pkt., postpaid.

WAX BUSH BEANS

The only difference between Wax Bush Beans and Green Bush Beans, aside from color, is that the Wax type has a more delicate, milder flavor and the pods are a little more tender than the Green type. The Wax beans yield just as heavy, are stringless and require same culture and care as the Green. If you have never grown the Wax before, try some by all means.

LIMA BEANS

Every one should plant a few Lima beans. Be sure not to plant until all frost danger is past and soil is warm. Plant seed 6 to 8 inches apart in rows 2 to 3 feet apart. We have the two best varieties for flavor, quality and yield. Better try a few Limas this year. Treat all Wax Beans with Arasan (see page 23).

Gurney's Choice TOMATOES

Probably no other vegetable is as popular as the Tomato. We are offering only the very finest varieties of hybrids and regular types. Days indicated are from plant setting to picking.

429—Sioux (70 days.) This is a special selection of two leading varieties with the good qualities of both, plus unusually fine hybrid vigor. Fine for market or home use. Globe-shaped, medium size, early, thick solid walls, deep red color, few seeds. Try a packet. Pkt. 20c; 1/2 oz. 75c; 1 oz. 1.20, postpaid.

419—Stokeland (Early Giant.) (72 days.) If you've been looking for the perfect tomato stop here. We think this will take your garden by storm. It's fairly large, with enough foliage to protect the fruit. Its real merits are EXTRA-HAVY YIELD and PERFECT QUALITY. Fruits are large, smooth, almost perfect globe-shaped; have solid scarlet flesh that DOESN'T CRACK. Pkt. 15c; 1/2 oz. 65c, postpaid.

407—Gurney's All Stars (65 days.) Year after year we find this one of the very best. Beautiful, smooth, red tomatoes that are ideal for slicing. Small plants loaded with fruit, make a fine perfect garden type. Pkt. 20c; 1/2 oz. 85c, postpaid.

418—Ponderosa (80 days.) The largest tomato grown. Often produces fruit weighing 3 pounds or more. The immense tomatoes are flat, nearly solid, and of a delightfully mild flavor. One of the best for slicing or canning. A heavy yielder and ripens after the early varieties. Pkt. 15c; 1/2 oz. 65c; 1 oz. 1.10, postpaid.

427—Prichard (76 days.) All-America winner. Fruit is heavy, flat, smooth, globe-shaped. Deep scarlet color and very mild. No finer main crop tomato. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

427—Friedland (68 days.) One of the finest new tomato introductions, originating in the Dakotas. Is large-fruited, deep, deep, deep, crimson in color. Unaffected by heat and drought, yields tremendously. Fine for slicing or canning. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

422—Marjorie (80 days.) For years this old reliable, main-crop variety has led the field. Stands

for slicing. Small plants loaded with fruit, make a fine perfect garden type. Pkt. 20c; 1/2 oz. 85c, postpaid.

418—Ponderosa (80 days.) The largest tomato grown. Often produces fruit weighing 3 pounds or more. The immense tomatoes are flat, nearly solid, and of a delightfully mild flavor. One of the best for slicing or canning. A heavy yielder and ripens after the early varieties. Pkt. 15c; 1/2 oz. 65c; 1 oz. 1.10, postpaid.

427—Prichard (76 days.) All-America winner. Fruit is heavy, flat, smooth, globe-shaped. Deep scarlet color and very mild. No finer main crop tomato. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

427—Friedland (68 days.) One of the finest new tomato introductions, originating in the Dakotas. Is large-fruited, deep, deep, deep, crimson in color. Unaffected by heat and drought, yields tremendously. Fine for slicing or canning. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

422—Marjorie (80 days.) For years this old reliable, main-crop variety has led the field. Stands

for slicing. Small plants loaded with fruit, make a fine perfect garden type. Pkt. 20c; 1/2 oz. 85c, postpaid.

418—Ponderosa (80 days.) The largest tomato grown. Often produces fruit weighing 3 pounds or more. The immense tomatoes are flat, nearly solid, and of a delightfully mild flavor. One of the best for slicing or canning. A heavy yielder and ripens after the early varieties. Pkt. 15c; 1/2 oz. 65c; 1 oz. 1.10, postpaid.

427—Prichard (76 days.) All-America winner. Fruit is heavy, flat, smooth, globe-shaped. Deep scarlet color and very mild. No finer main crop tomato. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

427—Friedland (68 days.) One of the finest new tomato introductions, originating in the Dakotas. Is large-fruited, deep, deep, deep, crimson in color. Unaffected by heat and drought, yields tremendously. Fine for slicing or canning. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

422—Marjorie (80 days.) For years this old reliable, main-crop variety has led the field. Stands

for slicing. Small plants loaded with fruit, make a fine perfect garden type. Pkt. 20c; 1/2 oz. 85c, postpaid.

418—Ponderosa (80 days.) The largest tomato grown. Often produces fruit weighing 3 pounds or more. The immense tomatoes are flat, nearly solid, and of a delightfully mild flavor. One of the best for slicing or canning. A heavy yielder and ripens after the early varieties. Pkt. 15c; 1/2 oz. 65c; 1 oz. 1.10, postpaid.

GREEN BUSH BEANS Illustrated at right

TOP CROP

"Tops" in Yield and Flavor

113—(51 days.) A new heavy yielding green pod bean developed by the U. S. Dept. of Agriculture. Won gold medal at All-America Trials. Pods are straight, smooth, light green and 5 to 6 in. long. Completely stringless, fiberless and very meaty. Flavor can't be beat. Triple size pkt. 20c; 1 lb. 50c; 1 lb. 85c; 3 lbs. 2.15, postpaid.

WADE BUSH BEAN

Gold Medal Winner

117—(54 days.) A new bean. One of the very few ever to win an All-America Gold Medal! Pods deep green, 5 1/2 to 6 in. long. Grow upright. Resistant to mosaic and powdery mildew. Tops in green and flavor. Ideal for canning and freezing. Triple size pkt. 20c; 1 lb. 50c; 1 lb. 85c; 3 lbs. 2.15, postpaid.

TENDERGREEN

The Dark Green Canner

106—(55 days.) A new green potted bush bean. Enormously prolific and stringless. Bears beans more tender than any other variety. Pods long, round, dark green. Finest eating qualities. Plants are of strong upright dwarf growth. Combining productivity and hardiness with highest quality. Splendid for canning. Triple size pkt. 17c; 1 lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

STRINGLESS GREEN POD

The Early Favorite

107—(50 days.) This extra early dwarf green pod bean is a very heavy bearer. The medium-size, meaty, green pods are absolutely stringless and of excellent flavor. Will stand up through the winter. No other variety seed is dark brown and pods are excellent quality. Triple size pkt. 15c; 1 lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

BOUNTIFUL Famous Canner

109—(50 days.) A very heavy yielder of excellent quality. Very popular for home and market. Stands shipping well. Pods are big, green and showy. Rich flavor makes it a favorite for canning. Reliable everywhere. One of the best years after year. Triple size pkt. 15c; 1 lb. 40c; 1 lb. 70c; 3 lbs. 1.65, postpaid.

Earliest

BRITTLE WAX

For Home or Market

110—(50 days.) Clear, wax yellow pods, 6 to 6 1/2 inches in length are absolutely stringless, very tender and most delicious. Vigorous vines give a long bearing season. We find Brittle Wax one of the finest for home, market, freezing and canning. Triple size pkt. 17c; 1 lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

CHEROKEE WAX

The Earliest of All

118—(50 days.) Developed by the United States Department of Agriculture. This is the earliest of all beans and one of the very best. It is straight and stringless, with bright yellow pods 6 inches long. Does well almost anywhere. Heavy bearer. Black seeded. Flesh is thick, crisp, tender, stringless and of good flavor. Triple size pkt. 17c; 1 lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

PENCIL POD BLACK WAX

The Heavy Yielder

105—(55 days.) A wonderfully flavored, rich dark yellow, stringless snap bean. It is a very vigorous and hardy plant, bearing one of the few to survive heat and lack of moisture of extremely hot summers. The seed is black when ripe. Extremely good for home, market, canning and freezing. Triple size pkt. 15c; 1 lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

Improved GOLDEN WAX

Good Canner

116—(52 days.) This extra early wax bean is one of the best in the home garden. Long, straight, wax yellow pods absolutely stringless. Heavy bearers of delicious quality beans. Excellent for canning or pickles. One of the best year after year. Triple size pkt. 15c; 1 lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

FORDHOOK BUSH LIMA

The Early Big Bush Type

126—(75 days.) The very best large seeded variety. The pods, which are produced in large clusters, are about 5 inches long, each containing four to five large beans of exceptionally fine quality. Beans are large, thick and of delicious flavor. Grows very upright, holding beans out of the dirt. Triple size pkt. 20c; 1 lb. 50c; 1 lb. 85c; 3 lbs. 1.95, postpaid.

ILLUSTRATED AT RIGHT

weather and is a fine producer. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

403—Golden Banner (72 days.) A highly productive golden orange tomato. Resistant to fusarium wilt. Has a mild, rich flavor. Primarily a home garden tomato, but sells well at local markets and roadside stands. Makes delicious salads. Pkt. 20c; 1/2 oz. 50c; 1 oz. 85c, postpaid.

402—Earlbell (68 days.) An immense yielder of beautiful crimson tomatoes. Extra fine flavor and quality. The fruit are smooth, solid and do not split easily. The vines are most vigorous. No finer fruit so it will not burn. A real root tomato for home or market gardens. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

417—Bounty (65 days.) Early and heavy yielding. One of the finest tomatoes grown. Smooth and firm with a pleasing flavor. Outyielded six other commonly planted varieties from 10% to 80% in experiment station trials. Rich Dakota Station pruning, uniform in color and tops in quality. Rich Dakota Station introduction. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

GREEN BUSH BEANS

See descriptions and Prices at left.

"Russ" the Gardener BEAN OFFER

All Triple Size Pkts. One each No. 3500X of: Tendergreen, Stringless Green Pod and Wax Beans.

ALL 3 for 39c ppd.

BOUNTIFUL

TENDERGREEN

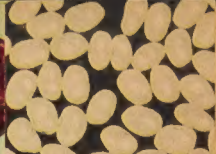

STRINGLESS GREEN POD

RED KIDNEY BEANS

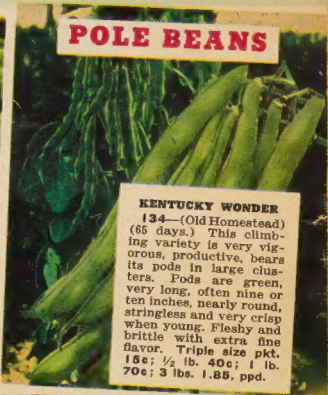

126—This is the RED soup bean, similar to the Navy except for color. Easy to grow and a very heavy yielder of large, dark red, dry beans, of good flavor and high quality. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

NAVY BEANS

102—Best yielder of any of the dry or soup beans. Erect bushes keep pods off damp ground. Long uniform pods. Quality and flavor extremely good. Easy to grow and sure to yield. Triple size pkt. 15c; 1/2 lb. 35c; 1 lb. 60c; 3 lbs. 1.45, ppd.

POLE BEANS

KENTUCKY WONDER

134—(Old Homestead) (65 days.) This climbing variety is very vigorous, productive, bears its pods in large clusters. Pods are green, very long, often nine or ten inches, nearly round, stringless and very crisp when young. Fleshy and brittle with extra fine flavor. Triple size pkt. 15c; 1/2 lb. 40c; 1 lb. 70c; 3 lbs. 1.85, ppd.

BRITTLE WAX

CHEROKEE WAX

PENCIL POD BLACK WAX

WAX BUSH BEAN

IMPROVED GOLDEN WAX

NEW IMPROVED BABY LIMA

LIMA BEANS

FORDHOOK BUSH LIMA

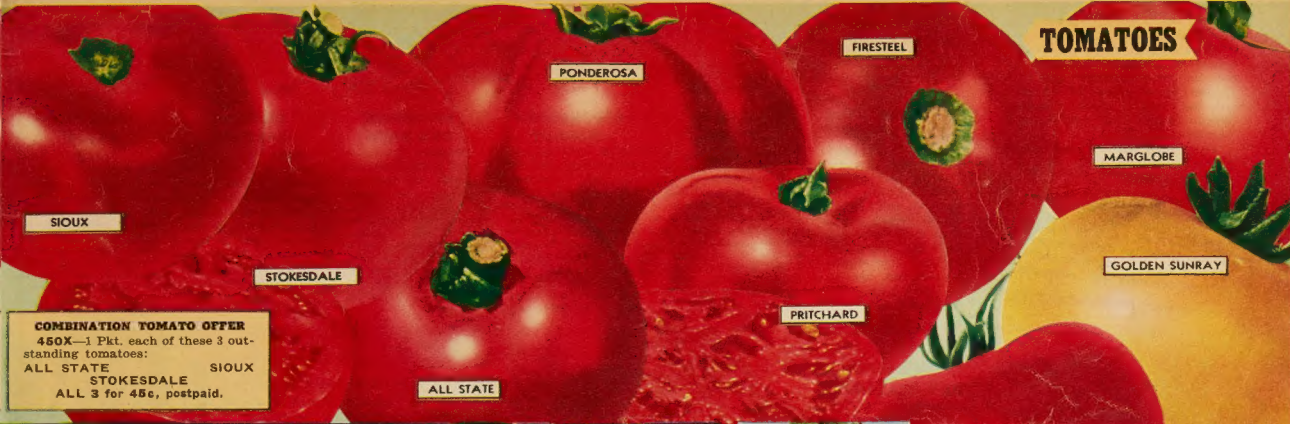

EDIBLE SOY BEANS

133—(90 days.) Here they are—the great big green kind. Beans are bright green in color. Prepare them for the table just as you would lima beans, or dry beans. Let pods stand in boiling water for 5 minutes to shell. Pkt. 15c; 1/2 lb. 45c; 1 lb. 85c; 3 lbs. 1.85, postpaid.

PURPLE POD

122—Grows like Kentucky Wonder, but larger and better flavored. Meat is thick and stringless. Pods are a beautiful, reddish-purple but turn light green when cooked. It's a great favorite in southern Missouri. Triple size pkt. 25c; 1/2 lb. 60c; 1 lb. 95c, ppd.

COMBINATION TOMATO OFFER

460X—1 Pkt. each of these 3 outstanding tomatoes:

ALL STATE SIoux
STOKESDALE
ALL 3 for 48c, postpaid.

SIoux

Illustrated here are 3 of the very finest and newest hybrid tomatoes. They are the results of years of research, time and effort on the part of some of the most noted Hybridizers in the country. Hybrid tomatoes deserve a place in your garden if you want the finest for yield, type and quality. They have no equal.

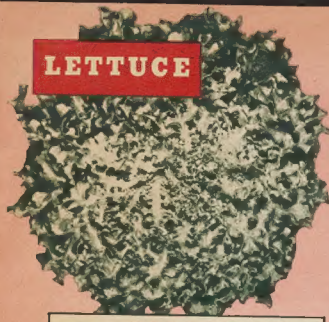

YELLOW PEAR

YELLOW HUSK

LETTUCE

New SALAD BOWL

One Head Just Fills Salad Bowl

503—An All-America Medal Winner originated by the Bureau of Plant Industry. Well-named, because one head fills a salad bowl with a perfect rosette of rich green and very decorative leaves. It is a loose leaf variety, grows fast and grows large. Leaves are short, closely set, wavy and notched. Holds its tenderness and fine texture over a long period.

Pkt. 20c; ½ oz. 45c; oz. 75c, ppd.

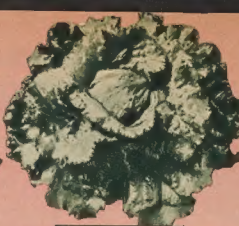

GREAT LAKES

All-America Prize Winner

500—(75 days.) Enjoy head lettuce at its best. Does well anywhere. A sure header, despite heat and sun. Gives an abundance of medium size, solid heads, with fine quality and flavor.

Pkt. 17c; ½ oz. 35c; oz. 65c, postpaid.

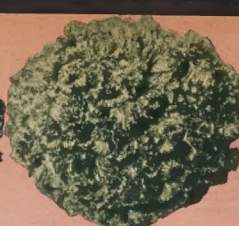

CRISP AS ICE

Earliest Head Lettuce

501—(83 days.) One of the finest varieties of head lettuce grown. Extra early, but produces extra large, meaty heads, so allow plenty of room. Excellent flavor. Fine for early spring and summer.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

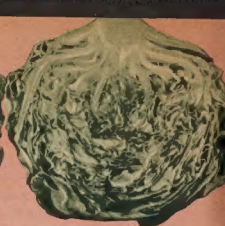

BLACK-SEEDED SIMPSON

Most Vigorous Grower

509—(45 days.) A favorite forcing variety. It does not head, but forms a compact mass of leaves, lighter colored than any other leaf lettuce. Stands the summer heat well, and is very large, making immense plants over a foot across.

Pkt. 15c; ½ oz. 29c; oz. 49c, postpaid.

STONEHEAD

Thick-Heavy Headed

502—(78 days.) All of us like head lettuce, and our idea of a good head lettuce is the one that has a solid head, is compact, and will stand hot, dry weather. Stonehead Lettuce is just that, and more.

Pkt. 17c; ½ oz. 35c; oz. 65c, postpaid.

GRAND RAPIDS Best Leaf Lettuce

510—(45 days.) Beyond question the best leaf lettuce. Its crisp, crinkly leaves are delicious and of excellent quality. Light green in color. Grows very erect, does not wilt and is disease-resistant. The easiest lettuce to grow, and the best flavored. The home garden favorite of all. Grand Rapids is the very best leaf lettuce on the market.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

PRIZEHEAD Home Gardener's Choice

511—(45 days.) Produces large, tender, loose heads of bright green, heavily curled leaves which are shaded with brownish-red. Excellent flavor and quality. Ready to eat in about 45 days. Stays tender a long time and lasts well into hot weather. Very popular for home gardens as it is easy to grow.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

CHICKEN LETTUCE Poultry Greens

508—Your poultry needs "green" food and this variety of lettuce is just the thing you should grow for this purpose. It is a genuine lettuce which will yield as much or more chicken and rabbit feed than any plant you may have used for greens.

Pkt. 12c; oz. 35c; ¼ lb. 95c, postpaid.

CABBAGE

DANISH BALLHEAD

531—(105 days.) Short Stemmed. The best late cabbage—desirable for kraut storage or shipping. Plants large and sturdy. Solid round heads weigh from 7 to 10 pounds each. Flavor very good and leaves crisp and tender. Ideal for kraut. Pkt. 20c; ½ oz. 55c; 1 oz. 95c, postpaid.

MARION MARKET

Dependable Early

523—(75 days.) A Copenhagen strain with almost round heads. A favorite early type for home and market gardeners as it is so dependable.

Pkt. 20c; ½ oz. 55c; 1 oz. 95c, ppd.

ALL SEASONS

520—(85 days.) This fine, large Yellows-Resistant cabbage can be used early or stored for your winter supply. The solid heads weigh from 8 to 10 pounds, and make extra-fine kraut. Pkt. 20c; ½ oz. 55c; 1 oz. 95c, ppd.

JERSEY QUEEN

525—(63 days.) Disease-resistant Wakefield type. Standard early, pointed head, smooth, dark green leaves. Heads average 2½ to 3 lbs. Does well everywhere.

Pkt. 20c; ½ oz. 55c; oz. 95c, ppd.

GOLDEN ACRE

524—(58 days.) Early, round-headed cabbage which closely resembles Copenhagen Market in type. Is 8 to 10 days earlier than Copenhagen Market, but smaller and can be planted closer. Because of earliness and fine quality it commands a high price. Pkt. 20c; ½ oz. 55c; 1 oz. 95c, postpaid.

RACINE MARKET

521—(68 days.) This early summer cabbage is a money-maker for the market gardener. Heads are round, very solid, and compact. Can be planted closer than most other varieties and will yield more tons per acre.

Pkt. 20c; ½ oz. 55c; 1 oz. 95c, postpaid.

3 FINEST STANDARD VARIETIES

PREMIUM LATE FLAT DUTCH

535—(105 days.) For kraut or storage, this is the largest cabbage grown. The immense solid heads often weigh more than 20 pounds, and are white, crisp and tender. Good winter keeper. Pkt. 15c; ½ oz. 40c; 1 oz. 75c, postpaid.

EARLIEST OF ALL

515—(56 days.) In our trial gardens this new extra-early cabbage has produced the largest percentage of good heads. Heads are nearly round, medium-size, and extra-solid. Home or market gardeners like it. Pkt. 15c; ½ oz. 40c; 1 oz. 75c, postpaid.

COPENHAGEN MARKET

519—(70 days.) This large, solid, extra-early, round-headed cabbage has taken the place of most other early varieties until now over half the early cabbage is COPENHAGEN MARKET. Fine quality, delicious flavor. Pkt. 15c; ½ oz. 40c; 1 oz. 75c, ppd.

MAMMOTH RED ROCK

533—(100 days.) This is the best and largest of the red cabbage. The heads are round and extra-solid. This beautiful deep red cabbage makes delicious slaw and pickles. You want to be sure to try it. Pkt. 20c ½ oz. 60c; 1 oz. 1.10, postpaid.

CHINESE CABBAGE

539—(70 days.) Excellent for salad purposes. Resembles both celery and Cos Lettuce, but sweeter and more tender. Delicious for greens. Chinese Cabbage should be planted in early July. Pkt. 12c; ½ oz. 35c; oz. 65c, postpaid.

CHIEFTAIN SAVOY

518—(88 days.) An All-America winner you should know more about. No strong cabbage taste. Flavor mild. Everybody can eat this one. This new All-America award winner deserves a place in your garden. Pkt. 20c; ½ oz. 60c; oz. 1.10, postpaid.

See Page 21 for CABBAGE PLANTS

There's not another vegetable where seed quality counts as much as with cabbage. All of our strains are carefully selected to assure best quality.

Start seeds 6 to 10 weeks ahead of outdoor planting time in the house, hotbed or cold frame. Space plants 18 in. apart in rows 2 to 3 ft. apart. If worms should happen to bother, use Gurney's Bug Dust.

Treat seed with Arasan before planting—see page 23.

COMBINATION CABBAGE OFFER

225X—1 Pkt. each of Danish Ballhead, Golden Acre and Premium Late Flat Dutch. All 3 packets for only 45c, postpaid.

SPINACH

NEW ZEALAND

211—(55 days.) Likes hot, dry weather. Gives a continuous supply of thick, tender, dark green leaves. Not a true spinach but mighty good eating. Pkt. 15c; oz. 35c; ¼ lb. 95c, ppd.

AMERICA

210—(50 days.) All-America award winner of delicious flavor. Leaves glossy, dark green, thick and heavy crumpled. 8 in. tall. Stands a long time. Pkt. 15c; oz. 40c; ¼ lb. 1.25, ppd.

KING OF DENMARK

207—(46 days.) Large compact tufts of dark green, crinkled leaves. Fine for canning. Pkt. 15c; oz. 25c; ¼ lb. 65c, postpaid.

222—TENDERGREEN (Mustard Spinach.) (28 days.) Finest mustard green with a creamy spinach flavor. Try this for something new, different and better. Pkt. 15c; ½ oz. 25c; ¼ lb. 59c, postpaid.

SWISS CHARD

220—(60 days.) Want good health? Then eat plenty of Swiss Chard. It will make more and better greens than any other vegetable. An immense yielder high in nutrients and vitamins. So easy to raise that more should plant it.

Pkt. 15c; oz. 30c; ¼ lb. 85c, postpaid.

KOHL-RABI The Aristocratic Cabbage

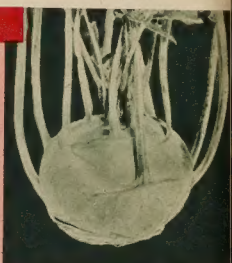

216—EARLY WHITE VIENNA. (55 days.) A member of the cabbage family with an edible turnip-like bulb which grows above the ground. Easy to raise. The sweet, fine grained, white flesh combines the flavor of both cabbage and turnip. A very good vegetable for home and market garden.

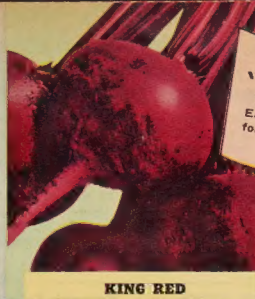

Kohl-Rabi should be used when about 2 inches through. Serve cooked like turnips, or eat raw. Be sure to plant at least one row of this fine vegetable.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

KALE or BORECOLE

232—DWARF GREEN CURLED. (55 days.) Can be used for boiling greens, creamed or chopped raw like lettuce for sandwiches and salads. The finely curled leaves are tender and delicious. Rich in vitamins. Easy to raise and yields immense crops. Pkt. 15c; oz. 40c, ppd.

"One of Each" BEET OFFER
200X—1 pkt. each of Perfected Detroit, Early Wonder, Detroit Dark Red. All for only 39c, postpaid.

PERFECTED DETROIT "All-America" Winner
602—(58 days). A re-selected strain of Detroit DARK RED. In our trial grounds it made the best showing of any for color, shape, uniformity. Medium in size and perfectly round. Rich, deep dark red with absolutely no white rings or streaks. No side roots. Flesh is sweet, tender and of good quality. Excellent for home garden, market, canning and freezing.
Pkt. 15c; oz. 45c; ¼ lb. 1.25, postpaid.

EARLY WONDER Deep Red and Early
607—(52 days.) A beautiful, smooth, globe-shaped beet with small neck and tap root. The flesh is an intense dark red and very tasty, being of good quality and sweet flavor. Very uniform in size and shape. Very early. A favorite with market gardeners, but many home gardeners prefer it too, particularly for fall planting. Good for bunching and winter use.
Pkt. 15c; oz. 45c; ¼ lb. 1.25, postpaid.

DETROIT DARK RED "World's Champion" Beet
604—(60 days). This dark red beet is a winner for every purpose. It is early and the small tops and globe-shaped roots make it ideal for bunching. The flesh is very dark red with faint rings. Very sweet and tender. One of the best winter keepers. More Detroit DARK RED are grown than all other varieties combined and that is simply because year after year it does better in gardens anywhere than most any other variety. If you can plant but one beet, be sure it is Detroit DARK RED.
Pkt. 15c; oz. 40c; ¼ lb. 1.10, postpaid.

KING RED Smooth and Uniform
608—(63 days.) Here is a new beet that is just as good as it looks. It is very smooth skinned and exceptionally uniform. More round than Perfected Detroit. An excellent uniform dark red interior. A fast developer and a very heavy yielder. Widely adapted. Has medium tops with glossy dark green leaf.
Pkt. 20c; oz. 50c; ¼ lb. 1.35, postpaid.

Gurney's BEETS
Beets are easily grown on any soil. Plant 1 in. deep in early spring. Thin plants to 3 in. in the row. Beets for winter use should be planted about June 1st. 1 oz. seed for 50 feet, 6 lbs. per acre. Gurney beet seed comes from the leading production centers of the country. Enjoy Health—Eat More Beets

MAMMOTH LONG RED
619—(110 days.) Very long and easily harvested as half the mangel grows above ground. They yield enormously—often 40 tons per acre. Individual roots sometimes weigh 20 pounds and are over 2½ ft. long.
1 oz. 25c; ¼ lb. 75c; ½ lb. 1.35, postpaid.

Giant HALF SUGAR ROSE
616—(90 days.) This is a half sugar beet and is sweeter and more nutritious than mangels. The oval, red roots weigh about 6 pounds each, are easily harvested, and are wonderful poultry feed.
1 oz. 25c; ¼ lb. 75c; ½ lb. 1.35, postpaid.

WHITE KLEIN WANZLEBEN
620—(90 days.) Sugar Beet. This has the highest sugar content of any sugar beet. The long roots are pure white, and under good conditions will yield over 15 tons per acre.
1 oz. 25c; ¼ lb. 75c; ½ lb. 1.35, postpaid.

HOW TO PLANT:
Handle mangels just like ordinary beets excepting you must give them more room. Space the rows 2½-3 ft. apart and then thin out the seedlings to 8 or 10 in. apart in the row. Sow the seed in April or May. Plant 1 oz. to 50 ft. of row; 6 to 8 lbs. per acre; 15 to 20 tons an acre are common yields. Be sure to harvest before freezing.

MANGELS
up to 20 Tons Green Feed per Acre

SID'S SPECIAL RADISHOFFER
\$75X—3 packets. One of each: White Icicle, Cherry Belle, Crimson Giant (a 47c value).
ONLY 39c POST-PAID

ALL AMERICA AWARD WINNER

Better RADISHES from Gurney's

FRENCH BREAKFAST Sweet and Tender
442—(23 days.) This fresh, crisp, oblong radish with its small tops has a brilliant scarlet color with a white bottom. The flesh is crisp, juicy, mild, sweet, and of splendid quality. Is a quick grower; especially popular for home gardeners and market. It can't be beat.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

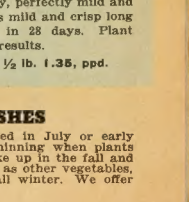

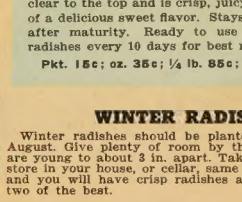

SPARKLER—Early Scarlet White Tip
444—(25 days.) This radish is one of our favorites. Try it and see if it won't be yours, too. It is a deep scarlet color with a distinct white tip. It is almost completely round and does not get hollow or pithy. A wonderful radish with sweet, crisp flesh, that stays fresh and crisp a long time after it matures. Be sure to plant some of this.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.
Control maggots and other garden soil insects, use 10% Aldrin (see page 23).

CHERRY BELLE
The Early Solid Radish
441—(22 days.) An All-America award winner. Round, red, smooth. Flesh white, sweet, crisp and solid. Its earliness and extreme uniformity make it a popular market variety, and the leading home garden choice, too. If only one radish could be planted, this new variety would be our choice.
Pkt. 17c; oz. 40c; ¼ lb. 95c; ½ lb. 1.45, postpaid.

SPECIAL RADISH MIXTURE

453—Now you can have radishes all season from one planting. Includes all the varieties pictured here and many others. All colors, sizes and shapes.
Pkt. 12c; oz. 30c; ¼ lb. 65c, postpaid.

WHITE ICICLE—The Gardener's Favorite
448—(28 days.) Besides being an excellent radish to eat right out of your own garden, White Icicle will make a good cash crop for you. It is an exceptional radish, even in size. Flesh is perfectly white clear to the top and is crisp, juicy, perfectly mild and of a delicious sweet flavor. Stays mild and crisp long after maturity. Ready to use in 28 days. Plant radishes every 10 days for best results.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, ppd.

CRIMSON GIANT Big, but not Pithy
437—(29 days.) Crimson Giant is remarkable because it grows almost twice the size of an ordinary radish, and yet does not become hollow. Flesh is mild, firm, crisp and sweet. Remains edible for a long time and does not get pithy. This brilliant crimson radish is one of the best for the home garden.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

NEW CHAMPION
1957 All-America Winner
460—(27 days.) Here is a clear, bright scarlet radish. It's a king sized edition of Cherry Belle that will delight you. Fine quality, large size, not pithy. Fine for home garden use. Gives a longer season supply of delicious radishes.
Pkt. 25c; oz. 65c; ¼ lb. 1.65; ½ lb. 2.95, postpaid.

EARLY SCARLET GLOBE
Tastes Good As It Looks
451—(24 days.) In offering this Scarlet Globe Radish we know we are offering one of the very best radishes on the market. It is earlier than any other market variety. The quality is so crisp and sweet that it always creates a demand for more. You will get an excellent yield of "top quality" radishes if you plant Early Scarlet Globe. It is one of our most popular varieties.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

MAMMOTH WHITE
456—(60 days.) A fine late fall variety. A favorite among gardeners for fall and summer markets. Solid white flesh of a mild, sweet flavor. Grows extremely large. Good keeper as it stays edible for a long time. Considered by many gardeners as one of the very best summer radishes.
Pkt. 12c; 1 oz. 30c; ¼ lb. 65c, postpaid.

CHINESE ROSE
454—(55 days.) This is a medium long, blunt-rooted radish with pink skin and pure white, mild flesh. Excellent for bunching or storage. Is a fine winter keeper. If you have never grown Winter Radishes try this one. We know you will like the quality and it will do the job for you.
Pkt. 12c; oz. 30c; ¼ lb. 65c, postpaid.

Early HAILSTONE
436—(25 days.) Extremely good, crisp and very solid. Looks like a large hailstone.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

COMET
440—(25 days.) Attractive bright clear red and globe shaped. Fine for bunching.
Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

Gurney's SWEET CORN

SEE ILLUSTRATIONS AT RIGHT

HYBRID SWEET CORN

HOW TO FREEZE: Use only best ears. Husk and silk. Drop ears in boiling water for 7 minutes. Take out and put in cold water. Cool as quickly as possible and drain well. Cut kernels from cob with sharp knife; don't cut too deep. Put in glass jars or regular freezer cartons, seal tightly, and freeze quickly. To prepare, add small amount of boiling water and cook as you would fresh corn. You can freeze corn on the ear, too.

HOW TO COOK: Select only sound, well-matured ears, and be sure you don't use the tough ones. The sooner you can use the corn after picking, the better the results because the sugar content and flavor start to change as soon as the ear is picked. Drop the ears into a kettle of boiling water to which a little salt has been added. Cook for 7 to 10 minutes. Take out and serve at once with plenty of butter and salt.

HYBRID SWEET CORN OFFER

172—This year you can enjoy sweet corn throughout the entire season. Here is a special blend of Hybrid Sweet Corns to give you an all-season supply with just one planting. These fine yellow hybrids are blended together to give you roasting ears from early to late. Varieties included are the finest. Triple size pkt. 15c; ½ lb. 40c; 1 lb. 70c; 3 lbs. 1.75, postpaid.

Gurney's Favorite Sweet Corn Offer

Now you can have more sweet corn, over a longer period than ever before. We've picked out 3 varieties that we believe top all others. An early, medium and a late variety. The right combination at the right price.

½ lb. Early Golden Beauty Hybrid, the early one.
½ lb. Carmelcross Hybrid, the medium-early variety.
½ lb. Hoosier Gold Hybrid, the late one

All 3 No. 155X for only **119** PPD.

HYBRID POPCORN

SO EASY TO GROW

Plant only HYBRID Popcorn. It outyields the open pollinated kinds. It has long, strong roots and resists drought and heat better. Vigorous growing habit and resistant to diseases. Farmer style and can be picked with a mechanical picker. Best of all—HYBRID Popcorn pops with a bigger volume, is more tender and tastes better.

HYBRID—White Hulls

193—(95 days.) This is one of the very finest white popcorns. An exceptionally heavy yielder that produces lots of ears on strong, sturdy stalks. Has what counts in any good popcorn. You will find it to be one of the very best for tenderness and quality. A true hullless type that will do the job and produce plenty of top-quality corn to help make your winter evenings at home more enjoyable. Triple size pkt. 20c; ½ lb. 50c; 1 lb. 85c; 3 lbs. 2.25; 10 lbs. 6.95, all postpaid. Write for prices on larger quantities.

Combination Hybrid Special

Hybrid White Rice
Hybrid So. American

140X—1 pkt. each of above .34, ppd.
145X—½ lb. each of above .89, ppd.
150X—1 lb. each of above .1.49, ppd.

HYBRID—White Rice

196—(100 days.) A new white hybrid that yields just about as much as the yellow hybrids. You'll get an extra large volume of the finest flavored popping corn you ever ate. It's tender, hullless and has an extremely large kernel of top quality. Triple size pkt. 20c; ½ lb. 55c; 1 lb. 90c; 3 lbs. 2.45; 10 lbs. 7.45, postpaid.

HYBRID—South American (Large Yellow)

198—(105 days.) A truly outstanding new hybrid of the South American type. Fine quality and flavor. Added vigor gives this corn the most uniform ear. Has made yields of 60 bushels or better per acre. Has a tremendous popping volume. Try this new selected strain. Triple size pkt. 20c; ½ lb. 50c; 1 lb. 85c; 3 lbs. 2.25; 10 lbs. 6.95. Write for prices on larger quantities.

MARCCROSS HYBRID (Early Giant Bantam)

178—(65 days.) The sweetest, finest, earliest home garden corn. Ears are 6 to 7 inches long, rich yellow and filled with sweet kernels. A fine early market garden corn, for roasting ears, canning and freezing. Triple size pkt. 20c; ½ lb. 48c; 1 lb. 85c; 3 lbs. 1.95, postpaid.

CARMELCROSS (Sweet Cross Hybrid)

175—(75 days.) This corn means dollars to the market gardener and lots of roasting ears to the home gardener. Flavor and quality are hard to beat. Excellent yielder and bears over a long period. The large, golden yellow ears are long, sweet and tender. Triple size pkt. 20c; ½ lb. 48c; 1 lb. 80c; 3 lbs. 1.65, postpaid.

WHITE GOLD HYBRID Best Quality White

188—(78 days.) This 12-rowed, 7-inch eared Hybrid has unusually fine flavor. Early enough to give you a good crop for market but one of the finest for home use too. Usually at its prime in about 78 days. Triple size packet 25c; ½ lb. 48c; 1 lb. 85c; 3 lbs. 2.45, postpaid.

IOCHIEF HYBRID Gold Medal Winner

176—(89 days.) One of the most outstanding sweet corn introductions in years! A Gold Medal Winner. Ears 16 to 18 rows, 8½ to 9 in. long. Kernels deep, narrow, golden colored, sweet, juicy, delicious. Stalks to 7½ ft. tall. Ideal for roasting ears and freezing. Try IOCHIEF. Triple size pkt. 20c; ½ lb. 48c; 1 lb. 85c; 3 lbs. 1.95, postpaid.

OPEN POLLINATED SWEET CORNS →

GOLDEN BANTAM

Favorite of All

177—(80 days.) The standard yellow sweet corn. A heavy producer of fine roasting ears, usually 2 to 3 stalks. Ears 8½ to 9 in. long. 8-rowed, deep kernels. Rich golden sweet corns are judged. Tender, sweet and deliciously flavored. If you want the best for your table, plant Golden Bantam. Triple size pkt. 16c; ½ lb. 35c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

GOLDEN CROSS BANTAM (Purgold Hybrid)

171—(85 days.) This is a wonderful new Hybrid Sweet Corn. Large, deep-kernelled ears with a tasty sweet flavor. Outyielded all other corns in our trials at Yankton. Only 5 days later than Golden Bantam. Exceptionally good for canning, freezing and roasting ears. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 80c; 3 lbs. 1.85, postpaid.

TENDERMOST One of the Best

180—(81 days.) A new main crop corn we think is about the best of all. Large, deep-kernelled ears with a nut-like flavor. Grand for freezing, canning or roasting ears. A vigorous grower, capable of standing hot, dry weather. Triple size pkt. 20c; ½ lb. 48c; 1 lb. 85c; 3 lbs. 1.95, postpaid.

HOOSIER GOLD Excellent Quality

181—(80 days.) New, delicious, most popular variety in our test gardens last season. Has excellent quality, big 8- to 9-inch ears, and bright, golden-yellow kernels. Very fine flavor. Stalks bear 2 ears each. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 80c; 3 lbs. 1.95, postpaid.

GOLDEN BEAUTY "All America"

187—(65 days.) The early, big cylindrical ears with big golden-yellow kernels will literally melt in your mouth. Its delightful flavor makes it a favorite home garden variety and excellent for the market too. Enjoy sweet corn at its best with Golden Beauty. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 80c; 3 lbs. 2.49 ppd.

GOLDEN SUNSHINE

Large-Eared Early

174—(76 days.) Originated by North Dakota Agricultural College for Dakota growing conditions—but always does well anywhere. The ear is 12-rowed and 7 to 8 inches long, a heavy bearer of sweet and tender ears. Fine for home or market gardener, particularly for summer use. Are fairly cool and growing season is short. Triple size pkt. 16c; ½ lb. 35c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

Grow popcorn like this in your own backyard IT'S BETTER-COSTS WAVELESS!

SQUASH

Squash are delicious baked, in pies or boiled. And there is always a profitable market for good squash. Grow your squash in fairly loose soil and be sure to give them plenty of room. For best results, don't plant seed until the soil is well warmed up. Be sure to keep them free from weeds. One ounce plants 40 to 50 hills. To control disease and insects use Gurney's Bug Dust (see page 22).

WARTED HUBBARD

745—(110 days.) More Hubbard Squash are raised than any other kind. They are large, oval-shaped, with a very hard, warty rind which makes them best as winter keepers. The thick yellow flesh is always sweet and dry when cooked. There is always a market for them. Pkt. 15c; oz. 40c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

TABLE QUEEN

752—(80 days.) This is the perfect individual squash. Delicious, firm flesh, very sweet, of excellent quality. Fine for halving and baking. Cooks dry and mealy. A good keeper. Pkt. 15c; oz. 40c; ¼ lb. 95c; 1 lb. 2.45, postpaid.

BUTTERCUP

742—(100 days.) George says this is the finest of all squash and we think you will agree too. Extra fine flavor, thick, deep orange meat, and family size. Fine for freezing. Buttercup has been and probably always will be one of the favorite squash with gardeners all over America. Pkt. 20c; oz. 60c; ¼ lb. 1.35; 1 lb. 2.85, postpaid.

DELICATA

741—(110 days.) A small squash of unusual quality. Has smooth skin, a light golden color, striped green. Flesh is thick, sweet, and of fine texture. Extremely productive and you'll agree it's one of the finest you ever tried. Seed supply is very limited. Pkt. 20c; oz. 65c, postpaid.

BUSH SCALLOP

747—(50 days.) Medium white summer squash. Fruit 3 in. deep, 8 in. across, round with scalloped edges. Flesh pure white, fine flavor. Best for boiling or stewing. Pkt. 15c; oz. 35c; ¼ lb. 85c; 1 lb. 2.35, postpaid.

CASERTA

"The All America" 740—(45 days.) Thick, firm and delicious fruits that are 15 to 18 inches long and 4 to 5 inches in diameter. Very prolific bush-type plants that are extra early and a real home gardener type. Pkt. 20c; oz. 50c; ¼ lb. 1.35; 1 lb. 3.45, postpaid.

BANANA SQUASH

Heavy Yielding 736—(115 days.) The heaviest yielding of all squashes. The big vines produce 8 to 10 squash that grow 2 ft. long, and weigh 20 lbs. each. Shell grayish green, and flesh beautiful orange-yellow. One of the best. Pkt. 12c; oz. 35c; ¼ lb. 85c; 1 lb. 2.35, postpaid.

Gurney's GROW-YOUR-OWN CUCUMBERS

How To Plant Cucumbers

Cucumbers will grow most anywhere, but they like reasonably rich soil. Plant plenty as you may lose some seedlings. Do not crowd them. Make hills at least 4 to 6 ft. apart, planting about a dozen seeds to the hill. An ounce of seed is enough for 100 hills. Scatter seed so hill will be at least 8 in. in diameter. Plant at corn planting time when soil is warm. Late plantings may be made in June and early July. For good pickles we suggest Early Hycrop Hybrid; but for slicing, the new Early Surecrop Hybrid is by far the best.

USE GURNEY'S BUG DUST ON CUCUMBERS

Thousands of our customers have found our special formula Bug Dust to be of great help in controlling cucumber beetles. Gurney's Bug Dust has three ways in action. (1) It is a stomach poison. (2) It is a contact poison. (3) It is a fungicide. Don't wait for garden pests to take your cucumbers.

4026—Bug Dust Prices: 1 lb. 79c; 3 lbs. 1.69; 5 lbs. 2.69, postpaid.

Special Bug Dust Offer

4104X—2 lbs. of Gurney's Bug Dust, plus a metal dust gun that really does a job. 1.98, postpaid.

Earliest of All Black Diamond Market

EARLIEST OF ALL—The Extra Early One 354—(53 days.) This prolific cucumber grows about 7 in. long. It is a beautiful dark green with lighter green stripes at the blossom end. Flesh is high quality and crisp. One of the best for home gardeners. Those who want an extra-early cucumber should plant this. Pkt. 18c; oz. 45c; ¼ lb. 1.05, ppd.

BLACK DIAMOND—For Early Shipping

359—(40 days.) Black Diamond is early, coming into bearing right after Everbearing and National Pickle. Is an attractive dark green from end to end. Grows about 7 or 8 in. long, is cylindrical in shape with blunt ends. It is one of the finest cucumbers for small pickles or early shipping. Pkt. 18c; oz. 45c; ¼ lb. 1.05, ppd.

MARKETER—An "All America" Winner 366—(58 days.) Here is one of the newer slicing varieties. This All America Award winner produces fruit that is eight to ten inches long and two and a half inches thick. It is long and slim with fairly rounded ends. The flesh is a solid white with white spines and a rich dark green color. Fine for slicing. Pkt. 20c; oz. 55c; ¼ lb. 1.15; 1 lb. 2.95, postpaid.

EARLY PROLIFIC STRAIGHTNECK

DELICATA

CASERTA

GOLDEN DELICIOUS

BUSH SCALLOP

BANANA SQUASH

Early Prolific Straightneck

Best Summer Squash 744—(50 days.) Creamy yellow fruits edible from the time they reach 6 in. in length until fully grown. A heavy yielding, bush-type plant. Easily prepared straight-neck fruits are fine for home gardeners. Pkt. 15c; oz. 45c; ¼ lb. 1.20; 1 lb. 2.95, postpaid.

GOLDEN DELICIOUS

Delicious Deep Golden 738—(102 days.) Its thick golden flesh is sweet and not watery. Fine for canning and freezing. Med. size 8 to 7 lb. squash are very good keepers. Pkt. 18c; oz. 40c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

\$2.19
BOTH FOR ONLY **ppd.**

SMALL SUGAR

SMALL SUGAR—Finest For Pies

766—(113 days.) Smaller than Connecticut Field, but
of finer grain, sweeter and very prolific. Pumpkins
about 7 in. in diameter. Color is bright orange. Small
Sugar is one of the best for pumpkin pies as the orange
flesh is moist and delicious. The original New England
pie pumpkin. No better all-around variety. Pkt. 15c;
oz. 30c; 1/4 lb. 75c; 1 lb. 1.85, postpaid.

DICKINSON—The New Pie Pumpkin

762—(110 days.) Rich, golden colored flesh. So good
additional sugar, starch or coloring is unnecessary. The
brilliantly colored flesh makes attractive pies. Pkt. 15c;
oz. 30c; 1/4 lb. 65c; 1 lb. 1.65, postpaid.

CONNECTICUT FIELD—For Pies and Stock

764—(120 days.) A good keeper and an immense
yielder of fine stock food; pumpkins often weigh 100
lbs. each. Makes fine pies, too. Pkt. 15c; oz. 30c; 1/4 lb.
65c; 1 lb. 1.65, ppd.

MAMMOTH KING—The Biggest Of All

769—(120 days.) 100 lb. pumpkins not unusual. An
enormous yielder. Flesh thick, bright orange, of fine
quality. Pkt. 15c; oz. 30c; 1/4 lb. 75c; 1 lb. 1.85, post-
paid.

HALLOWEEN—Perfect for Jack-O-Lanterns

763—(110 days.) This new variety has especially deep,
fine-grained flesh so sweet and such a rich orange-yellow
color. Average about 3 in. across; so ideal for Jack-O-
Lanterns. Fine for cooking and pies, too. Pkt. 25c;
oz. 45c; 1/4 lb. 1.35, postpaid.

Special
"CUKE" Offer
300X—Three of our finest.
1 pkt. Everbearing
1 pkt. Earliest of All
1 pkt. Straight Eight
All 3 only **39c** postpaid

Early Surecrop Early Hycrop

"SURECROP" HYBRID

—The Award Winner

369—(60 days.) This new hybrid
won a bronze medal in the All-
America trials. It is deep green, 8
in. or more in length with small
cavity. Excellent quality and crisp.
The best slicer we know of. Pkt.
35c; 1/2 oz. 2.95; 1 oz. 4.95, postpaid.

"HYCROP" HYBRID

Perfect for Pickles

356—(54 days.) With this new
introduction you can enjoy plenty
of pickles. This true first genera-
tion Hybrid is outstanding in vigor
and yield. Blocky 5 to 6 in. cukes
are ideal for pickling. Heavy
yielder. Pkt. 35c; 1/2 oz. 2.95; 1 oz.
4.95, postpaid.

Early Fortune Everbearing

EARLY FORTUNE

—Fine for Slicing

365—(60 days.) The most vigor-
ous grower and an old favorite.
Resistant to disease. Yields tremen-
dously. Long dark green with
small seed cavity. When fully
grown, cucumbers measure up to
9 inches long. Flesh is white, crisp
and very tasty. Holds color well.
Can be used for small pickles or
large slicers, market and shipping.
Pkt. 15c; oz. 45c; 1/4 lb. 95c; 1 lb.
2.65, postpaid.

EVERBEARING

—Pickles All Summer

353—(55 days.) Very early. Liter-
ally covers the ground with its fruit
until killed by frost. Fruit is medium
size and rich, dark green in color.
The fruits are short and blocky—
perfect for small pickles. It pleases
everyone. Pkt. 15c; oz. 45c; 1/4 lb.
95c; 1 lb. 2.65, postpaid.

Straight Eight

STRAIGHT EIGHT—Slicers Delight

362—(66 days.) An All-America
Prize Winner. Perfectly straight,
it grows about 8 inches long and
1 1/2 inches through. Firm fleshed,
nearly seedless, and dark green
from end to end. Flesh is crisp,
thick, tasty and of high quality. A
bushel of Straight Eight is an eye
catcher. Excellent for slicing, ship-
ping or dills. Pkt. 15c; oz. 50c; 1/4 lb.
1.05; 1 lb. 2.95, postpaid.

National Pickle

NATIONAL PICKLE—Real Early

352—(54 days.) Developed specifi-
cally for the National Pickle Packers
Assn. Very early and productive. A
beautiful dark green. The small
pickles are rather short and thick,
while larger sizes are smooth and
cylindrical with rounded ends. Flesh
thick with no hollow sides. Pkt. 15c;
oz. 45c; 1/4 lb. 95c; 1 lb. 2.65, post-
paid.

ALL-AMERICAN PARSNIP

Best Variety of All

271—(105 days.) The best and most popular variety of all. Vigorous grower, very dependable, superb sugary flavor. Roots about 3 inches in diameter and shoulders taper to a smooth point. Hollow crown, white flesh. Exceptional quality. Tender and delicious in the fall after a frost. Sow seed in early spring in rows 2 to 3 ft. apart and cover with 1/2 in. of fine soil. Thin seedlings to about 4 to 6 in. apart. May be stored for winter use or some left in ground all winter to be used in early spring. Pkt. 15c; oz. 35c; 1/4 lb. 95c, postpaid.

CELERY

662—GOLDEN PLUME. (118 days.) We recommend this new self-blanching variety to both home and market growers. Very early, a beautiful golden yellow and always crisp, tender, and stringless. Flavor distinctly nut-like and rich. It's easy to grow and so much better than "store-bought" celery. Pkt. 15c; 1/2 oz. 45c, postpaid.

661—GIANT PASCAL. (140 days.) This is the largest celery grown. Stalks are very tall and heavy, and when blanched are yellowish white. Flavor is nutty and rich. The heaviest yielder. Best winter keeper. Pkt. 15c; 1/2 oz. 45c, postpaid.

208—CELERIAC. Large Smooth Prague. (120 days.) A variety of celery having turnip-shaped roots used for seasoning soups, meats, and in salads. This variety is the best, largest, and very easy to raise. Pkt. 15c; 1/2 oz. 35c, postpaid.

Curled Garden Cress

243—(40 days.) For flavoring salads, garnishing, or with lettuce in salads. An agreeable, peppery taste. Foliage deep green, finely curled. Best used when young. Grows easily and quickly. Pkt. 15c; 1/2 oz. 29c; oz. 49c, ppd.

OKRA or GUMBO

236—Extra Early Dwarf Green. (55 days.) Delicious for stews, flavoring soups, and for salads. Easy to raise and yields immense crops. Plants grow 3 to 4 ft. tall and are very productive. Pods pointed, dark green, slender and slightly ribbed. Use when from 1 to 2 inches long. Pkt. 15c; oz. 35c, postpaid.

LEEK

231—(130 days.) This giant white is the largest and best of the Leek family. Stalks are often 12 in. long and 2 in. in diameter. Soups and salads flavored with Leek are delicious. If you like delicious home-made soup, grow Leek for seasoning. Pkt. 15c; 1/2 oz. 35c, postpaid.

PARSLEY

Champion Moss Curled

217—(70 days.) A beautiful curled variety, fine for garnishing and for seasoning soups and salads. Easy to grow in the garden or in pots during winter. Mostly used green, but leaves may be dried and kept in bottles for winter use. Pkt. 15c; 1/2 oz. 25c; oz. 45c, postpaid.

Hamburg Parsnip Rooted

221—(90 days.) Has the same flavor as regular parsley, but has small parsnip-shaped roots that are used for flavoring soups, stews, etc. Leaves are plain and can be used like ordinary parsley. Pkt. 15c; 1/2 oz. 25c; oz. 45c, postpaid.

ENDIVE For Salads and Greens

234—(90 days.) Easy to raise and good to eat as greens or in salads. Makes large plant up to 16 in. across. When fully grown, the over the outer leaves to blanch making beautiful creamy white heads. Eat like lettuce or cook like spinach. Pkt. 15c; oz. 35c, postpaid.

ASPARAGUS

Mary Washington

200—Everyone likes Asparagus. It is easy to raise and will last a lifetime. Mary Washington is the largest of all and is rust-resistant. Is tender, rich flavored, and is not stringy. Don't let another year pass without an Asparagus bed. Pkt. 15c; oz. 35c; 1/4 lb. 95c, postpaid.

BROCCOLI

Italian Green Sprouting

209—(70 days.) Just as easy to raise as cabbage and as good as cauliflower. No solid heads are formed but you will have an abundance of light green, tender sprouts which are delicious when creamed or when used for greens. Always use the central head first. New side shoots will follow and they in turn can be used. Make two seed sowings. Sow early for a summer crop and follow with a mid-summer seedling for a fall crop. This one is an especially good strain for freezing. Everyone likes it. Pkt. 15c; 1/2 oz. 35c; oz. 65c, postpaid.

CAULIFLOWER

Snowdrift

223—(70 days.) The finest early market and home use variety. Very productive. Sure to head. Has beautiful snowy white, uniform heads. Dwarf, compact grower. Short-leaved type. For main crop (fall) sow seed thinly in specially prepared seed bed about 4 months before first anticipated frost. Thin out seedlings in bed. Set out plants about 2 ft. apart in rows 2 1/2 to 3 ft. apart. Let grow until heads fully formed. Fine for freezing. Pkt. 20c; 1/4 oz. 90c; 1/2 oz. 1.85, postpaid.

GURNEY'S

HOW TO PLANT MUSKMELONS

Muskmelons like a warm season and warm, rich, sandy soil. Plant in hills, 6 or 8 ft. apart, using about a dozen seeds to the hill. Plant about corn planting time. Keep weed-free and use Bug Dust to control bugs. An ounce of seed is enough for about 100 hills. For home use don't pick until the stems let go easily when you turn the melon over. We are proud of our Muskmelons. All the seed comes from fields grown for seed purposes only; that means you get the best!

HEARTS OF GOLD

Deep, Golden & Sweet

345—(92 days.) Mighty tasty, clear to the rind. Medium-early, very productive, and one of the best shipping melons. The flesh is sweet, thick, firm and solid. Heavily ribbed. Pkt. 15c; oz. 35c; 1/4 lb. 95c; 1 lb. 2.65, postpaid.

Standard ROCKY FORD

The Early Green-Fleshed Melon

334—(88 days.) So sweet and luscious its green flesh can be eaten close to the rind. Fruits are oval-shaped, firm and solid. Weight 1 1/2 to 2 lbs., slightly ribbed. 1/4 oz. 35c; 1/4 lb. 95c; 1 lb. 2.65, postpaid.

FINEST

Loved by Young and Old

Who doesn't enjoy a fresh, sweet, ripe watermelon? And they always taste better if they are from your own patch. Even backyard and city gardeners can have a few hills of melons. Anyone can raise them. Melons like warm rich sandy soil. Large ones should be planted (six or eight seeds to the hill) 10 ft. apart each way. Midget and Ice Box types, 6 ft. apart. Do not plant until frost danger is past. Dust with Gurney's Bug Dust to control beetles. One ounce seed will plant 50 hills; three pounds to the acre. Our favorites are Dixie Queen Hybrid and Ice Box but we like them all.

Finest WATERMELON OFFER

900X—Here is a watermelon collection especially selected by "George" for you small gardeners. He has chosen 4 of our most popular varieties.

1 Pkt. Black Diamond
1 Pkt. Early Kansas
1 Hybrid Dixie Queen
1 Pkt. Congo
All 4 Large Packets only 59c, ppd.

Sunflower Seed

For Birds

240—Don't know of any birds that don't really go for Sunflower Seed and when you can help sustain them when the ground is covered with snow and ice. You will get many times your small investment back in real enjoyment from watching the birds have a feast. 4 lbs. 1.59, postpaid.

"Jumbo" SUNFLOWERS

239—(80 days.) This Russian type produces immense heads, as much as 20 inches in diameter, and yields of 50 bushels per acre are not uncommon. The seed can be eaten by humans (parching necessary) or used for chicken feed. The stalks make silage said to be more nutritious than corn. Quite pretty, too. Pkt. 15c; oz. 30c; 1/4 lb. 90c; 1 lb. 95c, postpaid.

Raise this Gourmet's SEASONING GARDEN

Your reputation as an outstanding cook can really "soar to the top." Just grow these 6 easy to raise "home seasoners" in your own garden.

CITRON

721—(90 days.) Used exclusively for preserving or pickling. The rind is dark green, distinctly striped with light green. You may plant beside regular melons, as they will not harm them. Pkt. 15c; oz. 35c, ppd.

GARDEN LEMON

344—(90 days.) Vine similar to muskmelon; requires same cultivation. Fruit size of a large peach. For pickles, pies and preserves. Pkt. 15c; 1/2 oz. 35c, postpaid.

CHIVES

311—Schnittlauch—(80 days.) This perennial plant of the onion family is used for seasoning soups, salads, and stews. It is easy to get started and once established will grow for many years. Pkt. 15c; 1/4 oz. 35c, postpaid.

800X—1 pkt. each of all 6 seasonings listed above for only 69c, postpaid.

PEANUTS

For Early Northern Gardens

219—Spanish Type. We have been growing peanuts in South Dakota for a long time and the variety we are offering is early enough to get ripe in a normal season. Nuts are small and of fine flavor. Pods usually contain two kernels, with many pods on the vines.

This Early Northern Spanish variety will stand lots of dry weather and still yield an immense crop of delicious nuts. Plan on planting some peanuts for the children.

With each order for peanuts, we send full instructions.

Peanuts are easy to grow, easy to roast, and easy to eat. If you don't think so, take a pan of home-grown peanuts, put them in the oven for about 30 minutes and eat while they are still hot. Good! Of course they are, and that is a wonderful way to pass some of the long winter evenings.

Triple Size. Pkt. 15c; 1/4 lb. 45c; 1 lb. 65c; 3 lbs. 1.55, postpaid.

BLACK DIAMOND

Most Popular of All!

715—(90 days.) Black Diamond is the favorite for home and market use and most widely planted of all melons. Large, round, dark green and the 35 to 40 lb. melons are sure to please you. Flesh is bright red, crisp, sweet and of excellent flavor. Dark seeds. This is one variety you will want in your garden this year. YOU CAN'T BEAT IT. Pkt. 15c; oz. 45c; 1/4 lb. 95c; 1 lb. 2.25, postpaid.

For best results, treat your garden seed with Arasan, No. 4066—Garden Size. Pkg. 50c, postpaid.

MUSKMELONS

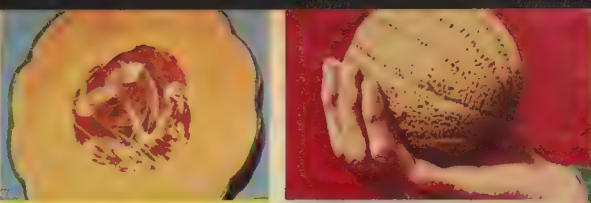

FAR NORTH Earliest of All

339—(65 days.) A home garden favorite. Grows anywhere but especially fine for northern gardens. Improved by the Dominion Experiment Station at Morden. Four to five inch fruits on small vines. Salmon-colored flesh of excellent quality. Very sweet and juicy. A heavy bearer. Pkt. 20c; oz. 65c; ¼ lb. 1.65, postpaid.

PRIDE OF WISCONSIN

332—(90 days.) A very fine home garden melon. Brilliant orange flesh, thick, firm and fine flavor. Pkt. 18c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.95, postpaid.

MILWAUKEE MARKET

337—(78 days.) This is the biggest, best flavored early muskmelon for home use or home market. Often weighs over 10 lbs., and the sweet, spicy, golden flesh is sometimes 5 in. thick! Will stand more heat, drought and lack of care than any other melon and still produce a good crop. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

PENNSWEET

346—(75 days.) An All-America winner noted for its earliness, small size and delicious, thick, juicy, sweet orange flesh. A perfect home garden melon that is fine for individual servings. Pkt. 20c; oz. 65c; ¼ lb. 1.65; 1 lb. 3.45, postpaid.

HONEY ROCK

Sweet As Sugar
336—(80 days.) This variety has long been a favorite of market and home gardeners. Has about the deepest, sweetest, firmest flesh you have ever tried and a beautiful golden-salmon color, too. This one is a dandy in any garden. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.95, postpaid.

HALE'S BEST

Best All-Around Melon
333—(83 days.) Here is about the best all-around melon—one that is a money maker. Just the right size to serve halved. Of wonderful quality, the salmon-colored flesh is very thick, and seed cavity is small. Hale's Best is very early, heavily netted, and a good shipper. You'll like it. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

GOLDEN CHAMPLAIN

Early and Sweet
341—(76 days.) Still one of the very earliest and one of the very best. It blossoms and sets fruit as soon as it starts to run. Has medium thick salmon flesh that is sweet and juicy. An especially good melon for home and local market. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

GOLDEN DELIGHT

For Home Garden or Market
338—(88 days.) You will be delighted to serve this new All-America award winner. Medium sized fruits, rather oval shaped, with extra-good quality thick orange flesh and fine spicy flavor. The wide shallow ribs and open netting make it attractive. A most delicious variety. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.95, postpaid.

Improved PERFECTO

Golden Ice Cream
335—(90 days.) Here is the melon for sundae. An ordinary dipper of ice cream just fills this melon because cavity is small. 5- to 6-in., almost round melons. Will outlast any melon because of fine appearance, thick yellow flesh and delicious flavor. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

WATERMELONS

ICE BOX The Home Garden Favorite

Your choice of red, yellow or white flesh and all of the three are the sweetest and earliest melons we know of. Best of all, the size is just right to fit into the refrigerator shelf. Perfect for individual servings. Ice Box melons probably have the thinnest rind of any on the market and the rich, crisp flesh is of exceptionally fine flavor. It will be a favorite of everyone that has ever raised watermelons. Matures in 70 days.

726—ICE BOX. Red. A favorite of most home gardeners.

727—ICE BOX. White. Very tasty. Makes attractive fruit plate.

728—ICE BOX. Yellow. Has unusual flavor and the choice of many.

Your choice of above: Pkt. 25c; oz. 55c; ¼ lb. 1.15, postpaid.

Mother Gurney's Ice Box Offer

700X—1 packet each of all 3 colors above for only 65c, postpaid.

NORTHERN SWEET

Earliest and Sweetest

714—(70 days.) Melons weigh from 12 to 15 pounds and flesh is scarlet, very sweet and fine grained. Is a very heavy bearer, often producing 10 to 12 melons to a hill. Our really northern customers should probably plant this one as you will always get under the wire with this fine melon. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

EARLY KANSAS

The Red Seeded Hutchinson

716—(80 days.) This is one of the most widely planted of all watermelons. In large, nearly round and has a beautiful dark green rind with lighter stripes. The melons weigh from 30 to 40 pounds apiece. Has rich red flesh of excellent flavor. Fine for home or market gardens and for shipping. Pkt. 15c; oz. 45c; ¼ lb. 95c; 1 lb. 2.25, postpaid.

Hybrid Dixie Queen

The Best of All Melons

723—(90 days.) This is one we're really proud of, as it's our own origination. Melons weighing from 35 to 50 lbs. Hybrid Dixie Queen can take dry weather and still stay in eating condition better than the ordinary Dixie Queen. Its hybrid vigor gives it disease resistance. Flesh is deep red, fine grained and free from stringiness; sugar-sweet and crisp, too. Ready for eating around the middle of August. Don't miss this one. Pkt. 35c; ¼ oz. 85c, postpaid.

NEW HAMPSHIRE MIDGET

Easy to Serve—Sweet as Sugar—Refrigerator Size

713—(65 days.) Try this improved icebox size watermelon. Perfect for the refrigerator and its small size makes it just wonderful for individual servings. Imagine a melon only seven to eight inches long. Has a very sweet, rich flavor and crisp, red flesh. Very thin rind. This fine new melon deserves a place in your home garden and you'll be glad you gave it a try. Pkt. 20c; oz. 45c; ¼ lb. 1.25; 1 lb. 3.25, postpaid.

CONGO

Sugar-Sweet Flesh
704—(88 days.) This variety won the All-America Bronze Medal and is a U.S.D.A. development that is rapidly gaining popularity. It seems like our customers who plant Congo always reorder the following spring. You'll have loads of 35 to 40 lb. melons with deep red, sugar-sweet flesh. Ideal for market or home garden use. One of the finest all-around melons we are offering and you should certainly give it a try. Pkt. 15c; oz. 45c; ¼ lb. 95c; 1 lb. 2.25, postpaid.

DIXIE QUEEN

Always Dependable

722—(80 days.) You'll get lots of 30 pound melons from Dixie Queen. The outside is a light green color with narrow dark green stripes which makes it especially attractive. Its dark pink flesh which is very firm and of nice texture almost melts in your mouth. Dixie Queen is a very heavy producer and is always a dependable variety for home and market growers. Be sure you include a packet or two on your order this spring if you want a truly fine watermelon. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

GOLDEN HONEY

The Big Golden Beauty

718—(88 days.) This one has better quality than most of the red watermelons on the market today. Its sparkling golden flesh and brown seeds give it an extra appeal to those that like an extra fine melon. A real favorite of home gardeners and one of the sweetest and tastiest you've ever eaten. If you've never tried a yellow or golden-fleshed watermelon, you can't go wrong with Golden Honey Sweet. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

Kleckley's Sweet No. 6

The Wilt-Resistant Melon

724—(85 days.) Everyone can enjoy the delicious flavor and richness of this fine red-fleshed melon. They're big too, in fact they'll weigh from 30 to 35 pounds apiece. It's a solid, dark green melon that is "tops" for home and market use. If you have had a problem with wilt, be sure and try Kleckley's Sweet No. 6. It's a good melon that you can bank on to give results year after year. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

Winter Watermelon

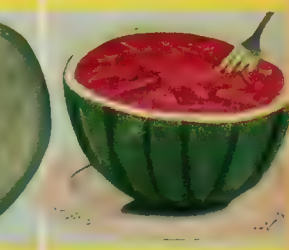

Keeps All Winter

717—(85 days.) In late fall when other melons are gone, go to the barn or strawstack where they are stored, get a big, round Winter Watermelon, so crisp that sometimes it will split wide open when you stick a knife into it. Flesh bright scarlet and of exceptionally fine quality. Sweet and delicious. Winter Watermelon's are nearly white and will generally weigh from 15 to 20 pounds apiece. You will have melons for a long time with this variety. Pkt. 15c; oz. 35c; ¼ lb. 75c; 1 lb. 1.95, postpaid.

EARLY CANADA

For Northern Areas

701—(75 days.) This new Canadian melon is earlier than our American melons. Firm, red, sweet flesh of good quality. Recommended for planting as far north as melons have ever been grown. The melons weigh 10 to 15 pounds apiece and have a beautiful light green skin. Beyond a doubt, one of the best melons for you folks living way up in the northern melon area and you southern growers will be eating melons earlier with this variety. Pkt. 15c; oz. 30c; ¼ lb. 65c; 1 lb. 1.95, postpaid.

ONIONS

WHITE LISBON Bunching Onions

314—Absolutely the best for early onions. Does not form bulbs. Long, slender, silver-white stalks. Produces clusters of four or five. Mild and sweet. Extremely hardy and will winter over without protection. Seed planted in spring makes onions by midsummer and seed planted in fall makes onions in early spring. A hardy perennial. Pkt. 20c; ½ oz. 45c, postpaid.

WHITE SWEET SPANISH

313—(115 days.) A fine, large, sweet white onion. Stores well over a long period of time. Very fine grained, of excellent quality and has mild, sweet flavor. Yields as well as the Yell. Swt. Spanish and keeps better than Bermuda. Does well in northern sections with onions weighing over a pound each. Pkt. 20c; oz. 85c; ¼ lb. 2.25, postpaid.

YELLOW SWEET SPANISH

303—Utah strain. (112 days.) Largest and mildest of all. Fine for the north. Bulbs are globe-shaped, small necks, firm, golden-yellow skin. Mild, pleasing flavor. Yields of 1000 bu. per acre are common. Pkt. 20c; oz. 85c; ¼ lb. 1.95; 1 lb. 5.95, postpaid.

Southport YELLOW GLOBE

302—(110 days.) Probably best keeper of all yellow onions. A big yielder, too. Onions remarkably uniform and mature at same time. Bright golden yellow in color. Flesh creamy white and fine grained. Deep globular shape with thin neck and full shoulder. A good keeper. For home or market garden. Pkt. 15c; oz. 65c; ¼ lb. 1.85; 1 lb. 4.65, postpaid.

Southport WHITE GLOBE

307—(110 days.) Here is the best white onion you can cultivate. Also one of the most beautiful. Large and perfectly round. Flesh pure white, mild flavored, sweet and juicy. Paper-white skin. A main crop variety. Good keeper. Excellent quality. Pkt. 15c; oz. 75c; ¼ lb. 1.95; 1 lb. 5.55, postpaid.

Southport RED GLOBE

309—(110 days.) This Red Globe has been raised in South Dakota for many years. Glossy deep red, large and round. Flesh mild, pleasant and fine grained. Wonderful keeping qualities. Yields heavy. Pkt. 15c; oz. 65c; ¼ lb. 1.85; 1 lb. 4.65, postpaid.

It's Easy to Raise ONIONS FROM SEED

Grow onions from seed, sets or plants—all 3 are listed. The seed is western-grown. Our sets are from the finest seed stock and the plants are grown by one of the best growers in Texas.

Onions From Seed: Prepare the soil in Fall or early Spring and sow EARLY in Spring. Cover not over ¼ in. deep. Make rows 16 to 18 in. apart, depending on the method of cultivation. One ounce of seed will sow 100 ft. of row. Onions like rich soil, plenty of cultivation. Harvest when tops fall over. Store in shallow, well ventilated crates or hang up by tops.

George's SPECIAL ONION OFFER

375X—1 bunch Yellow Sweet Spanish plants, 1 bunch White Bermuda plants, 1 lb. Yellow Bottom onion sets. Regular 1.85 value for only 1.45, postpaid.

ONION PLANTS

See also onion and cabbage plant collection on page 21

G18—Sweet Spanish. Large, yellow, mild, and sweet.

G19—White Bermuda. (Crystal Wax.) Pure white. Extremely mild and sweet. None better for table use.

2 bunches 1.39 10 bunches 4.45
3 bunches 1.79 20 bunches 6.95
5 bunches 2.69 30 bunches 8.95

Price, Postpaid.

Note: Approximately 100 onion plants per bunch. Actual count varies with size of plants.

How to Plant ONION SETS

Onion sets should be planted real early in the spring. Plant them deeply if you want best green onions. The onion bulbs naturally grow on the top of the soil so don't throw too much soil against them when cultivating. One quart will set 50 feet of row. Harvest when half the tops have fallen.

ONION SETS

Many gardeners plant sets for early green onions. By growing large onions from sets instead of from seed, you can market them much earlier while the price is high. Our sets are small-sized as they are the favorite and will go farther than large ones.

POSTPAID PRICES:

317—Yellow Bottom Sets: 1 lb. (approximately 1 quart) 49c; 4 lbs. 1.40; 8 lbs. 2.69, postpaid.

No red or white sets available as we believe the yellow sets are best for early green onions. Write for prices on larger quantities.

Let an Old-Fashioned HERB GARDEN Add Zest and Flavor to Your Cooking!

Grandmother just couldn't get along without herbs in the pantry for cooking and medicinal purposes. We can't rightly say whether they will make anyone well but we do know you can't beat home-grown herbs for adding honest-to-goodness flavor to cooking. These varieties anyone can grow.

242—MUSHROOM SPAWN: New Vita-Flake. Quicker and better. With directions. 4 oz. (16 sq. ft.) 98c; 8 oz. (32 sq. ft.) 1.69, postpaid.

Gurney's TURNIPS

How to Plant and Store

Turnips and rutabagas are easy to raise and store. Early varieties can be sown in the spring just as soon as you can get them in the ground, but most kinds do best as a fall crop. Sow 2 to 3 lbs. to the acre the last part of July. 1 oz. of seed will drill 150 feet of row. For successive crops, make 2 or 3 plantings at about 2-week intervals.

Both store well in outdoor caves, a cool, dark basement or pit. Make sure there is adequate ventilation.

Purple Top Yellow RUTABAGA

Firm Flesh—Good Keeper

808—More of this variety is raised than any other. The roots are purple above and an attractive yellow below. The light yellow flesh is firm, sweet, and fine flavored and cooks to a bright orange. It has very small necks and no side roots. Has large, smooth, cabbage-like leaves. One of the best for table or for stock feed. Very productive. Will keep in fine condition until late in the spring. Pkt. 12c; oz. 25c; ¼ lb. 60c; 1 lb. 1.45, ppd.

PURPLE TOP WHITE GLOBE for Fine Flavor

807—We consider this the finest table turnip on the market today, and also an immense yielder of rich stock feed.

This all-season turnip is sweet and tender from the time it is large enough to use until the following spring. Pkt. 12c; oz. 25c; ¼ lb. 60c; 1 lb. 1.25, postpaid.

Purple Top Strap Leaf

806—Similar to Purple Top White Globe but flatter in shape. Grows 4 to 5 inches across. Has delicious flavor and is one of the most popular varieties grown. Can be planted either in fall or spring. A fast grower and an excellent keeper. Suitable for freezing. Pkt. 12c; oz. 25c; ¼ lb. 60c; 1 lb. 1.25, postpaid.

Extra Early Milan Turnip

803—(40 days.) Similar to Strap Leaf but earlier. One of the finest turnips grown. Flat with purple top. Fine grained, sweet and very tender. If you want an extra early, extra fine turnip, this is the one you should buy. Pkt. 12c; oz. 25c; ¼ lb. 55c; 1 lb. 1.35, postpaid.

EGGPLANT—"Black Beauty"

Sow in hotbeds or indoors early in the spring and transplant 2 to 3 feet apart in very rich, warm ground.

657—BLACK BEAUTY. The best variety in cultivation, being early, a sure cropper and of fine quality. The fruit is large, oval, very deep purple. Pkt. 20c; ½ oz. 45c; 1 oz. 75c, postpaid.

Colorful ORNAMENTAL GOURDS

It's fun to make things from gourds!

Gurney's HARDY RHUBARB PLANTS

The varieties of Rhubarb which we list are not the common old rhubarb that is green and stringy, but better, improved strains.

FAMOUS CHIPMAN'S CANADA RED

Best of the New

A3056—Stalks are large, red from bottom to top, inside and out. Cooking does not take its rich color. Sweetest, so takes less sugar. Productive and nearly seedless. We believe this new, all-red Rhubarb is the very finest you can plant. Does well on most soil types. You can pull big stalks from spring till fall. Plant early and get some Rhubarb this year. Large No. 1 roots, 98¢ each; 3 for 2.69, postpaid.

Gurney's GOLIATH The Giant Rhubarb

A3062—For several years we have carefully tested Gurney's Goliath and have found it to be the best yielder of all. The tremendous size of the stalks will amaze you, yet they are tender, juicy, and have a fine, rich flavor. It is not an all-red variety, as the color shades from red to green, but it is a big plant and practically seedless, too. If you are looking for a rhubarb that will produce all you can use for canning, pies, and eating fresh—look no more. You can't go wrong with Gurney's Giant Goliath. **A3062**—No. 1 roots, 79¢ each; 3 for 1.98, postpaid.

Rhubarb-Asparagus Bargain Offer
25 MARY WASHINGTON ASPARAGUS.
Super Jumbo, 3-yr. plants.
2 CHIPMAN'S CANADA RED RHUBARB.
The "All Red" one
A2384X—All for only 3.98, postpaid.

GURNEY'S SPECIAL Rhubarb Bargain

A2376X—10 "Finest Pie" rhubarb plants for 1.49, ppd. Special planting grade... will give you all the sauce and pies you can eat.

ASPARAGUS PLANTS

MARY WASHINGTON

Asparagus that melts in your mouth. Mary Washington is practically immune to rust which often kills other varieties. So easy to raise that anyone can do it. Once planted, your bed of Mary Washington Asparagus will last for years. It keeps sending up crisp, tender stalks for a long cutting period in the spring which make the best possible eating Asparagus. Set 1 1/2 feet apart. One of the best of all vegetables for freezing. Postpaid:

A3003—3-Year-Old Super-Jumbo Plants. (Plant this giant size and begin eating from it first year.)

Per 25	Per 50	Per 100	Per 500
1.49	2.49	4.49	18.98

NEW "500" ASPARAGUS

Extra Green and Extra Tender

You'll like this new heavy-bearing asparagus because it is large, crisp, tender, and almost all green. Plant a bed of these and you can eat all you want in the spring, and still have plenty to fill your home freezer. Asparagus is one of the best of all vegetables for freezing, and you will enjoy it the year around. Very good for canning, too.

New "500" has produced more top quality asparagus for us than any other variety grown here at Yankton. Developed in California from the Mary Washington variety and is very rust resistant. Supply limited, so order early.

Postpaid Prices:

Per 25	Per 50	Per 100
--------	--------	---------

A3019—3-Year-Old Super Jumbo... 3.49 5.98 9.98

A3017—1-Year-Old Plants... 1.79 2.98 4.98

Asparagus is easy to grow, and once you get a bed started, it keeps coming up every year, providing a delicious vegetable for your table.

Gurney's New BOHEMIAN HORSE RADISH

New Bohemian is the horseradish. We have discarded all other kinds because this is so superior. It is hardy anywhere and is very desirable as a relish. Its roots are dug in early spring, grated fine and with vinegar added, it is ready for use. The roots grow larger, are whiter, and the quality is superior.

PRICES
A3045—Heavy Crowns: 5 for 1.19; 10 for 1.98; 25 for 3.98; 50 for 11.98; 500 for 52.50, postpaid.

GOOSEBERRIES

Gurney's Bargain GOOSEBERRY COLLECTION

2 Pixwell Gooseberry
2 Abundance Gooseberry
A2367X
All 4 for... **3.49**
Postpaid

PIXWELL GOOSEBERRY

It Picks Well

A3040—Here is the Gooseberry you have been waiting for. One that produces big crops of large sized, luscious berries. Easy to pick too, because the fruit hangs well away from the thorns. This feature alone makes Pixwell worth planting.

Makes no difference where you live—up North or down South. This variety has the ability to take it and can probably be planted farther North than any other named variety of gooseberry on the market.

If you want to plant a gooseberry that will produce a heavy crop and do it consistently, plant Pixwell. You'll get a lot of fine quality berries even under adverse conditions. 2-yr. No. 1 Plants, 98¢ each; 3 for 2.69; 10 for only 8.50, postpaid.

NEW! ABUNDANCE Gooseberry

A3030—Very heavy crops of large, dark green berries that turn a rich purple when they become fully ripe. Don't know of any gooseberry that has finer cooking qualities. Is especially fine for jelly. This new variety is one that picks easy as the fruit is on long stems and is very easily handled at picking time. Be sure to include a few Abundance Gooseberry on your order. 2-yr. No. 1 Plants, 98¢ each; 3 for 2.69; 10 for 8.50, postpaid.

Gurney's CURRANTS

Gurney's Bargain Currant Collection

2 Red Lake Currant
2 Wilder Currant
A2361X
All 4 for... **1.98**
Postpaid

RED LAKE CURRANT The Best of the Currants

A3027—A very vigorous and productive bush producing tremendous quantities of high quality, large, red currants. Often bears the first year after planting. Very hardy and has everything—size, quality of fruit, color and productivity. Red Lake makes up into delicious, tasty, sparkling red jelly. A Minnesota introduction, so it is hardy. You'll like it. No. 1 Plants, 75¢ each; 3 for 1.98; 10 for 5.98, postpaid.

WILDER CURRANT

The One for All

A3025—All of you folks will want some currant jelly for winter. Wilder Currant is the one to raise for good jelly. The berry is at least twice as large as the ordinary currant, and can produce twice the crop. Some in our nursery are nearly as big as cherries, and are borne in huge clusters. 2-yr. No. 1 Plants, 69¢ each; 3 for 1.79; 10 for 4.98, postpaid.

Gurney's Better NUT TREES

Grow Them For Shade, Beauty Firewood and Lumber

Here is a select listing of nut trees. We are offering nothing but the best varieties, ones that will do well for you North Central planters, too. Most of us do not plant enough nut trees and no doubt it is just because we don't get around to it.

Nut trees should be grown for more than just nuts. Most varieties we are offering can be used in the landscape planting. They make very good shade trees and are ornaments. All are excellent for fence posts, firewood and lumber. They are all attractive trees you will be proud to have growing on your property.

BUTTERNUT

Delicious Buttery Flavor

A4102—A cousin of the Black Walnut and one of the most popular and best eating nuts. It bears large nuts with a rich, buttery flavor. Makes a fine tree and wood is valued for furniture and interior trim. Grows naturally from New Brunswick west to the Dakotas and Arkansas. Perfectly hardy in most all midwest territories. Plant where ground is usually moist, as it cannot stand extreme dryness. 2 to 3 ft., 1.19 ea.; 3 for 2.98; 3 to 4 ft., 1.49 ea.; 3 for 3.98, postpaid.

Gurney's BLACK WALNUT

Most Valuable Nut Tree

A4132—Gurney's Black Walnuts are grown for you right here at Yankton from seed produced on trees that have been native to our climate for over 60 years. We have selected only the trees that have been able to withstand our conditions without damage. Bears heavy crops of large, fine-flavored nuts. Grows fast and bears young. Mature trees often bear from 15 to 30 bushels. Black Walnut lumber is always in demand for making fine furniture. For grove plantings we suggest seedling grades listed on page 48. 2 to 3 ft., 1.19 each; 3 for 2.98, postpaid; 3 to 4 ft., 1.49 each; 3 for 3.98, postpaid.

Gurney's Nut Tree Bargain (Save 1.25)
A210X—2 each of our most popular Nut Trees, 2 Hazelnut 2-yr., 3 Butternut 2-yr. and Black Walnut 2-yr. only 4.79, ppd.

AMERICAN HAZELNUT A Fine Nut Producer

A4115—This hardy Hazelnut produces large quantities of high-quality nuts every year. Makes a beautiful, well-branched shrub 5 to 6 ft. tall. Attractive enough to plant in your yard as an ornamental shrub. In the fall the foliage turns to a brilliant scarlet and bronze.

A native of the Black Hills, Eastern South Dakota, Minnesota and Iowa. We are offering one grade only this year. Strong two-year-old plants. 12 to 24 inch 75¢ each; 3 for 1.98; 10 for 5.69, postpaid.

Gurney's DWARF FRUIT TREES

Use Less Space, Take Less Care Less Time To Bear

These genuine Dwarf Fruit Trees are much smaller than a normal fruit tree but their fruit is equal or better size and quality. It isn't uncommon at all, for a Dwarf Fruit Tree to bear the 2nd year after planting. They take so little space that everyone has room for at least one or two of them.

SO EASY TO PICK

You don't need a long ladder to pick the fruit off of Gurney's Dwarf Fruit Trees. No chance of a broken neck and spraying is no problem at all. You can do practically all the harvesting with both feet right on the ground.

More Varieties To Choose From

You can plant four or more dwarf fruit trees in the same area that one regular fruit tree would occupy. Instead of only one variety you may now plant a complete assortment of varieties in your own home orchard.

DWARF APPLE TREES

These have been propagated on Clark dwarfing root-stock. Mature height is only 8 to 10 foot tall.

A1140—**YELLOW TRANSPARENT**. The early golden summer apple. Excellent for eating fresh and "tops" for pies.

A1120—**BACON**. A fine, red, early fall apple. The fruit is of excellent quality and they keep good too. You can't go wrong with this one.

A1125—**MC INTOSH RED**. A fine, late, dependable bearer and will live for years. Fruit is fragrant and of high quality.

A1130—**RED DELICIOUS**. Most famous of all sweet red apples. Has been noted for years as one of the finest appearing and tasting apples on the market. The fruit is truly delicious.

A1135—**YELLOW DELICIOUS**. The extra-large golden beauty with delicious flavor. One of the best of all winter apples because of its good keeping qualities.

YOUR CHOICE OF ABOVE:
All 4 to 6 ft., 3 yr. old only 3.95 each, postpaid.

FINEST DWARF APPLE OFFER

A2604X—One each of Beacon, McIntosh Red and Yellow Delicious. All 3 for only 9.95, postpaid.

DWARF CHERRY TREES A1310—NEW DWARFCHERRY

The new hardy pie cherry selected by Dr. A. C. Hildreth of the Cheyenne Field Station of the U.S.D.A. The fruit has the same bright red color, the same fine flavor as the Early Richmond but ripens 10 days later. Makes a very attractive shrub only 5 to 6 feet tall when covered with a solid mass of white blossoms.

18 to 24 in... 1.98, postpaid
2 to 3 ft... 2.50, postpaid

A1399—NORTH STAR

A fine new dwarf cherry from the famous Minn. Fruit Breeding Farm. It's a true, natural dwarf too. The parent tree of North Star stands little more than 6 ft. in height and bears a fine annual crop of cherries. The fruit is dark red, large and of wonderful flavor.

Gurney's PLUMS Are Quick-Bearing, Heavy-Yielding

Everyone Loves Plums!

Here's Jill Gurney (Sid's youngest girl) enjoying a ripe, delicious Gurney plum. They are so easy to grow, no one should be without them.

SUPERIOR

The Big, Early One

A1632—The largest, and one of the best quality hybrid plums. The tree grows very fast and bears young, usually the first year after planting. Ripens from August to September, depending upon the latitude of the country in which it is planted, and it bears a crop every year. It is a heavy bearer of unusually big, yellowish fruit which turns pink and then a deep, rich red. They will peel like peaches and the firm, juicy flesh is of high dessert quality. Does best in southern Iowa and like climates.

Extra Hardy—Very Early

A1634—One of Dr. Hansen's best, and probably the best eating plum in our whole list. Ordinarily ripens in August. Trees are of moderate size, fine for home planting, and easy to pick for the orchardist. One of the earliest bearing of all, and hardy clear up into Canada. The fruit is a bright red with bluish bloom. The flesh is yellow, firm, juicy and sweet, and has a delightfully appetizing flavor. We have grown this variety for many years and are convinced that it has everything a plum should have to make it ideal for your use.

TECUMSEH

UNDERWOOD

Even Bears in Canada!

A1635—Right type for the Northern States and Canada. It ripens early and grows well as far North as Winnipeg in Manitoba. Large, red, sweet, and juicy. Tree spreading, medium-size, productive and hardy. Fruit very high quality for eating fresh. Should be planted near pollinizer plums such as Kaga.

WANETA

Hansen's Masterpiece Dr. Hansen's Largest Red Plum

A1637—You get big, profitable crops from Waneta. It is the truly delicious old favorite. The fruit is very large and a gorgeous reddish-purple color. The flesh is tender, sweet, and juicy—of the finest quality. A sure bearer every year, and one of the best of all market plums.

Waneta was originated at the South Dakota Experiment Station by the late Dr. N. E. Hansen. The trees are vigorous, spreading, exceedingly hardy, and produce for many years. The bearing season is usually early September.

QUALITY PLUM COLLECTION

A2179X—Made up of one of the newest plums, one of the most popular plums, and one of the finest flavored of all plums.

1 South Dakota, 3 to 4 ft. size—the newest.

1 Opata, 3 to 4 ft. size—most popular.

1 Tecumseh, 3 to 4 ft. size—best flavor.

FREE GIFT: 1 Sapa Plum, 2 to 3 ft.

SAPA

The Rich Black and Sweet One

A1631—Black outside and clear to the pit. It has a sweet flavor you can't forget and bears immense quantities annually. Ripe the latter part of July. Bears the first year after planting. Very hardy. Has deliciously sweet juice. You'll enjoy it year after year. Be sure and plant one or two of these trees if you want loads of luscious fruit.

Tastiest Plum Collection

A2185X—1 each of Sapa, Waneta, Underwood and Kaga, 3 to 4 ft. size all 4 for

FREE GIFT: Two 2 to 3 ft. Hansen's Bush Cherry.

KAGA

"The Apricot Flavored Plum"

A1620—A deliciously flavored plum with an appetizing fragrance. Medium-size, heavy producer, and bears very early after planting. Very hardy. A cross between a native wild plum and the very fragrant Chinese Apricot. A good pollinizer and a variety that will produce plenty of plums for canning, preserves, and delicious eating right from the tree.

GURNEY'S PLUM BARGAIN

These Will Grow Anywhere!

A2182X—Every one of these fine Hybrid Plums will do well in your yard.

1 Kaga, 3-4 ft.

1 Opata, 3-4 ft.

1 Sapa, 3-4 ft.

FREE GIFT: 1 Oka Plum-Cherry, 2-3 ft.

About PLUM POLLINIZATION

Plum trees ordinarily will set a fairly good crop of fruit when planted singly because bees carry plum pollen a long way, and there usually are some plums in the neighborhood. However, for a really bumper crop, you should plant two or more varieties, at least one of which would be a good pollinizer. Three good pollinizers are Kaga, the new South Dakota, and Compass, listed on page 19. These three also bear good fruit. So to get the most fruit from your plums, include one or more of these three in your order.

OPATA

Extra Hardy—Early Bearing

Often Bears First Year After Planting

A1628—The earliest of the Hansen Hybrids, Opata bears ropes of fruit which ripen in mid-July. A juicy, tangy plum of medium-size, green flesh; flavor very pleasant. Tree is vigorous in growth. Extra hardy and often bears one year after planting. This variety does very well for the southern planter as well as producing a fine crop clear up into Canada.

OKA

Delicious Plum Cherry Cross

Another Early Bearer With Fine Flowers

A1627—Has highest quality of any in the Cherry-Plum group. Very productive, skin almost black. The deep purplish-red flesh is very juicy and sweet. Resembles large, sweet cherries and the quality is very good for eating or cooking. Ripens mid-August to early Sept. Remains a bush rather than a tree. Fruit stays edible on the bush three weeks after ripening.

FUZZLESS BERTA

ELBERTA

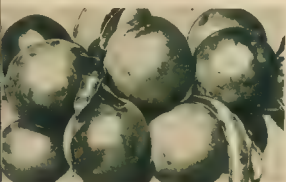

POLLY

Easy-to-Grow

New "SOUTH DAKOTA" Plum

A1633—Dr. Hansen's latest. Tree is hardy, vigorous, and productive. Fruits medium size, bright red over yellow with flesh that is yellow, tender, and juicy. Fine for eating fresh, jellies, jams. A late plum. Fine pollinizer. This fine new plum is now available at our regular plum prices as listed below. Be sure and try New SOUTH DAKOTA.

New "HONEY DEW" Plum

A1618—This is a new, very early-ripening plum developed by Dr. McCrory of S. D. Experiment Station. The fruit is a shining, dark purple and the flesh is a cool, pale green that is so sweet it almost melts in your mouth. It's tender, too. If you want a plum that has just about everything as far as quality is concerned, plus the inherited ability to withstand drought, hot summers and cold winters, be sure and include Honey Dew on your list. Now available at our regular plum prices.

PLUM SPECIALISTS FOR OVER 80 YEARS

Plums have been a Gurney specialty for over 80 years. We offer you a complete line of plums, each one the best of its kind. All are budded on hardy plum seedlings—not on peach. (Beware of southern plum trees for the northwest because many of them are budded on peach stock, which is not hardy.) All Gurney Plums are extra-hardy. They include 7 of the hardy Hansen plums: Waneta, Opata, Oka, Sapa, Kaga, South Dakota, and Tecumseh. Underwood and Superior are Minnesota varieties.

Set 14 ft. apart in row with rows 18 ft. apart. 170 trees to the acre. Don't forget that they not only produce a lot of delicious fruit but make beautiful decorative trees for the yard.

New Hardy IDAHO PRUNE

A1612—Large, delicious blue plums with firm flesh of fine quality. Excellent for canning or eating fresh. Cook up into fine wine-red sauce.

We have tested this variety for a number of years and found it able to stand our rigorous winters and still produce good crops. Idaho Prune was introduced by us and is the only prune we feel worthy of listing in our catalog.

Gurney's Hardy NORTHERN GROWN Fruit Trees Will Do BETTER for You!

Hardy Anywhere

North, South, East or West, Gurney's fruit trees adapt themselves quickly. If they grow well under adverse conditions, they will do even better in milder climates. Select varieties recommended for your locality. Then you know you are getting stock adapted to your conditions.

"Whole Root" Buds for Your Protection

It takes a heavy root to produce a sturdy

Common Fruit Graft
A common fruit graft often results in a non-hardy root. Don't take this chance—order from Gurney's.

Gurney's "BUDDED" Type
The whole root (not just a piece) is used on all Gurney-budded fruit trees, the hardest you can buy.

tree. Gurney's "whole-root" bud all fruit trees. Only a sturdy, hardy root can survive our hot, dry summers and cold winters. "WHOLE ROOT" budded fruit trees can't be beat.

True-To-Name Trees

Nothing is more disappointing than to buy and raise a fruit tree only to find out it bears the wrong kind of fruit.

That won't happen at Gurney's. Experts are constantly checking. All trees go through many inspections to assure you of only perfectly-graded, healthy trees and, more important, that you get exactly what you order. Remember when you plant a Gurney fruit tree, you are planting for years to come. Gurney's GUARANTEE their fruit trees to be true-to-name or replaced FREE OF CHARGE.

Plant Early

We have always preached early planting—and we still do. Early planting means the stock gets established before the hot, dry, summer months. Yes, early planting means success. Remember, you can't plant early if you don't order early. Don't wait until the last minute, but send in your order well in advance of the planting season.

Gurney's DELUXE GRADE

APPLE • CHERRY • PEAR • PEACH • PLUM

GUARANTEED 1 YEAR

Every Gurney DeLuxe Grade fruit tree is guaranteed, if properly cared for, to be in vigorous growing condition one year from planting or will be replaced once absolutely free.

The "CREAM of the CROP" for Those who demand ABSOLUTELY the Finest

Every Gurney DeLuxe Grade Fruit Tree is a carefully selected, jumbo-size, perfect specimen that will come into bearing early. All are well-branched, with a straight trunk and an extra-heavy root system.

In the past, we have shipped our DeLuxe Grade of fruit trees express collect because they were too big to send parcel post. Now we are pruning the trees before shipping and this reduces their length enough so that we can send them to you, right to your door, by parcel post—and we prepay

them. This not only insures proper pruning but saves you at least \$1.85 per shipment in express charges. Now, more than ever it pays to plant Gurney's DeLuxe Grade.

Faster Growing Better Shaped
Quicker Bearing
Proper Planting is Easy
with Gurney's DeLuxe Grade

Complete planting directions are attached to each tree to make successful planting easier for you. A white ring around the trunk indicates the proper planting depth.

Gurney's Hardy APRICOTS

Now Anyone Can Raise Apricots Anywhere

"Sunshine"...New

A1230—Hardy; vigorous; matures mid-Aug. Introduced by South Dakota Experiment Station. Good quality, flavorful fruit size of Waneta plum. For home use because fruit is inclined to be soft. Now at the same low prices as our other apricots.

Scout...Grows In Canada

A1228—A hardy, early-bearing apricot from Morden, Canada. Rich

golden color with red blush. Excellent quality for eating fresh, for jams and sauce.

Hardy Nebraska Apricot

A1210—Produces heavy crop of medium-sized fruit of sugar-sweet flavor. Very hardy. Parent trees have been growing in Nebraska many years. Same price as other Apricot trees.

Manchu...Large Hansen

A1215—One of the har-

diest Apricots we offer. Trees very productive; fruit large. Excellent fresh; cooks to fine-flavored, pale yellow sauce. Probably the finest Apricot introduced by the late Dr. N. E. Hansen. We still consider this variety one of the hardest and best.

5. Every tree is top-quality, well-formed.
6. Variety is shown on a permanent label.

Dark "All Red" DUCHESS
The Favorite Summer
Cooking Apple

A1019—If you like the Old Duchess of Oldenburg, you will go for the New Duchess in a Big Way. It ripens its juicy red fruit throughout August. For those delicious Apple Pies and Sauce, you'll find this New Duchess hard to beat. First degree of hardness.

Gurney's WEALTHY Popular
Fall Apple

A1105—This is too well known to need description. You are all familiar with its pale yellow skin almost hidden by brilliant red stripes and its white juicy flesh; the fine pies that can be made from it. You should also know that Wealthy is hardy and a leader of commercial or Home Orchard Apples for the North. If picked early and properly stored will keep until Christmas.

YELLOW DELICIOUS
The Golden Beauty

A1016—A luscious, golden, yellow, cool-deeping apple. Extra hardy on Siberian roots. It is not recommended for the North. It keeps well if you can keep folks away from it. It is DELICIOUS. Most popular yellow apple we have ever offered. Extra large in size and the flavor is truly "delicious". You folks that can raise Yellow Delicious will find it one of the best winter apples.

PRAIRIE SPY
The Winter Keeper

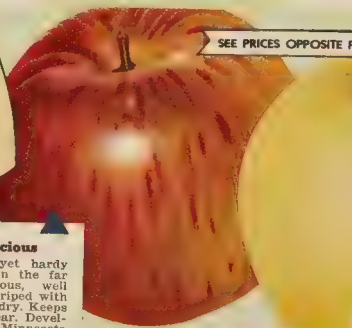

A1075—Attractive red color, very high quality, is productive, and hangs on the tree well. Because Prairie Spy is a good keeper and is so much better quality than Winesap and others on the market after Christmas, it is widely planted for home use and market. Be sure to include a few Prairie Spy in your home orchard.

ANOKA
Often Fruits First Year

A1000—Everybody plants Anoka. The earliest bearing apple that we know of. Little two-year-old trees in the nursery often bear several of these red striped apples. The quality is good and the juice is rich in flavor. Anoka bears annually and is Extra Hardy. Medium size. This is one of our most popular summer apples.

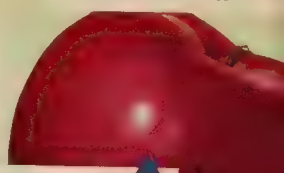

**Nation Wide
APPLE COLLECTION**
A2016X—1 each of McIntosh, Northwestern Greening, Prairie Spy, Yellow Transparent and Fireside—all good now only 69¢ PPD.

SEE PRICES OPPOSITE PAGE

YELLOW TRANSPARENT
Early Golden Summer Apple

A1110—One of the earliest of the Harvest Apples, ripening right after Early Harvest. An excellent eating apple and "what apple pies you can make with it!" Bears immense crops of yellow, thin-skinned apples just "tart" enough for the best sauce and pies. Fine in any home orchard.

McINTOSH RED
Good Keeping Fall Apple

A1061—To many the finest flavored apple we list. Bears for years and years. Beautiful red apples often with darker red blush, fragrant and of highest quality. A fall apple which will keep well into the winter in storage. One of the longest lived, and most dependable bearing of all apples.

FIRESIDE
Hardy and Super Delicious

A1025—Delicious quality yet hardy enough to grow and fruit in the far north. Trees large, vigorous, well branched. Fruit beautifully striped with crisp, firm, juicy flesh—never dry. Keeps all winter and bears every year. Developed at the University of Minnesota State Fruit Breeding Farm.

HARALSON Finest Hardy Winter

A1040—If we add up all of the good qualities of all the other apples and say "this is Haralson," we would not be saying too much for this big, red juicy fruit that keeps till summer, and is borne heavily and annually on a sturdy, strong branched tree. Bears fruit in three years.

5-IN-1 APPLE TREE
A Whole Orchard on One Tree

Not an ordinary 5-in-1 apple tree, but one with 5 hardy northern varieties: Red Duchess, Yellow Transparent, Wealthy, Prairie Spy and Haralson. Good from Yankton north, better than ordinary varieties from Yankton south. Each apple bears in its own season, giving you a whole orchard from one tree. Now even the smallest yard can grow 5 different kinds of apples. All are 5 to 6 foot trees 3 years old.

A1115—5-in-1 Apple, 3.98 each; 2 for 7.50, ppd.
A1114—3-in-1 Apple, 2.98 each; 2 for 5.49, ppd.

Gurney's Hardy Selected APPLES

All Gurney Apple Trees, including the Crab Apple Trees, are grown by us here at Yankton on hardy Siberian root-stock. There is nothing harder or better for north or south. We have been headquarters for hardy apple trees for over half a century and one thing you can depend on: If we say a certain variety of apple is hardy—it IS hardy.

GURNEY APPLES ARE TRUE TO NAME

Nothing is more disgusting than to plant an apple tree and then find out a few years later it is not the variety you ordered. To assure you of fruit that is True-to-Name, we have had our apples inspected by the only True-to-Name Identification Service available in the Midwest, and a copy of their report appears below:

IOWA TRUENESS-TO-NAME IDENTIFICATION SERVICE

Sponsored by
The Iowa State Horticultural Society
Established in 1952 Horticulture Building
A. E. Cott Ames, Iowa
Sept. 10, 1957

TO WHOM IT MAY CONCERN:
This is to certify that the sensible one and two year apple and pear trees being propagated by, and being grown at Yankton, South Dakota in the Gurney Seed and Nursery Company blocks have been examined by the Iowa Trueness-to-Name Identification Service. To the best of my knowledge, these trees are true-to-name as they now stand in the nursery row.

Very truly yours,
A. E. Cott.

HOW TO PLANT APPLE TREES

Set apple trees 25 to 35 feet apart. In setting your apple trees, prune them back severely, cutting all side branches to within 3 buds of main trunk and cutting off one-fourth of the main lead. Each year prune injured limbs only. Northern orchardists do better by letting their trees grow in the bush form, letting bottom branches grow to within 2 to 3 ft. of the ground. Send for free pruning bulletin.

CRAB APPLES for Fruit and Beauty

CARDINAL

A1010—A beautiful tree and fruit. Blooms are deep rich-pink, almost red. Apples are brilliant scarlet, shaped like a small Delicious. Flesh is red to the core. Makes a very tasty jelly just the color of Port Wine. Wonderful as an ornamental.

Best Eating Crab Apple Offer
A2028X—1 each of Whitney and Chestnut. All 3 to 4 ft. size only 2.39, postpaid.

WHITNEY

A1107—An old favorite. Good if eaten fresh, and best for pickling. Fruit is large, sweet and juicy. Color is yellow with lively red stripes. Hardy, vigorous and a heavy bearer. Same price as regular apple trees.

DOLGO

A1017—This is the best one for jelly. Has beautiful snow white blossoms, and the best shape and foliage of any crab. Its glistening crimson fruit makes a clear, sparkling red jelly. Fruits on 2-year-old trees. Hardy. Same price as regular apple trees.

CRAB APPLE COLLECTION

A2020X—1 Whitney, 1 Cardinal, 1 Dolgo. All 3 to 4 ft. size. ALL 3 Ppd. ONLY **3.39**

Delicious PATTEN Big and Productive

A1524—This pear is healthy, hardy and productive. Bears a LARGE, YELLOW fruit with the RICHEST JUICE AND FINEST FLAVOR. The skin is THIN and QUALITY EXTRA GOOD. We recommend this pear to both northern and southern planters if they are looking for a good "all around" variety that will bear lots of delicious fruit for years to come.

THE GIANT BARTLETT

The Earliest Pear of All

A1502—This is one of the leading commercial varieties. Has long been one of the most popular for dessert and canning. Fanciest and finest of all pears. Has a rich, golden-yellow color with a rosy pink blush. Plant Bartlett if you want a good keeper and shipper. The fruit is pointed at the top and wide at the base. Tree is vigorous, hardy and bears young. This is an early variety that is fine for the more southern growers.

Dark "All Red" DELICIOUS

A1015—The name "Delicious" describes its QUALITY. It is "ALL RED" and one of the best of all eating apples. Hardy from lower Nebraska south. Large, red, with 5 points on base. You'll have to do a lot of looking before you can find an apple that can equal this "ALL-RED" improvement on Delicious. The best-tasting fall apple.

New Fall Apple Minn. No. 724

A1090—If you like the old favorite McIntosh, you will more than enjoy this new variety. It is a fine red apple that is excellent any way you use it. Try its delicious flavor fresh from the tree or make it up into some of the best sauce you ever tasted. We predict a great future for this wonderful new fall apple. Absolutely hardy.

JONATHAN A Favorite Red

A1048—One of the best winter apples for every use. Red, juicy, and "snappy" when eaten out of hand. Excellent baked or in pies, and it keeps well without special care. Many orchards are comprised principally of Jonathan as it is considered one of the standards by which other apples are judged. Doubtfully hardy north of Mid-Iowa.

SPRAYING IS A "MUST"

Read about Gurney's COMBINATION FRUIT SPRAY on page 22. No fuss—no muss—no worry about mixing a lot of different chemicals. USE THE ONE SPRAY ONLY. Guaranteed to do the job.

APPLE BEARING CHART

Harvest Apples: Yell. Transparent, Red Duchesse, Anoka, Fall Apples: Wealthy, McIntosh, Minn. No. 724, Winter Apples: Haralson, Jonathan, Northwestern Greening, Prairie Spy, Fireside, Delcon, Red Delicious, Yellow Delicious.

HARDY APPLE OFFER

Giant 4 to 6 Ft. Trees

A2011X—These varieties grow well in the most northern sections. Have fruit the year around from this collection.

1 DUCHESS
1 WEALTHY
1 WHITNEY
1 HARALSON
Free: 2 Hansen Bush Cherry. 5.98, PPD.

POPULAR WINTER APPLE TRIO

A2017X—1 each of the following: Jonathan, Red Delicious, Yellow Delicious. All 4 to 6 ft. size. 4.50, PPD.

NEW DELCON DWARF

A True Dwarf With Large Apples Ideal for Small Yards or Lots

A1014—An apple tree tailor-made for the small lot. Delcon normally does not get over 12 feet tall, yet bears loads of beautiful, delicious, dark red, full-sized apples shaped like Delicious. The flavor has all the best qualities of two of its parents, Jonathan and Delicious, while the tree itself seems to have inherited additional hardiness from its third contributor, Ben Davis.

Delcon is a remarkable tree originated 20 years ago by the Missouri Fruit Experiment Station. Should have been on the market years ago. It is a single-graft, true dwarf. Much less expensive than \$4.00 to \$6.00 multi-graft dwarfs, and yet better.

Postpaid Prices:
Each Per 3
2 to 3 ft. 1.49 4.49
3 to 4 ft. 1.89 5.39
4 to 6 ft. 2.19 6.49
Deluxe Grade 2.98 8.80

Gurney's HARDY PEARS

HOW TO GROW PEARS

Though the pear succeeds best in heavy, moderately fertile soil that is retentive of moisture, no one need hesitate to plant it in any soil available if it is well drained.

Tillage and fertilizing are the same as for the apple except that nitrogenous fertilizers must be used more cautiously to prevent lush growth. Pruning and training are similar to that of apple. (Write for our free bulletin on pruning fruit trees.)

Pears grow upright, so can be planted as close as 14 to 16 feet apart. At 16 feet, takes 170 trees per acre. Pear trees bear early and heavily, and no other fruit compares with them in aroma, lusciousness, or range of flavors. Plant both summer and winter pears; wrap the winter pears in paper for mid-winter feasting.

Be sure to prune your pear trees severely at planting time. Recommend cutting all side branches back to within 2 buds of the main trunk and then remove at least 1/2 of the top growth.

Bear Early and Heavily

pears. Fruit is large, yellow, and may be allowed to stay on the tree until fully ripe. You don't have to bother wrapping them. This is one of the most blight-proof of all the pears.

Gurney's Low PEAR PRICES

The Famous LINCOLN Hardy and Heavy Yielding

A1517—The most dependable pear. Large, good flavored. It has been producing a heavy crop every year for 22 years on George Gurney's farm. Even in a drought year, 3 young trees produced 14 bu. Ripens about September 15. In big demand on the market. A good commercial variety and one of the best home pears.

GOLDEN SPICE Best for Pickles

A1512—A new heavy bearing pear from Minnesota. Small in size but the trees are loaded with the golden russet fruits. Very hardy and blight resistant. A fine quality pear we know you'll like. Makes delicious sauce and preserves, and is fine for whole pickles.

DOUGLAS PEAR The Good Keeper

A1509—This fall pear begins to produce heavy crops while still very young. One of the heaviest bearing

EARLIER A Fine New Red

A2874—A new, mighty good red raspberry developed by the Mich. Experiment Station. Ripens about 10 days before Latham and has large, rich-flavored berries of fine quality for freezing, canning or eating fresh. 1 Year. No. 1 Plants, 6 for 1.99; 12 for 3.49; 25 for 6.49; 50 for 11.98; 100 for 21.98, postpaid.

PURPLE GEM "Blizzard Belt" Raspberry

A2866—(Ruddy). This "Blizzard Belt" raspberry makes it possible to raise them where impossible before. An introduction of N. Dak. that will produce a tremendous yield when others fail. Ironclad in hardiness and tops for jams, jellies and eating fresh. 1 Yr. No. 1 Grade, 6 for 1.89; 12 for 3.25; 25 for 5.98; 50 for 10.98; 100 for 19.98, postpaid.

NEW EBONY KING BLACKBERRY

NEW THORNLESS

MAMMOTH BOYSENBERRY

RED RASPBERRIES

INDIAN SUMMER The Two Season Berry

A2878—A fine everbearing raspberry. The quality is fine, it is early and heavy bearing. Harvest two crops of fruit each year from this hardy raspberry. Does well even in Canada. 1 Yr. No. 1 Grade, 6 for 1.89; 12 for 3.25; 25 for 5.98; 50 for 10.98; 100 for 19.98, postpaid.

GIANT LATHAM Will Do Well Anywhere

A2883—Regardless of where you live, this raspberry is good. Fruit is large, often an inch long. Here's a vigorous grower that produces an enormous crop. Minnesota's great market berry. 1 Yr. No. 1 Grade, 6 for 1.69; 12 for 2.98; 25 for 5.49; 50 for 9.98; 100 for 18.98, postpaid.

NORTH STAR

New Dwarf Pie Cherry from Minn.
A1338—Lots of big Morello-type free stone cherries on super hardy dwarf 5 to 7 foot trees.

Its glistening deep red cherries make lush color and taste of rich cherry-red color. The dwarf sized trees make the fruit easy to reach and they bear good crops each year. Self-pollinating too.

We feel certain that North Star is destined to become one of the most popular of all cherries—including the dwarf types. Make certain you plant at least one tree of this wonderful new cherry.

METEOR

New Hardy Pie Cherry

A1332—At last we can offer a hardy pie cherry to all of our Northern friends. Developed by the Minnesota Fruit Breeding Farm as Minn. No. 66, it has produced a crop of fine cherries every year, even after very severe winters when most other varieties killed out.

The fruit is as large as Montmorency, bright red in color, and of very good quality. Mildly acid in flavor and a real treat for all who enjoy pie cherries as a dessert. We highly recommend Meteor as it is the cherry so long sought by all.

DELUXE GRADE. As described on page 15. 4.6 ft. size, 3.39 ea.; 3 for 9.50, p.p.d.

EARLY RICHMOND

The Early Pie Cherry

A1311—The cherries have a bright red skin and red juicy flesh. The flavor is quite tart and marvelous for pies or canning. It is a strong grower and a heavy producer. You people south of southern Minnesota and southern South Dakota have ideal conditions for pie cherries. We consider it one of the very finest pie cherries on the market.

A1351—BROOKS. Dark red fruit, almost as large as regular cherries. Bears heavily the second year. Bush is compact and shapely.

A1350—BLACK BEAUTY. This is the newest selection of the bush cherry. The fruit are very dark, glossy, black maroon-red. Almost as large as tree cherries. Fruit red from skin right to the pit. Excellent for eating, canning and pies.

A1352—NOC. Extremely large cherries—3/4" or better across. Purplish-black, shiny skin. Juicy and sweet. Grows in the vicinity of Minn. this cherry fruits about the second week of August, earlier south of there.

SEE ILLUSTRATIONS AT LEFT

Gurney's Hardy CHERRIES

YELLOW GLASS

Birds Don't Bother It!

A1340—You are looking for a cherry—and a yellow one at that—which will literally load itself down with a tremendous crop of fine golden cherries. Yellow Glass is it. Has flavor that is every bit as good, and some consider it better than the delicious Bing cherry. Hardest of all the sweet cherries.

You will also appreciate the fact that, because the fruit is yellow, the birds leave it alone. Try Yellow Glass—the hardest of the sweet cherries.

MONTMORE

New Early Bearing Montmorency

A1335—This improved, dwarf-sized Montmorency often bears the first year. Only grows about 10 to 12 ft. high but it still produces a full-size crop because the trees set anywhere from 12 to 25 ft. broad and the cherries are much thicker than a Montmorency. Also larger and of a better quality. It is darker—black-red. Trees will bear anywhere from Georgia as far north as Canada. Just as hardy or harder than the Montmorency. Do not pick until cherries are deep red.

BLACK TARTARIAN

The Large, Black Sweet Cherry

A1302—This dependable, large, black and delicious sweet cherry has been one of our most popular varieties for years. If you live where sweet cherries can be grown, plant several Black Tartarian and you can harvest quantities of large dark fruit in your own back yard. Not fussy about soils.

Gurney's Cherry Trees are extra-heavy rooted, well-branched, and of extra-heavy caliber. All budded on hardy understock to have a long-lived tree.

Set 18 feet apart, each way, or 130 to the acre. Keep the ground around them cultivated if you can, but cherries will do very well even when surrounded by a heavy sod.

Gurney's GRAPES

HYBRID NANKING CHERRIES

Most outstanding new fruit introduction in the last 10 years. A bush cherry far superior to the western kind. Fruit is about the size of Early Richmond and is wonderful for pies, canning, preserves or jelly. Beats them all when eaten fresh. The cherries are a deep red, with firm, tender, sweet flesh and small pits. Will grow to height of 10 feet, but can be kept down to 4 feet by pruning. A beautiful ornamental shrub covered in spring with white flowers followed by dark foliage. Plant at least three for best pollination.

A1365—Nanking Hybrid No. 20
A1366—Nanking Hybrid No. 41
A1367—Nanking Hybrid Drilea
A1368—Nanking Hybrid Orient

2 to 3 ft. plants.
 1.75 each; 3 for 4.55, postpaid.

HYBRID BUSH CHERRIES

Much larger and tastier fruit than the old Hansen Bush Cherries and better growers. 18 to 24 in. 1.49 ea., 3 for 4.19, p.p.d. Choose from following:

A1351—BROOKS. Dark red fruit, almost as large as regular cherries. Bears heavily the second year. Bush is compact and shapely.

A1350—BLACK BEAUTY. This is the newest selection of the bush cherry. The fruit are very dark, glossy, black maroon-red. Almost as large as tree cherries. Fruit red from skin right to the pit. Excellent for eating, canning and pies.

A1352—NOC. Extremely large cherries—3/4" or better across. Purplish-black, shiny skin. Juicy and sweet. Grows in the vicinity of Minn. this cherry fruits about the second week of August, earlier south of there.

NANKING CHERRY

A1364—Here's a beautiful flowering cherry that provides an abundance of fine flavored, high quality fruit. Fruit is an attractive red, juicy and delicious. Its distinct flavor makes it fine for canning and pies. 18 to 24 in. size 98c each; 3 for 2.69, postpaid.

Gurney's Giant RED-FLESHED

A1355—Giant. Cherries. You've never seen more plump (plum-sized) fruit on one bush cherry. Deep red color, skin and flesh. Classified a plum and good eating too. Grows 4 to 6 feet tall. 2 to 3 ft., 1.49 each; 3 for 3.98, postpaid.

KOREAN BUSH CHERRY

A1360—(Pr. Japonica) Hardy compact shrub 4 to 5 feet tall. An abundance of large, rich red cherries. Fine for jellies and preserves. 18 to 24 in. 98c each; 3 for 2.79, postpaid.

Hansen's Improved BUSH CHERRIES

A1359—The Miracle

plant that grows like a bush and is covered with blooms from one end to the other. A beautiful ornamental shrub, grows from 4 to 5 feet high. This improved strain of the original Hansen hardy dwarf bush cherry yields almost as much fruit as a plum tree and there is no waiting for it to bear. Loads of buds cluster on the nearly black cherries the second year after planting.

FREDONIA

—King of Blacks

A3125—It is early, in fact, three weeks earlier than Concord. Very hardy, a very heavy producer and a vigorous grower. The bunches are compact and the berries reach the most wonderful flavor—you won't go wrong with a few Fredonia, 1 Yr. No. 1 Plants. 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

BETA

—Hardest of All

A3104—Here's a tame grape with the tang of the wild. Best for the North, for it is fast (15 to 20 ft. in 1 yr.) in growth and hardiest of all. It produces large quantities of fruit that is almost black... juicy... fine for arbor. No winter covering needed. 1 Yr. No. 1 Plants. 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

NIAGARA

—Best White

A3139—Niagara is the leading favorite in "white" grapes because the large fruit has such a delightful flavor. The vine is hardy and extremely productive. Does very well here at Yankton. Your grape arbor should contain at least 6 Niagara. 1 Yr. No. 1 Plants. 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, p.p.d.

RED CACO

—Big Clusters

A3110—The sure-crop red grape. Always bears big clusters of rich red grapes, even in hottest summers. Makes most beautiful jelly. As Concord is the most popular of the blue-black grapes, so Red Caco is the most popular of the red grapes. 1 Yr. No. 1 Plants. 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

CONCORD

—Old Favorite

A3111—The most popular grape in the United States. Matures early, keeps well, ships well and sells well. The berries are in enormous bunches and are blue-black, juicy and delicious. Great for grape juice. 1 Yr. No. 1 Plants. 45c each; 2 for 80c; 6 for 1.85; 12 for 2.98; 25 for 5.49; 100 for 19.98, postpaid.

All Gurney grapes are strong, heavy plants that give quick results. They are well-rooted and will please you. The varieties listed are the hardest. They can be grown in an arbor, or in a vineyard. Plant about 5 or 8 ft. apart in rows 6 ft. apart. In planting out the tops back to 3 to 4 buds. Put up a support for grapes the second year. Prune each year.

The grapes we list are exceptionally hardy and with very little attention have wintered the most severe conditions. All they require is a light covering in winter to protect the buds.

Plant 2-YEAR TRANSPLANTS for Quick Results

Big Deluxe Grade RASPBERRIES and BLACKBERRIES Bear Much Sooner and Heavier

Large, heavy-rooted plants that cut planting loss to a minimum. Often produce a considerable amount the first season. We highly recommend these plants for quick results.

BLACKBERRIES

New EBONY KING

The Upright Blackberry

A2804—This is the new, upright Blackberry that is sure to bear heavy crops of large, sweet, full-flavored berries each year. Has withstood 25 degrees below zero without damage to the fruit buds. Very good for canning. Strong plants that stand up under heavy crops of big blackberries. 3 for 1.29; 6 for 2.25; 12 for 3.98; 25 for 6.98, postpaid. All 1 yr. No. 1 grade.

MAMMOTH BOYSENBERRY

A2832—Biggest berry of all. Cross of Loganberry, Raspberry and Blackberry. A heavy bearer of deliciously flavored fruit. 1 Yr. No. 1 Grade. 3 for 75c; 6 for 1.25; 12 for 2.29; 25 for 3.89; 50 for 6.98; 100 for 12.98, postpaid.

NEW THORNTLESS BOYSENBERRY

A2834—Same as the Mammoth, except this one is thornless for easy picking and cultivation. Grow in the ground or in a pot. 1 Yr. No. 1 Grade. 3 for 89c; 6 for 1.39; 12 for 2.49; 25 for 4.19; 100 for 15.98, postpaid.

BOYSENBERRIES

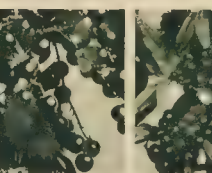

HOW TO PLANT: Set 6 feet apart each way. Leave on ground and first winter and mulch with straw after cold weather. Next spring, train on wires. After fruiting, cut out canes that bore. Leave new shoots on ground, winter protect again and re-train the following spring. Doubtfully hardy north of Missouri, so protect.

NATIVE FRUIT BARGAIN

New Hybrid BLUEBERRIES

Now You Can Grow Them

Real Blueberries big as marbles. You can now grow the genuine Hybrid Blueberries in your own yard. For a long time we have been experimenting with big Blueberries from the east. We have found it possible to grow Blueberries in the midwest simply by adding a little aluminum sulphate to the soil to make it acid, so we send you a free package of aluminum sulphate with your blueberry plants.

Named Varieties of GIANT BLUEBERRIES

Truly as big as marbles. Delicious in flavor. Berries ranging up to the size of marbles and sometimes cover the plant. Big, upright, shrubby plants growing to a height of 5 ft. or more and as broad. We will only sell these in collection of three, as several varieties of blueberries

must be grown together to get a good sort of berries. Plant 6 ft. apart. We are offering the newest and finest sorts of 3-yr.-old plants. Don't count on a yield like they get in the regular Blueberry growing area, but with favorable conditions you can get enough delicious berries for that wonderful Blueberry pie. Some folks report amazing results.

HYBRID BLUEBERRY COLLECTION—A2660X

1 Ruble 12 to 18". 1 Concord 12 to 18". 1 Stanley 12 to 18". With 1 lb. Aluminum Sulphate and complete directions for making the soil acid. Low Postpaid Price

79c DUSTER

4024—This is the gun we recommend for use with our Gurney Bug Dust. Strong and powerful. The same gun we send with the Special Offer No. 4100X at right side of page.

LARGE DUSTER

4025—Bigger gun. Holds about 1 lb. Bug Dust. Long extension nozzle for getting under plants. Now only 1.49 each, postpaid.

Safeguards Your Garden THREE WAYS

OVER 50,000 CUSTOMERS
USE GURNEY'S POWERFUL

BUG DUST

USE GURNEY'S BUG DUST ON:

- Garden Pests
- House Plant Pests
- Fungus Growth
- Fleas and Lice on animals and poultry
- Ants in house and garden
- Flies
- There Are Many Other New Uses Being Discovered Every Day

ONE TRIAL WILL CONVINCE YOU

You can hardly realize how effective Gurney's BUG DUST is until you use it yourself and see how it works. Many folks call it the "Wonder Dust." It's easy to apply and there is no question but what that garden of yours is worth protecting. Do it the easy way with Gurney's famous Bug Dust.

3-WAY ACTION

Gurney's BUG DUST works not one—but three—ways. It's a STOMACH POISON—a CONTACT POISON—and a FUNGICIDE—ALL IN ONE DUST. That's the reason it is so effective on so many different garden pests as well as aiding in the control and prevention of the various diseases.

- 1 Powerful, Yet Safe CONTACT POISON
- 2 Fast-Acting, Positive STOMACH POISON
- 3 Disease-Checking FUNGICIDE

The Outstanding Insecticide:

Powerful Ingredients Used in Bug Dust

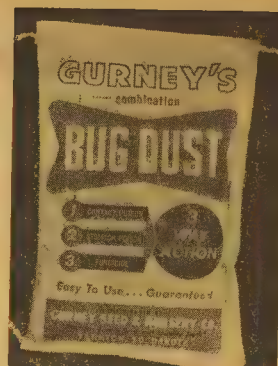

Our new formula makes Gurney's BUG DUST the best multi-purpose dust we have ever offered. One of its most powerful ingredients is Rotenone, a stomach and contact poison. It is largely responsible for the effectiveness of our BUG DUST. Another important ingredient is Dithane, which gives effective help in the control of many insect pests. Also contains Methoxychlor, the wonderful new insecticide. We have blended all these different ingredients into one easy-to-use dust. Gurney's famous Bug Dust helps make gardening easier than ever before. Just give it a try and you'll be convinced.

Leaves No Poisonous Residue

Gurney's BUG DUST will not harm even the most delicate plants when used as directed, and leaves no poisonous residue. This feature alone is very important to every gardener.

ABSOLUTELY GUARANTEED

Our reputation we have built up over many years in this business is behind every pound of BUG DUST. It does what we say, or your money back. No arguments. We want you to be the sole judge and jury. It must satisfy you 100%.

GURNEY'S COMBINATION BUG DUST HAS 1001 USES:

Dust your flowers and shrubs against bugs and disease.

Dust your garden crop against bugs and disease.

Dust poultry and animals to help control mites and lice.

Dust around hills to stop them.

Dust your house plants against bugs and disease.

A fine dust for outdoor use against flies.

NOW! USE ONLY ONE SPRAY MOST ALL SEASON TO PROTECT YOUR FRUITS, ORNAMENTALS

No Need to Buy and Bother With a Lot of Different Chemicals, Gurney's COMBINATION FRUIT SPRAY Will Save You TIME, WORK, MONEY! Fully Approved!

EXCELLENT FOR
SHRUBS, ROSES,
EVERGREENS, TOO!

OUR COMBINATION FRUIT SPRAY takes the hard work and the high cost out of spraying. And, it does an excellent job of controlling insects and diseases. If you raise any fruit at all and have not tried this spray, we suggest you do. Here's why:

DEVELOPED, TESTED AND APPROVED

Leading entomologists have recommended this formulation for a multi-purpose fruit spray. Gurney's Fruit Spray contains Malathion, Captain and Methoxychlor—all noted for their high degree of safety for the user.

EASY TO USE

In the past, the trouble with spraying fruit trees has been that you had to buy a lot of different chemicals, get a spray chart and then try to figure out what to mix for each different fruit and different time. It was a nuisance and you were apt to get confused and disgusted and insure it wasn't worth the effort.

Now with Gurney's COMBINATION FRUIT SPRAY, you use just the one package and use it for different fruits at various times during the season. No guessing, no fussing around.

Another trouble with mixing your own spray is that usually you had some Lead Arsenate in it, or Bordeaux Mixture, and if you got too much in the mixture or sprayed too much on your trees or used an apple tree mix on a peach tree for instance, you burned the foliage and ended up doing more harm than good. Now, with Gurney's COMBINATION FRUIT SPRAY, when used as directed, you will not harm fruit trees and it gives no undesirable flavor to the fruit.

NOT JUST FOR FRUIT TREES

Besides being a fruit spray, our COMBINATION FRUIT SPRAY is beneficial to most of your ornamental shrubs, evergreens and roses. Merely follow simple directions on package.

HOW MUCH TO ORDER

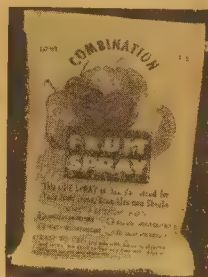

You just use one pound of spray with 12 gallons of water—enough to spray 4 average size fruit trees 3 times during the season. Figure about half that amount for young fruit trees not yet bearing.

HOW TO USE

All you do is mix with water and spray with any good sprayer. Do not use as a dust. Directions on each package tell you when, what and how to spray.

COMPLETELY GUARANTEED

Gurney's Combination Fruit Spray is guaranteed to do the job when instructions are followed. It doesn't satisfy you 100%, we will refund your money!

4065—Gurney's COMBINATION FRUIT SPRAY...Postpaid Prices
1 LB.1.98 5 LB.8.49

SPECIAL! SPRAY & SPRAYER OFFER

4103X 3 lbs. of Gurney's COMBINATION FRUIT SPRAY and Sprayer, described at left, 13.05 value only 9.98, ppd.

COST LITTLE TO USE

A little of Gurney's Combination Fruit Spray goes a long way. An increased production through its proper use means more and better fruit. This alone more than pays for the cost of this spray.

FRUIT SPRAY NOW CONTAINS MALATHION

This is the new truly great insecticide and miticide. Malathion can be used as close as 72 hours before harvest on many fruit crops without fear of objectionable residues on or in the harvested crop. Malathion combines high toxicity to insects with low toxicity to man and animals. It is the ideal insecticide to stop that late season aphid or mite build-up.

Also Contains CAPTAN—The Wonder Fungicide

HERE IS WHAT IT CONTROLS!

Use it as directed and Gurney's COMBINATION FRUIT SPRAY helps control the following:

Brown Rot Hitter Rot
Leaf Spot Leaf Curl
Bagworm Codling Moth
Red Spider Fruit Mites
Leaf Hoppers Pear Leaf Rollers
Oriental Fruit Moth

AND THESE INSECTS!

Aphid Curculio
Leaf Hoppers Pear Leaf Rollers
Oriental Fruit Moth

HERE IS WHAT IT PROTECTS:

Apples Apricots Cherries
Grapes Peaches Raspberries
Plums Blackberries Evergreens
Pears Roses Quince
Nectarines Ornamental Shrubs

NOTE: For a list of insects and diseases controlled by Gurney's Fruit Spray, see the back of this package.

INSECTICIDES - FUNGICIDES - RODENTICIDES

Handy - Dependable

It Always PAYS to SPRAY

The chemicals listed immediately below, plus Gurney's Bug Dust and Gurney's Combination Fruit Spray, give you the proper weapons to combat all insects and fungi that attack your plants.

Millions of dollars worth of vegetables, fruits, etc. are lost annually because of insects, disease and rodents. It is such an unnecessary loss too. Modern science has discovered new chemical insecticides, fungicides and rodenticides capable of controlling all problems. Listed below are some of the most effective controls known to man.

GARDEN AIDS from GURNEY'S

Gurney's INSECT BOMB

For House Plants

Now it's easy to keep your house plants in good healthy condition. Convenient, safe, and always ready to use. Full directions for use on container, No. 4091-98c each; 2 for 1.89, postpaid.

Gurney's GLAD DUST

4073-A safe, sure method to control of thrip. Use on bulbs in storage, also on plants in the garden. Full directions on pkg. 12 oz. sifter type can, 98c; pdd; 3 lb. bag 1.89, postpaid.

TOMATO DUST

4086-Made especially to control blight on tomatoes. A combination fungicide and insecticide. Disease and insect free plants are heavy yielding plants. 1 lb. sifter-top can, 79c; 3 lb. bag, 1.49, postpaid.

RED SPIDER DUST

4038-Rotene and sulphur material that can be either dusted or made into a spray. Especially effective against red spider mite that afflicts evergreen trees. 1 lb. in gun, 89c; 3 lb. bag, 1.49, both postpaid.

POTATO DUST

4088-For control of Colorado potato beetle, flea beetle, leaf hopper, blister beetle, cucumber beetle, thrip, psyllids; also late and early blight. 1 lb. sifter-top can, 89c; 3 lb. bag, 1.69; 5 lb. bag, 2.19, postpaid.

10% ALDRIN Granules

4084-One of the latest type and most effective methods of controlling soil insects. Does a wonderful job controlling ants, corn rootworm, cucumber beetle, grubs, wireworm, Florida beetle, cutworms, etc. For best results, use 1 lb. per 1000 square feet and work into the top 3" of soil by cultivation, hoeing or discing. 1 lb. in sifter type can only 1.15; 3 lbs. 2.25; 5 lbs. 3.25, pdd.

Gurney's ROSE DUST

Controls Black Spot, Mildew, Rust Mite and many chewing and sucking insects that afflict roses. Keeps them clean and blooming. 4023-3 1/2 lb. in dust gun, 1.19; 3 lb. bag, 1.98.

Gurney's ANT KILLER

4003-Simply punch several holes in the top of the can and set on shelf or wherever ants are and-no more ants. Absolutely guaranteed. 3 cans, 98c, postpaid. Single can 39c, postpaid.

KILL SOIL PESTS with FUMI-SOIL

4017-An amazing soil fumigant that kills underground pests foliage sprays can't reach. Will control ants, grubs, wireworms, nematodes and other root pests. Moles, too, can be controlled with Fumi-Soil Capsules. 24 capsule pkg. only 1.45; 100 capsules 3.95; 200 capsules 6.95, pdd.

DOGS'S S-CAT

4000-Protect shrubs, evergreens and flowers. Extremely offensive to animals. Full directions on the container and is very easy to use. One evergreen tree is worth many times the small cost of protection. 8 oz. can 89c; 16 oz. size 1.29, postpaid.

MALATHION

Fly Killer
4008-So easy to use, these small solid flakes are simply scattered on floors, litter, ground or any areas where flies frequent. A fast killer that will last for days. Will control DDT resistant flies. The newest and most revolutionary fly killer! Low available. 1 lb. 99c, 3 lb. bag 2.29; 10 lb. bag 3.98, pdd.

CHLORDANE for HOME and GARDEN PESTS

4077-Chlordane 45% Emulsion. Now you can control ants, chiggers, ticks, chinch bugs, grasshoppers, Japanese beetles, grubs, roaches, and many other garden, farm, lawn and soil insects. Easy to use, full directions on container. 1/2 pt. (8 oz.) 1.15; 1 pint 1.89; 1 quart 2.89, postpaid.

4078-6% Chlordane Dust. Mighty handy to have around the house to control ants, roaches, carpet beetles, centipedes, silverfish and spiders. Controls grubs, wireworms, grasshoppers, blister beetles, cabbage worms, potato beetles and many other garden pests. Complete directions on the package. 1 lb. (sifter can) 98c; 3 lb. bag 1.98; 5 lb. bag 2.98, postpaid.

ROACH KILLER

4004 One of the most effective preparations against roaches. No need to be bothered with roach pests when they can be controlled so effectively. Full and easy instructions on the container. 4 oz. can 35c; 3 for 98c, postpaid.

BLACK LEAF "40"

4008-All-around spray for aphids, lice, defoliating poultry, sheep dip, etc. Full directions with bottle. Black Leaf "40" has long been a favorite of gardeners everywhere. 8 oz. 69c; 5 oz. 1.49, postpaid.

VOLCK (Oil Spray)

4042-A highly refined spray carrier for use against Mealy bugs, Scale insects, Red Spiders and White Fly Larvae on many plants, especially house plants, fruit and shade trees, evergreens, chrysanthemums and many shrubs. 4 oz. 69c; 16 oz. 1.29, postpaid.

BORDEAUX MIXTURE

4005-The famous compound for control of black rot, blight, etc. 1 lb. 89c; 4 lbs. 1.79, postpaid.

ARSENATE OF LEAD
4007-General, popular spray for protecting fruit trees against disease and insects. 1 lb. bag 2.19, pdd.

BORERKIL

for Tree Borers
4043-The best method we know of for controlling borers in trees, small fruits, etc. When injected into their burrows or under bark. It kills boring insects. Very easy to use with directions and injector tip. 1.00, postpaid.

WARFARIN RAT and MOUSE KILLER

This powerful, safe rat and mouse poison was developed by the University of Wisconsin. Warfarin is so effective because it is an anticoagulant, causing the rodents to bleed to death internally.

4070-4 oz. can (makes 5 lbs. of bait), 1.75; 8 oz. can (makes 10 lbs. of bait), 3.00, postpaid.

4075-Ready Mixed Bait. 1 lb. package ready to use. 98c; 5 lb. size 2.98, postpaid.

4012-Warfarin Liquid Concentrate: Just mix with water. 1/2 oz. pkg. (makes 1 qt. bait solution) only 39c; 3 pkgs. for 98c, pdd.

4083-New Pelleted Warfarin. Easy, convenient, ready-to-use bait. 1 lb. 98c; 5 lbs. 3.29, pdd.

RODENT KILLER for Moles and Gophers

4001-Drop a cake in the mole run or gopher hole and your troubles are over. Acts as a stomach poison. Gets them quick. Can't harm poultry, domestic pets or animals. This mole and gopher killer DOES THE WORK and is easy to use. Per box with easy to follow instructions 50c; 2 boxes, 95c, postpaid to your mailbox.

FLYING DISK

407-Scare birds and animals away. Amazing protection for newly planted seeds, berries, fruit trees, etc. Made of shining aluminum. Spin and whirl madly, give blinding reflections and ward crows, sounds-to scare birds and animals away. 10 Flying Disks with instructions, only 39c, postpaid.

New Aluminum RABBIT WRAP

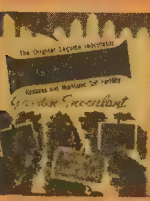

4076-The protective 30-foot aluminum web which is 4 inches wide is easily applied in a bandage like manner around the trunk of the tree. Just wrap to the desired height for positive protection.

Spiral Wrap Roll (4"x30') 1.15, pdd.
Jumbo Size Roll (24"x50') 8.69, pdd.

INOCULANTS and DISINFECTANTS

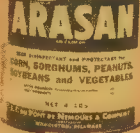

Be Sure to Inoculate with NITRAGIN For Peas and Beans

4015-All your garden peas, beans and sweet peas should be inoculated. Inoculation helps the plant to take nitrogen from the air, put it in the soil. Just takes a minute to dust it on your seed, no trouble at all but it makes a world of difference in your yield. Enough to inoculate 5 lbs. of seed. Full directions on each packet. Per packet 25c, postpaid.

Use ARASAN

4086-Increases stands and yields by reducing losses from seed decay, damp off and seedling blight caused by seed and soil-borne diseases. 1 oz. pkg. (enough for average garden), 50c; 8 oz. can 1.65; 2 lb. can 3.95, pdd. (For use on field seed, see page 33.)

CERESAN M.

4019-For treating seed-borne bunt or stinking smut of wheat, swat of oats, some smuts and stripe of barley, sorghums, and rye, etc. 1 can treats 25 bu. of grain. 14 oz. can 1.85, postpaid.

SEMESAN BEL

4021-For treating potatoes to reduce scab and Rhizoctonia, ring rot, bacterial wilt, stem rot, seed-piece decay, etc. 3 oz. treats 10 to 15 bu. seed. 3 oz. can 98c, postpaid.

SEPTAGAN

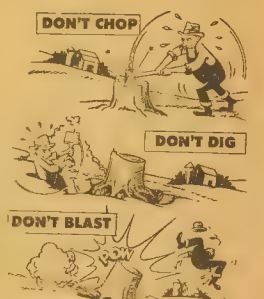

4020-For combating diseases on seeds, bulbs, roots of flowers, vegetables and nursery crops. Reduces seed rotting and damping off of seedlings. 4 oz. can, 1.80, postpaid.

Campbell's STUMP REMOVER Gets Rid of Stumps Like Magic

4089-Contractors charge up to \$5.00 or more to remove a stump. Now you can remove your own-any tree stump any size, any age, any place, any time, for as little as \$1.65 without chopping, digging, blasting or pulling.

Campbell's Stump Remover is a chemical compound formulated to eat open sap pores in a stump, to honeycomb and decompose it. With pores open, the stump becomes sponge-like, porous can thus be saturated with kerosene clear to the end of the roots-it will then burn quickly, completely, and with a low smoldering flame. Do it the easy way.

Full directions on package. Trial package, 8 oz. (enough to remove one large stump), 1.65, pdd.

Use BLOSSOM SET No Seed Hormone

On Your Tomatoes For Bigger Fruit More Luscious Heavier Bearing

TRANSPLANTONE
4060—Amazing new Hormone-Vitamin stimulant (Not a Fertilizer) that gives better transplanting results. Use in the garden on annuals, perennials, shrubs, roses and vegetables. One ounce makes 10 gallons of transplanting solution. You'll see unbelievable results, larger flowers, quicker start, more luxuriant plants and so easy to use. 3 oz. can 1.00, postpaid.

4054—Just mix with water and spray over the whole plant. Stops blossom drop; sets fruit chemically. Tomatoes ripen 2 to 4 weeks earlier. Fruits are larger, firmer, more delicious. Most are SEEDLESS. Try Blossom Set and you'll say you never tasted such wonderful tomatoes. Remember, it sets the fruit chemically, not by pollen. Excellent also for strawberries, peppers, cucumbers. Tested by U.S.D.A. 4 oz. bottle (makes 1 gal. spray) 75c; 1 pint (makes 4 gal. spray) 1.75, postpaid.

New Aerosol Dispenser Now Available

Here is the convenient, easy way to spray. Just push the button and—WHOOSH!—it's all done just as easy as that.

4033—Aerosol Type Blossom Set. 12 oz. ready-to-use can (season supply for 100 plants) for only 1.95, postpaid.

Try This SENSATIONAL BERRY-SET On Your Strawberries

Just Spray The Blossoms

4067—Makes berries grow much larger—often 50% to 100% BIGGER. Meatier, sweeter, more luscious tasting. Greatly increased berry yield. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruits over a longer period; therefore gardeners enjoy a longer season, get greater enjoyment from their plants and greater value, too. This new scientific "Hormone" powder effective on ALL berries. 1 oz. package makes 4 gallons. 1 oz. 50c; 3 oz. 1.00, postpaid.

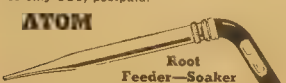

PLANT FOODS—SOIL BUILDERS AND FERTILIZERS

FERTILIZE THIS EASY WAY... right in your own garden hose.

ATOMS
4034—Fertilize right in your garden hose. No mess, no dirt, when you use new Fertilizer Atoms. Let the water in your hose or sprinkling system evenly distribute vital plant foods while you relax. Simply drop five ATOMS into hose, turn on water. ALL PLANT LIFE thrives on new Hi-Power Fertilizer ATOMS. Ideal for lawns, shrubs, trees, gardens, flowers, house plants. Will not harm or burn. All ingredients soluble. One application lasts approximately 60 days.

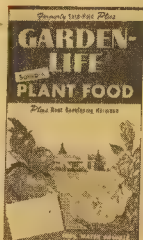

100 Atoms Fertilizer 2000 sq. ft. Box of 100 only 98c, postpaid.

ATOM
4035—Here is the easy, efficient way to feed and water all trees and shrubs. This 2" plastic root feeder gets water and fertilizer down to the root tips where it does the most good. Easy to use. Each Feeder-Soaker contains 1/2 oz. of Atom and costs only 1.98, postpaid. Re-order Atom refills listed above.

Hi-Power Fertilizer

GARDEN LIFE

New Soluble PLANT FOOD

4016—Now you can pep up your plants, lawns, shrubs, trees, and help them grow faster, bigger and better. Fine for house plants and African Violets, too. Makes a high content (10-52-17) liquid fertilizer with added root developing hormones. Marvelous for transplanting and practically assures success. This year you'll grow larger and more colorful blooms, tastier fruits and vegetables; in fact, all-around better success if you use Garden Life Plant Food with regularity. All Postpaid.

Double The Life Of Your Cut Flowers With FLORALIFE

For All Cut Flowers

4031—Want your cut flowers to last longer? It's easy to almost double their life with this truly amazing preparation. It helps prolong life, retards wilting, prevents fading and helps maintain fragrance. Floralife prolongs the life and beauty of roses, snapdragons, delphiniums, carnations, gladioli, peonies, larkspur, chrysanthemums, dahlias, asters, gypsophila, pompons, etc. For an interesting comparison place several blooms in a separate vase of plain water and notice the surprising difference after several days.

Trial Packet (Makes 2 quarts of solution), only 15c; Handy Home Size (makes 30 quarts) only 1.00, postpaid.

Make Your Own Fertilizer

FERTOSAN

Compost Accelerator

4099—Millions of dollars worth of the finest humus plant food available is wasted annually because people do not take advantage of nature. Do not destroy by burning or hauling away, those valuable leaves, garbage, rubbish and the like. It's easy to start a compost pile and turn this waste into valuable fertilizer.

Fertosan is a wonderful powder that converts garden rubbish, leaves, etc., into manure in just five or six weeks. Now you can have your own compost pile and make rich humus-laden manure in just a few weeks. Large packet (enough for 1 ton) only 97c, postpaid.

SUPER PHOSPHATE

4084—For blooming plants. Many plants do not bloom because soil is often short of super-phosphate. If soil is deficient in this, when used according to directions, Gurney's SUPER PHOSPHATE will help your African Violets and other blooming plants to bloom better. 3 lb. package, 1.49, ppd.

GROWING PLANTS NEED FOOD

Any investment you make in trees, shrubs or flowers should be protected. Give them the chance they deserve by providing the proper plant food. It will pay you many times over in less loss, more vigorous growth, more luxuriant growth and better results. You'll find a fertilizer listed here to fit your needs.

HYPONEX

4009—Simply dissolve and water all your house plants, garden flowers, vegetables, shrubs, lawns, trees. Produces more and larger flowers and fruit. Excellent for seedlings, cuttings, transplants. Clean, odorless. Won't burn foliage or roots if used as directed. Contains all nutritional elements—plus vitamin B1. Feeds instantly. 7 oz. can 50c, postpaid.

"Stim-U-Plant"

FERTILIZER TABLETS

4010—Feed your house plants, roses, shrubs, etc., the modern way with TABLETS of plant food. No mess, clean and odorless, won't burn. 30 tablets 29c; 100 tablets 95c, postpaid.

"GROW-AID"

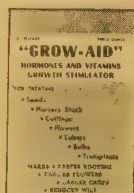

The Hormone Vitamin Concentrate

This new miraculous dust multiplies roots, speeds up root growth and stimulates and makes larger plants when used on vegetables, plants, shrubs, seedlings, trees or flowers. A combination of the recently discovered, very beneficial root stimulating Hormones and the better known Vitamins that have made plants GROW FASTER, YIELD MORE, AND PRODUCE LARGER FLOWERS AND FRUITS. Tests by state colleges everywhere approve it.

Very Easy to Use

Can be used either as a dust on seedling roots or sprinkled on vegetable seeds or may be used as a solution (add 1 teaspoonful to a gallon of water) to soak roots before planting or to water plants already established. (Full instructions for GROW-AID on each package.)

No. 4018—1/2 oz. (enough to treat 17 lbs. garden seed, etc.), 25c, postpaid; 3 oz. for large gardeners, planters, etc.), 1.00, ppd.

For Better Lawns, Trees and Shrubs

Use Gurney's Famous GREEN THUMB PLANT FOOD

If your plants get hungry and sickly, with yellow leaves, stunted growth and colorless flowers, they need food and water and cultivation. You can either spend hours fertilizing these hungry plants or you can use Gurney's GREEN THUMB PLANT FOOD and do a better job in a short time. In fact, we don't know of anything better for starting newly planted things off right.

Besides being an excellent food for indoor and outdoor plants and flowers, it works equally well on lawns, shrubs, trees and vegetables.

ACTION STARTS AT ONCE

You just mix 1 tablespoonful with a gallon of water and pour around plant just like you were watering it. Being a liquid, the solution goes directly to the roots and action starts at once. There's no waiting for results—you see them in a matter of days. The solution is odorless and non-poisonous. Contains the nutrition that growing things need.

NOTHING EASIER TO USE

One 16 oz. package of Gurney's powdered GREEN THUMB PLANT FOOD makes 30 gallons of liquid fertilizer. Full, simple directions on package tell how much to use for various plants, trees and lawns. You'll be surprised at how easy it is to fertilize this way and how little it costs. You'll also be surprised at the results!

Just One Tablespoonful of Gurney's GREEN THUMB PLANT FOOD plus water equals 1 gallon of liquid fertilizer.

GURNEY'S GREEN THUMB PLANT FOOD is composed of important plant nutrients and when mixed with water they become immediately available to the roots of hungry plants, lawns, and trees. You can see results in a short time.

Gurney's LOW POSTPAID PRICE \$1.39 No. 4011 16 Oz. Package: (Makes 30 gallons of Plant Food.) 3 lbs. 3.65; 5 lbs. 4.99, ppd.

Plant By The Moon MOON SIGN BOOK 256 Pages

4027—Planting by moon signs has been argued pro and con. We are neither "for or against" planting by moon signs because we don't know. Also tells you right dates to butcher, cut sprouts, go fishing, etc. Lots of people

believe in it, and lots don't. If you do, here's the best book put out on the subject.

Only 1.25, postpaid.
Written by LLEWELLYN GEORGE
Well-Known Author and Lecturer

Protect With HOTKAPS

4058—Every gardener likes to get an early start with his vegetable plants, flowers, etc. There is only one way this can be done and that means planting early. The only trouble with this is the danger of late freezes in the spring.

Now you can protect your early set plants with Hotkaps. They are made with heavy waxed-paper covers to put over newly set plants. Positive protection against frost, sun, wind and insects. Increase yields. Crops ripen 2 to 3 weeks earlier. Packages of 100 to 250 contain setter for setting kaps. 25 for 1.25; 100 for 3.89; 250 for 7.25; postpaid.

CYCLONE SEEDER

4082—For many years this hand seeder has been considered the very finest of its type. It's built to last for years and years. Ideal for sowing

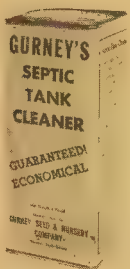

clover, timothy, alfalfa, lespedeza, sudan grass, oats, wheat, or any other seed that is sown broadcast. Does a fine job of sowing lawn seed too.

Strongly constructed with double feed insuring a uniform flow of seed. Feed adjustment is automatic and starts or stops flow of seed instantly. Each 4.95, postpaid.

The "Mechanical Hand" LAWN BUTLER

4047—Don't bend down to pick up fallen objects or debris from your lawn! Use this ingenious mechanical hand to pick up most anything from floor or ground, WITHOUT BENDING DOWN OR STOOPING! Just squeeze the handle and the jaws close around anything you want to pick up such as twigs, paper, etc.

Wonderful for digging out stubborn chemically resistant weeds, such as plantain or patches of crab grass. With a single motion the Lawn Butler cuts the weed out at the roots and picks it up. Use it to cultivate flower beds, too. While They Last Only \$1.98 ppd.

Gurney's SEPTIC TANK CLEANER

5005 Having trouble with your septic tank? Cess pool? Grease traps? Now you can keep them clean. Prevents plug- ging of drain and cess- poles of odors. Gurney's Septic Cleaner is a powder form of live bacteria that come to life in your septic tank or cess pool. So easy to use—you just flush down the drain. Guaranteed to satisfy you. 1 lb. 3.00; 5 lb. 12.95; 3 lbs. 8.50, postpaid.

GRAFTEX Grafting Wax

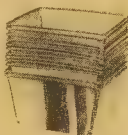

5000—Here is a product of many uses. Originally devised to fill the need for a more satisfactory grafting wax. GrafTex has also been found to be ideally suited for the dressing of plant wounds and breaks of every type. GrafTex has a combination of qualities never before available.

Always ready for instant use—no mixing, no preparation is needed. It adheres perfectly even to wet surfaces. Stops bleeding of wounds. It does not dry out or crack and will conform to the stretching and bending of plant growth. 1/2 lb. can only 1.45; 5 lb. can 4.95, postpaid.

BERRY BOXES

Every year we receive letters from folks all over the country who are in need of a supply of strawberry boxes. Of course, they are also used for other small fruits such as raspberries, gooseberries, cherries, plums and other fruits. We now have a good source of supply for well-made boxes and the prices are right. 4069—These are the regular standard, wooden kind with reinforcement band on top.

QUART SIZE
100 for 3.25, ppd. 500 for 10.75, net ppd.
250 for 6.95, ppd. 1000 for 19.95, net ppd.

PINT SIZE
100 for 2.98, ppd. 500 for 9.95, net ppd.
250 for 6.65, ppd. 1000 for 18.95, net ppd.
Weight: 500 of quart size, 38 lbs.; 500 of pint size, 35 lbs. Crates not available.

Grows Vegetables and Flowers
1 to 2 Months Earlier

REDI-SET TRELLIS

5004—This is one of the sturdiest built, wood, tulip design trellis we have ever seen. The design of this trellis makes it ideal for growing vines and climbers because of the surfaces provided for the vines to grip. You can't beat it for climbing flowers, vines, Morning Glory, Clematis, Roses etc.

The Redi-Set Trellis comes knocked down in a special mailing tube. Takes only a few minutes to assemble and it is then ready to put in place. Full instructions sent with each trellis.

There is no substitute for flowering vines and climbers and there's nothing better to grow them on than the Redi-Set Trellis.

Stands full 66" high yet costs you only 2.98, postpaid.

Prevent Vegetables from Sprouting with DORMATONE

For Potatoes, Carrots, Turnips, Rutabagas, etc.

4053—Now you can store your home-grown potatoes, carrots, turnips, rutabagas, for 12 months without sprouting or shrinking. It isn't necessary for you to have a fancy vegetable cellar or cold storage. Dormatone actually improves cooking and eating quality, also appearance.

Gurney's SOOT DESTROYER

4049—Here is the easy way to clean out soot and carbon from your stove and chimney. Every year thousands of home fires occur from dirty flues, furnaces, etc. This is an absolutely safe, non-explosive method of cleaning out coal, oil or wood burning furnaces, stoves, boilers, chimneys, etc. All you do is add the required amount of powder to the heating equipment when the fire is going and the job is done. Full instructions sent with the order. 1 lb. can only 89c; 3 cans for 2.29, postpaid.

Safety Type BIRD BATHS

No Danger of Killing a Child

Here are the slickest bird baths we have ever seen. They are made of metal, strongly constructed. Carefully enameled. Will last a lifetime. Light weight so no danger of injuring children who might upset them. Easy to move, if you wish, when mowing. Come to you knocked down, but are easily put together.

4096—Lawn Model (with 3 legs), 7.95, postpaid.
4095—Flower Bed Model, 4.95, postpaid.

Original ANDREWS PLASTIC HOSE

The Twin-Tube Sprinkler

4090—This new sprinkler sensation with its twin tubes is a dandy. Stays upright; can be shortened; will sprinkle one way if desired. Made of pure virgin vinyl plastic which will not rot. Does a thorough job. 20-ft. length—2.49, ppd. 30-ft. length—3.49, ppd. 40-ft. length—3.98, ppd.

MINUTE MAN Hose Reel

4030—Protect that garden hose and always keep it neat. No more tangle, no hose damage and so easy to reel in and out. Extra

brackets make it easy to move from one location to another. 4.95 each, postpaid. Extra wall brackets 75c each, postpaid.

SWEET PEA TRELLIS

Grow Them The Easy Way

4032—This new, weatherized trellis netting is ideal for supporting Sweet Peas, Garden Peas, Cucumbers, Tomatoes, etc. Grows finer, larger flowers and vegetables. Very easily hung in place without any fuss or bother. Train-Em's are specially treated to last for several seasons. No. 1 size (60"x72") 85c; No. 2 (60"x96") 1.15; No. 3 (60"x180") 1.49, postpaid.

Sweet Corn

"KERNEL KUTTER"

Strips Kernels Off Ear With One Stroke

4046—Enjoy sweet corn fresh off the cob. Perfect for deep freezing, cooking and creaming. Gives you clean, whole kernels, none mashed or crushed and no cob particles. 1.95 each, postpaid.

New Aerosol RABBIT REPELLENT

4052—This new Ringwood Repellent is the newest, quickest and most effective repellent of them all. Easily sprayed on dormant trees, shrubs, etc. Lasts in place for 30 days against rabbit damage. One application lasts all season and the 1 oz. bottle will take care of practically all the shrubs and trees in the average home planting. 5 oz. Aerosol Dispenser 1.00; 2 for 1.89, postpaid.

ATTENTION, ALL KIDS! It's Easy to WIN THESE VALUABLE PREMIUMS!

FREE! MOTOR SCOOTER

1st GRAND PRIZE Cushman Motor Scooter

This dandy Deluxe Highlander Motor Scooter could be yours. A big, rugged, husky scooter that will go up to 15 miles on a gallon of gas. Cruises up to 35 miles per hour. The boy or girl that sells the most collections of seed by June 1, 1958, will receive this motor scooter absolutely

free. Previous winners of Grand Prize are not eligible to compete for same award in 1958.

The winner will be notified after June 1, 1958, and scooter sent at once. There can be only one winner. In case of tie, person who settles up first, wins.

Be a Gurney "SEED KID"—Earn Dandy Premiums or Cash—Send No Money Now

Every year thousands of boys and girls win cash or their very own, or dandy premiums, just by selling a few packages of Gurney's vegetable and flower seeds to their friends and neighbors. You can do it, too. All you do to get cash or a premium is to sell 10 or more collections of seed. For every 10 collections sold you can keep 25¢ as your share. Or, if you like, you may choose a premium instead.

HERE'S ALL YOU DO

Get your parents' permission and then fill out the coupon at the bottom of the page. Send it to us and we'll rush the collections of seed to you. After you have sold the seeds, keep your share of the cash, and send the balance to us, or, if you want a premium instead of cash, send us all the money and tell us the premium you want. And, don't forget, you can win the Cushman Motor Scooter or the Murray Bicycle. Just go out and sell as many collections as possible.

Flower Collections Help Sales

In addition to the vegetable seed collections, we include 2 large collections of flower seeds. This is for the folks that don't have room for a garden. Each flower collection contains the following varieties:

Alyssum	Morning
Aster	Glory
Bachelor	Petunia
Button	Poppy
Strawflower	Sweet Peas
Marigold	Zinnia

1957 GRAND PRIZE WINNER
Sandra Kubik, Pukwana, S. Dak.

This beautiful M24 Deluxe Murray Bicycle goes to the boy or girl that sells the second largest number of collections of seed. It's a full 26" size with twin spring fork assembly—white side wall tires—headlight—reflectors—luggage carrier—everything. Your choice of a boy's or girl's model. Award rules the same as for the 1st Grand Prize.

Some Boy or Girl Will Win These Grand Prizes—It Might Be You!

These two Grand Prizes are really worth working for. All it takes is that little extra effort and one of them can be yours. Any way you look at it, the regular premiums for selling seed are dandies. Why not get your share?

2nd GRAND PRIZE WINNER

This picture shows young Terry Wirth of Rt. 2, Frazee, Minn. who was the 1957 2nd Grand Prize Winner. Terry is the son of Mr. and Mrs. Ed. Wirth.

YOU'LL FIND THESE SEEDS ARE EASY TO SELL

Here's What We Send You To Sell

8 Large Collection Packages of Gurney's vegetable seeds. Each collection package contains 10 packets of seeds, as follows:

Early Curled Lettuce
Danvers Half Long Carrot
Dahlias Flowered Zinnia Mixed
Amer. Branching Aster Mixed
Earlbell Tomato
King of Denmark Spinach
White Icicle Radish
Early Pickling Cucumber
Scarlet Globe Radish
Dark Red Beet

Also 2 Large Collection Packages of Gurney's Flower Seeds. Each collection package containing 10 different packets of flower seed.

You make 10 sales (10 collections) at 6¢ each. (Seeds are sold in collections only—not by individual packets.) Each person who buys a collection from you gets 10 packets of seed enough for a whole garden, at the low price of 1¢ per packet. This is our regular, high quality seed, priced low to make your selling easy, and so low we cannot chance the assortment.

Choose Which You Want and GET STARTED

It Won't Take You Long To Earn These:

For every 10 collections you sell you can keep 25¢ as your share. Or if you like, you may choose from the wonderful premiums listed below:

1. (see illus. above) Rollfast ROLLER SKATES

This is the nationally known Rollfast roller skate. For girls or boys. Adjusts to all sizes. Dustproof, heavy gauge, ball bearing wheels. Live rubber cushions. Bright nickel-plated finish. Gurney's Better-Bred BABY CHICKS

FOR LOTS OF EGGS—BUY THESE

GURNEY'S "G.L." No. 1
H10—Here is the chick you have been waiting for. Heavy producer of large white eggs. Bred primarily as an egg producer but big enough for lots of meat. Compare with chicks selling at twice the price. Since we introduced this fine, new type, our customers just can't say enough about the good points. We believe you'll agree too, that Gurney's "G.L." No. 1 chicks just have no equal.

ALL U. S.
APPROVED

U. S. PULLORUM

and TYPHOID CLEAN

Farm Bred for Extra Vigor

All Gurney's chicks come from farm-bred flocks which are carefully supervised by our hatcherymen. Our hatching eggs are produced right on the farm to give you better, healthier, hardier chicks. Don't waste time and feed on chicks of doubtful origin. This year insist on Gurney's U. S. Approved and U. S. Pullorum and Typhoid clean high-producing strains. They are the only chicks you should raise on your farm if you want bigger poultry profits at less cost to you—the poultry raiser.

HOW TO ORDER

If you place your order before March 15th and send payment in full, you may deduct \$1.00 per 100 on all chicks except light cockerels—we will deliver chicks the date you specify.

If you do not want to pay for your order in full, just send \$1.00 per 100 down payment for the chicks you want and then send the balance 10 days before the delivery date you specify—no discount under these terms. On C.O.D. shipments for the balance due, you pay the postage and C.O.D. charges.

Orders for less than 100 chicks add 2c per chick extra.

Beyond zone 1, add 50c per 100 chicks ordered to cover extra postage.

TRY THESE SPECIALS FOR A REAL SAVING

It seems like no matter how hard we try or how many hours we spend "guesstimating," it is impossible for us to make our hatches come out even with estimated orders. Some weeks we are long on this breed or that. Sometimes they order more heavies than lights, or more pullets than we had figured.

That is why we are making the special offers listed below.

Heavy Assorted STRAIGHT RUN

H110—There won't be any light breed chicks in this special offer. Just what you are looking for if you want eggs and lots of meat.

ONLY
15²⁵
Ppd.
Per 100

Heavy Assorted COCKERELS

H120—A mixture of our finest heavy breed cockerels. A real buy for those of you who have freezers or sell meat birds. These are real money makers.

ONLY
13⁹⁵
Ppd.
Per 100

All Breeds ASSORTED Straight Run

H130—Our most popular offer for those of you that want general purpose chicks. It's a mixture and you'll get both pullets and cockerels.

ONLY
14⁹⁵
Ppd.
Per 100

All Breeds ASSORTED 40% Heavies

H140—We don't guarantee sex in this special offer but at least 40% of all the chicks will be fine heavy breeds. A real meat offer.

ONLY
9⁹⁵
Ppd.
Per 100

ALL
POST-
PAID

ORDER BEFORE
SAVE \$1

It's a great help to us when you order early. That is why we give customers a \$1.00 per 100 discount along with your order March 15th. This offer is except light breed cockerels. Special, or if you wish, a chicks ordered will hold your order date wanted with the chicks received ten days before shipping early this year. It's the chicks you want, when you want them.

TRY STRAIGHT RUN CHICKS FOR EXTRA

Again we suggest ordering early cockerels for the early laying pullets which will be in the favorable fall market.

For ever more profit, try Gurney's Better-Bred chicks as early as you possibly can. Fryers which always bring more. This is just a sound poultry makes extra money for you. Try it and see for yourself.

Here is Why Gurney

It is not just by chance that from Gurney's are as fine as price. True, it is important that and U. S. Pullorum and Typhoid more than that alone to produce Highest egg production is bred chick. Most of our flock own years. This means we have their flocks some of the hardiest hatched right here at Yankton, vision of the National Poultry is through this combination finest in modern equipment, Baby Chicks are known throughout honest-to-goodness money makers. Give them a try, and you called Better-Bred Baby Chicks.

READ WHAT GURNEY CUSTOMERS

Dear Sirs:

Must write and tell you how so far. They are all nicely feathered. Don't think we ever had growing or nicer looking chicks.

Lost only one pullet so far the 350 ordered.

Thank you,

Art Slip, Tyndall, S.

Dear Sirs:

Am ordering 125 Pullets, Gurney's "G.L." No. 1 I ordered some of last year and they certainly some wonderful layers. They at 4 1/2 months and we got 200 hundred eggs every day last week.

Dear Gurney's:

The chickens (100 Gurney Specials) received from you about a month ago were the best chickens I ever took out of a box (100%). Up to this time I have never had chickens do so well.

L. C. Healy,
Fort Collins, Colo.

Dear Sirs:

Thought I would let you know that the chicks you sent on the 22nd of April arrived on the morning of April 21, all in fine shape. A little thirty I put in doing fine and not one dead.

John De La,
Copeland, Idaho

Dear Gurney's:

I received my chicks yesterday, April 24th. All were alive and happy. They sure are nice little chicks and hope I can raise them all. Just a line to let you know.

Mrs. Darwin Sloan
Mintire, Iowa

ALL GURNEY CHICKS ARE GUARANTEED!

100% SAFE ARRIVAL

We guarantee 100% live delivery of all Gurney chicks. Furthermore, we guarantee that the chicks will be lower quality than others. All hatch chicks must be exactly as represented in grade and breed offered.

Each chick is included in each box. If chicks arrive count the live ones. If you do not receive many live chicks as you ordered, or if any of them are in bad condition, simply have your delivery agent sign a statement and mail to us within 24 hours. We will replace them FREE!

95% TRUE TO SEX

We guarantee our Pullets to be ninety-five percent true to sex. If more than five percent are males, we will make an adjustment on all over five percent of the total.

At any time, most be made within 60 days of delivery. Chicks are received in case of complaint. Chicks will be sent 3:1 in an equal ratio to the chicks ordered. We reserve the right to make a light run or heavy co-ord order. If no orders are not available.

FOR MEAT AND EGGS—BUY THESE

NEW HAMPSHIRE

WHITE ROCKS

H100 Our "Giant Type" have beautiful snow-white plumage. They mature fast and feather rapidly. They will dress out at almost any age, yellow colored and free of pin feathers. This makes them excellent for broiler purposes. White Rocks are one of the most popular all-purpose breeds, combining good egg production with fine quality meat.

Order The Easy Way—BY MAIL from GURNEY'S

A Larger Selection—Fresher Stock—More Dependable

An Aerial View of Part of Gurney's Huge Nurseries
Fresh, Field-Grown Stock
That You Can Depend On

Along the fertile banks of the Missouri-River we raise hundreds of acres of the finest nursery stock that can be grown in America. Fresh, field-grown stock is almost a "must" if you are to have successful planting results. We also have the finest refrigeration equipment available to insure you of getting the best dormant stock and at as late

a planting date as possible.

We are equipped to irrigate our entire planting if this should become necessary and of course we use the very latest methods of propagation as well as equipment.

All of this plus over 90 years of "know how" insures you of getting first class merchandise—and at a saving.

If you have never tried Gurney's before, give us a chance to show you why we are called the Home of Seeds and Trees that Grow and Satisfy.

Buy DIRECT from GURNEY'S and SAVE

No Middleman Profit to Increase Your Cost

Because we raise a vast majority of our own stock and do NOT use Agents, we can pass those additional charges right back to you—the consumer—in the form of lowest prices possible. All we ask you to do is compare our prices with others and you will see for yourself that you can save at Gurney's.

It has always been our policy to furnish the finest possible stock at the

lowest possible price. We don't believe in exorbitant prices and don't ask them as you'll see for yourself. We don't charge high prices just because others do even though it might be possible for us to get those same high prices others are asking.

We could put out a lot fancier catalog but it would cost a lot more money and would not improve the quality of the stock one bit. All it would result in would be, higher prices to you. That's the one thing we are against.

Over 90 Years Experience At Your Service

COL. C. W. GURNEY

GEO. W. GURNEY

SID GURNEY

Three Generations of Seedsmen and Nurserymen

Colonel C. W. Gurney started in the nursery business right after the Civil War and remained in it until his death in 1913.

Geo. W. Gurney who is one of Col. Gurney's sons has been in the business ever since he was a child. His time spent in the business, goes back over 65 years and should go on a good many more.

Sid Gurney who is George's son has spent all his life following in the footsteps of his Father and Grandfather.

Yes, we have 3 generations of nurserymen behind every purchase you make at Gurney's. This extra experience is yours for the asking. Every year we receive thousands of letters from folks all over America and we are

glad to help them in every way that we can. Just give us a try.

A Front View Of George's Home At Yankton

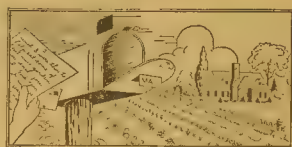

Thought you might like to know what Geo. Gurney's home looked like from the front. The evergreen planting is made up of all Junipers from the nursery. This is the north side of his home too. Sorry the picture isn't better.

We Are as Close to You as Your Mailbox

Hundreds of thousands of folks all over America have been making Gurney's their headquarters for the finest seed and nursery stock that money can buy. And they save money too. Why?—Because they are buying direct from one of the largest growers in the country.

Gurney's have been in business for over 90 years and over 60 of those years have been right here at Yankton. The only comparable soil to our bottom lands along the mighty Missouri river here at Yankton, is said to be the Valley of the Nile. Yankton is the home of the gigantic Gavins Point Dam which forms the huge Lewis and Clark Reservoir. This makes one of the finest

recreation lakes in America—a lake over 40 miles long. We are only about 200 miles from the geographic center of North America. This makes us ideally located to serve the entire country by mail.

A Whole Nursery Right in Your Living Room

No Other Shopping Method Offers Such A Vast Selection

The picture at the right shows you how easy it is to shop at Gurney's. No parking problems, traffic, or bad weather to bother you. Just sit in the comfort of your living room and go over the big Gurney catalog. That's the way hundreds of thousands of people do every year.

In addition, where else do you get such a huge selection of varieties to choose from? Or so many new introductions in the seed and plant line?

It's a fact, no other method of buying nursery stock can offer you the many advantages you have when you shop by mail at Gurney's. Yes, it is just like having a complete seed and nursery store right on your dining room table

SHOP IN THE COMFORT OF YOUR HOME

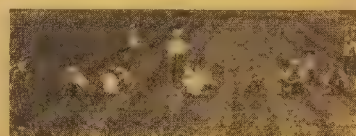

when you pick up the Gurney catalog. And you also know that you are not buying from a "fly-by-night" concern that is open for a few weeks in the spring and then you never see them for the next 10 months. We are always here the year around to help you with your problems and take care of your needs.

A Corner Lot and A Little Sales Room Does Not Make a Nursery

It takes more than a corner lot and a few trees and shrubs which have generally been purchased elsewhere for resale, to make a real, honest-to-goodness nursery.

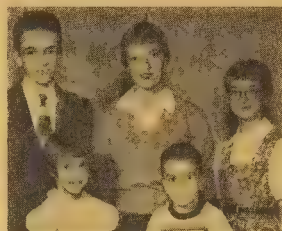

First of all it takes "know how," which is something that can not be acquired in a few short days, weeks or even many months.

Only if one has the proper knowledge and background is he truly qualified to call himself a nurseryman or landscape architect. Rule 7 of the Federal Trade Commissions "Trade Practice Rules For The Nursery Industry" which is dated June 27, 1956, states as follows:

This picture shows the "Budding Crew" at work in one of our fruit tree fields.

"In the sale, offering for sale, or distribution of industry products, it is an unfair practice for any industry member to represent or imply that he is a grower or propagator of such products or any portion thereof, or that he has any experience or qualification which enables him to be of assistance to purchasers, when such is not the fact."

Here's the 4th Generation

These are Sid's 5 children. Dorothy Jane (the oldest girl) is in college while little Jay started Kindergarten last fall. Don't know whether any of them will be in the nursery business, but time will tell.

Getting Catalogs Ready for Mailing to All the 48 States

It's quite a job and takes quite a crew to mail out the Gurney catalogs each year. Annually we send out over 2½ million catalogs and circulars. And there isn't a single state in the Union that doesn't have Gurney customers.

We own our own picture file and the different flowers, fruits, trees, shrubs, etc. are all pictures that we have accumulated over a good many years.

It's GURNEY'S GROW-IT-GUIDE For Better Planting Results

PLEASE READ CAREFULLY

This "Grow It" Guide has been prepared for one purpose—to help you get all types of nursery stock started and in good growing condition.

We have tried to make instructions simple, concise and easy to follow. The practices described are backed up by three generations in the business.

If you have any particular problem that is not answered in the "Grow It" Guide, always feel free to write. We are here to help you in every way that we can. I hope you have a very successful growing season.

Yours truly,

SID GURNEY

ASPARAGUS

Plant your Asparagus eighteen inches apart in the rows three feet apart in either spring or fall. Dig a trench and set the plants by spreading the roots well with the eye up. Cover the top with about 2 inches of soil and tramp well.

Asparagus is a heavy feeder so dress liberally with stable manure each fall. You can use Asparagus as soon as the stalks are the size of your thumb. Don't use the small ones. Stop cutting about June 1st to allow the bed to build up for the next year. As soon as stalks turn yellow in the fall cut close to the ground and fertilize in the fall if possible. Do not use first year.

CURRENT AND GOOSEBERRY

Before planting cut one inch deeper than the top and set plants about one inch deeper than they grew in the nursery. Space both types four feet apart in row with rows 6 to 8 feet apart. Practice clean cultivation and dress lightly with well rotted manure in the fall. After the fourth year cut a few of the oldest canes each year leaving the younger ones as fruiting canes. Do not require winter protection.

CANNAS

Plant after danger of frost in rich soil, and space plants 13 inches apart. The top eye should be covered about 2 inches deep. Water in dry weather and locate bed in full sun. After tops are killed by frost dig and store in cave or cellar where dry and cool, and yet free from freezing. Should be stored in dry sand with the tops down.

Do not divide the roots until next season's planting time when they can be cut in pieces with two or three eyes or buds per tuber. Keep free from weeds during the entire growing season for best results, and be sure you do not remove foliage until frost has killed the tops.

DAHLIAS

Dahlias love plenty of sunshine. Work up the soil well and deep. Lay the tuber flat on its side and cover 4 inches deep, pressing the soil firmly over the tuber. Keep soil loose and mellow by frequent hoeing.

Most varieties grow about 4 feet high, so should be tied to stout stakes to hold them in position.

Plant Dahlias 3 feet by 3 feet, keeping dead flowers cut off.

Dahlias must be taken up in the fall after frost has killed the tops. Dig carefully and store, tops down, in a box or a barrel secure from frost.

EVERGREENS

Follow These Instructions

1. Dig hole at least 8 inches larger and 2 inches deeper than the ball of earth on the evergreen.

2. Place tree in a perfectly upright position, slightly deeper (not more than 2 inches) than it grew in the nursery.

3. We advise first, filling the hole half full and carefully loosening and cutting away all burlap about 10 inches, do not attempt to remove the burlap from the hole as the ball of earth is apt to break.

4. After removing burlap fill ¾ full with dirt and settle with water. When water soaks away fill to top with dirt and soak again.

5. R.W. (Root Wrapped) trees should be planted same depth. Don't expose roots to air but puddle if possible. Spread roots well, then fill and pack firmly. Water freely after planting.

GLADIOLUS

Plant outside as soon as the soil warms up in early spring. Space 5 inches apart and plant 5 inches deep in soil deeply spaded and enriched. Like plenty of sunlight. Give plenty of cultivation and water during the summer, and use Gurney's Glad Dust to control thrip.

When foliage has died, either naturally or from frost damage, dig bulbs immediately. The tops should be cut off close to the bulb, and the old withered bulb at the bottom removed.

Store bulbs in a frost-free location over winter. Lack of moisture and high temperatures cause shriveling, so avoid these conditions.

HEDGE PLANTING

HEDGES

All hedge plants excepting evergreen types are planted in the same way. The spacing varies with the mature size of the plant (follow your grower's recommendation for spacing). Digging a separate hole for each plant generally works out better than a trench, unless the recommended planting is one foot apart or less, then a trench works out best. Dig at the proper depth and sufficiently wide to enable the roots to slip in without crowding. Plant about one inch deeper than they grew in the nursery row. Pack soil firmly after planting. Then cut all tops back to one-third their original height.

After the first year, many varieties such as Spire, Van Houttei, Barberry, Lilac, etc., require no pruning, but the other formal types should be pruned during the growing season only. Prune hedge narrower across the top than the bottom to allow sunlight to get to lower branches.

ROSES

Always locate your Roses where they get plenty of sunlight and in a reasonably well-drained location.

About Planting: After the bed is prepared, take your bundle of Roses open it and take one plant out at a time. The roots should be spread out carefully and the soil worked well around the roots. Set the plant about an inch and one-half deeper than it was growing in the nursery row. After you have filled the hole level with the ground, tramp it firmly, and then mound up with moist soil to a height of at least 8 inches (note (1) above), and remove the growth above the mound with a sharp knife or pruning shears. This mound can be leveled down commencing about one week to ten days after planting.

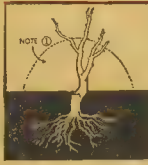

Winter Care: All roses grown north of the Missouri-Kansas line should be winter-protected with the exception of the hardy June or Bush Roses. Climbing Roses should be released in the fall, layed down on the ground and covered with a heavy mulch of straw, with just enough dirt to hold the straw in position. Polyanthus, Perpetuals, Hybrid Tea, Rose and Floribundas should be cut back to about eight inches from the ground and covered with soil. Do not take the soil from around the roots but set it from elsewhere. Put a liberal quantity of fertilizer around the mound of dirt. This winter protection should be applied just at the time the ground freezes up.

SHRUBS

As soon as your shrubs arrive the wrapping should be removed and plants heeled-in according to the instructions (see Care on Arrival listed below). Dig the holes before you start planting, and be sure they are large enough so there is no root cramping. Plant shrubs about one inch deeper than they were growing in the nursery row, and be sure the soil is packed firmly around the roots, spreading the roots as much as possible at planting time. Soak thoroughly after planting.

Important Notice: Do not make the mistake of placing fresh manure under the roots. This is very apt to kill the plants. After the shrub has been properly planted, the most important procedure is severe pruning. Even variety requires to prevent insect damage. In other words, if the shrub stands three feet after planting, cut back to one foot, etc. This must be done.

One thing every gardener should practice is constant cultivation as this keeps down weeds and conserves moisture. Spraying is sometimes necessary to prevent insect damage. Plant lice can be killed by spraying with a good contact insecticide such as DDT or Lead. Leaf chewing insects can be controlled by the use of Paris Green or Arsenate of Lead. Our Gurney's Combination Spray is also fine for control of both disease and insects on shrubs when instructions are followed.

on any fruit trees should be removed to within one bud of the main trunk, cutting about one-half inch beyond the first bud. All tops, regardless of size, should be cut back one-third. A six-foot tree should be cut back to four feet, etc. For spacing see chart at left.

STRAWBERRIES

We believe the "unatted row" system is one of the best planting methods for our conditions. Set plants 12-18 inches apart, with rows 3 ½ ft. apart. The first season, flowers should be removed on Everbearing plants until the first of July. Allow the fruit to form after that date. Remove blossoms from June-bearing varieties the first year planted. Winter protect all strawberries.

TOO DEEP TOO SHALLOW JUST RIGHT

The soil should be thoroughly pulverized, and if fertilizer is needed, plow it in the previous fall. Do not apply it the same spring the plants are set out. Do not set plants by hand, with dibble, spade or punch. Remember, the roots must not dry out at any time. A basket or bucket may be used to hold the plants while setting them out.

The crown, or the spot where the root leaves off and the top begins, should be exactly level with the surface of the ground. (See illustration above.) Be sure the roots are spread by hand, and draw the earth around the roots and firm up the soil.

Practice clean cultivation through the summer months.

SHADE TREES

The planting of shade trees is the same as for fruit trees. Do not forget the importance of severe pruning. See instructions for planting fruit trees.

Do not plant your shade trees too close together. They will never form properly if set too close. Large growing varieties as Elm, Green Ash, Soft Maple, Carolina Poplar, should be set no closer than 30 ft. apart. Medium growing trees such as Russian Olive, Golden Willow, Hard Maple, and Crimson King Maple should be set from 25 to 30 ft. apart. The smaller growing types should be set no closer than 20 ft.

The third spring after planting some of the lower branches should be removed as you start making the trunk. Don't go too strong. Take a little off each year until you get the tree headed up to the desired height.

Prune only during the early growing season.

PERENNIAL FLOWERS

Perennials may be either tall or spring planted. They like plenty of drainage and the soil should be well stirred up and prepared to a depth of at least 8 inches with plant food and plenty of humus added if necessary. Locate your perennial bed where there is plenty of sunlight. Most perennials like to be set one foot apart, larger varieties up to two feet.

Do not allow the roots to dry out. Set with the crown, or the spot where the root leaves off and the top begins, exactly level with the surface of the ground. Spread roots out well, fill in with rich, moist dirt and pack firmly. Finish by watering.

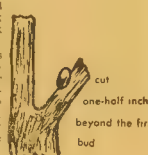

Winter-protect to prevent winter injury from alternate thawing and freezing by mulching heavily after the ground freezes.

FRUIT TREES

The best location for fruit trees is on a north or northeast slope and if this is not available, and you must use level ground or land planting in other directions, place a wind-break on the south and west side. Do not make the mistake of planting your fruit trees on the south side of a wind-break. Listed below you will find instructions for the planting of all varieties of fruit trees. These instructions are simple but must be followed if you want success. Don't plant cherries in low wet ground.

Dig the hole large enough so the roots fit in freely without crowding. Use new fresh black dirt to fill in around the roots. Set the tree about one inch deeper than it was growing in the nursery. Spread roots out well and fill in with black dirt, and pack thoroughly.

Severe pruning is a "must." Small-sized, one-year trees are practically void of all side branches, but that does not mean they do not need severe pruning. All side branches

CARE ON ARRIVAL

Much valuable nursery stock is lost because of improper care on arrival. If the stock should arrive when the temperature is too cold for planting, store the package in a cool cellar that is free from frost. If you intend to plant in a day or two, spruce a little water down the top of the package to moisten the packing, but do not soak the roots in a pan of tub of water.

If you cannot plant for three days or longer, after the stock arrives, it is necessary that you heel-in your trees or shrubs. To do this, dig a trench deep and wide enough to hold the roots without crowding or cramping them. As you dig this trench, throw the dirt on the back side to form a bank, and then carefully unpacking the trees and shrubs, place them with the roots at the bottom of the trench and the tops against the bank. Keep your varieties separated.

Keep digging back from the trench, away from the roots, and throwing the dirt over the roots up to a height of one-third the trees or shrubs. Small quantities can be laid on their side and roots will be completely covered. Be sure and your stock will store in perfect condition for an amazing period of time.

If the ground you are heeling-in is dry, be certain you wet down the soil over the roots.

Plant GURNEY'S LAWN SEED You Get the Finest and the Best Value

New MERION KENTUCKY BLUE GRASS

The Finest Seed You Can Plant

202—If you want a lawn that is beautiful, velvety smooth, thick, rich dark-green you have it with this new variety of Kentucky Blue Grass.

Here are a few of the many reasons Merion Kentucky Blue Grass is truly outstanding:

- (1) Excellent dark green color.
- (2) Very resistant to heat and drought.
- (3) Helps crowd out weeds.
- (4) Needs less mowing.
- (5) Highly resistant to many lawn diseases.

For those of you who want the pure unblended Merion Kentucky Blue, we can take care of your needs with fine quality seed. This straight Merion Kentucky Blue Grass will give you that extra heavy, dark green turf you have always wanted. Plant one pound to 750 square feet. 1 lb. 2.25; 3 lbs. 6.45; 5 lbs. 9.95; 10 lbs. 18.95, all postpaid. Absolutely the last word in Blue Grass. Order yours now while we have it.

Most Popular in America

79—Heavy seed means weed-free seed. Start your new lawn early this spring while you have plenty of moisture. Blue Grass is a slow starter, but once established it lasts for years.

We have true Northern-grown, Northern-harvested Kentucky Blue Grass of extreme hardness. No finer seed avail-

able anywhere at any price. You can't go wrong with Pure Kentucky Blue Grass.

Use 1 lb. for 200 square ft., rolled in. Supply very short—order early. 1 lb. 1.15; 3 lbs. 2.95; 5 lbs. 4.65; 10 lbs. 8.95, postpaid.

Gurney's HIGHLAND BENT GRASS

92—Everybody likes Bent Grass for lawns. This is the creeping variety and is harder and more drought-resistant than any other we know of. Bent Grass does require more care and more moisture than other

types of lawn seed but is well worth the cost and trouble because of its unusual beauty.

1 lb. 1.25; 3 lbs. 3.45; 5 lbs. 5.45, postpaid.

Gurney's Famous CAPITAL MIXTURE The Mixture That Can "Take It"

123—Best lawn mixture for the Northwest. Especially blended with plenty of Kentucky Blue Grass, Fescues, Annual and Perennial Rye Grasses. Best mixture known for places where rainfall is light and artificial watering impossible.

To be sure of a good stand of this seed, roll the ground firmly after the seed is planted. 1 lb. 98c; 3 lbs. 2.35; 5 lbs. 3.75; 10 lbs. 7.35. All postpaid.

We Have a Grass for Every Purpose

You cannot buy finer lawn seeds and lawn mixtures than we are offering here at Gurney's. All Gurney lawn seeds are carefully tested, fresh, new crop seed that assures you a beautiful lawn. It's good heavy seed—and that means weed free seed.

It makes no difference whether

you have a shady area or one that gets full sunlight. You will find Gurney's offer you a type of seed that will do best under those conditions. We also have grasses carefully chosen to make up mixtures that will normally do well even where artificial watering is impossible.

WANT REAL SUCCESS WITH YOUR LAWN?

Follow These Easy Seeding Instructions

Preparation of the ground for a new lawn is important. You should first plow or spade deeply. Level off the entire area to be planted and rake to remove sticks and trash, stones, or lumps.

After raking smooth—Roll the lawn thoroughly. This allows you to plant the seed more evenly, which means a saving to you, plus providing a firmer seed bed.

After rolling—Sow the seed, generally using 1 lb. of lawn seed to every 200 to 250 sq. ft.

After seeding—Again rake the lawn carefully to work the

seed slightly into the soil. Don't bunch the seed as you rake.

After this raking—Roll your lawn, using a lawn roller or packer. This is important.

Your lawn is now planted and the only care after this is to keep it well-watered (each day) for the next 2 to 3 weeks. Moisture is necessary for proper germination.

Feed your lawn at regular intervals with a good fertilizer or plant food. You will find Gurney's carry a complete line of soil builders on page 24 of this catalog. If you have any special lawn problems, just write and we will be glad to help.

Have a SHADY SPOT? Then Try Our SHADY SPOT LAWN MIXTURE

121—We all know it is hard to grow good lawn grass under trees and in the shade. Where the lawn is shaded one third the time or more, Gurney's Shady Spot Lawn Mixture is the grass to use. Very similar to the famous Sunshine Mixture except it contains ample Fescue for the shady spots. Sow 1 lb. to every

200 square ft. Get it in early and roll thoroughly into the ground. 1 lb. 1.10; 3 lbs. 2.85; 5 lbs. 4.45; 10 lbs. 8.45, postpaid.

HOW WE SHIP FIELD SEED

All field seeds are priced F.O.B. Yankton, customer to pay shipping charges. We prefer to ship all field seed by freight when possible, as usually this is by far the cheaper. If you have any preference as to routing or shipping be sure to give full instructions with order. We will be glad to quote special prepaid prices on request.

EARLY ORDERING—VERY IMPORTANT

Be sure to send your order as early as possible. On most shipments you must allow 2 to 3 weeks for freight delivery. Your order will be filled and shipped promptly unless you give us a special shipping date.

MINIMUM SHIPMENT CHARGE

All freight shipments have a minimum per shipment charge so make your order total at least 200 lbs., if possible to take advantage of this minimum per shipment charge. Field seed and seed corn orders can be combined or shipped together to make up this minimum.

Better order your needs with a neighbor or friend to increase order weight and effect further savings.

WE DO NOT SHIP C.O.D.

Send check or money order to avoid delay and unnecessary expense. C.O.D. shipments have proven unsatisfactory in the past, so we cannot accept C.O.D. order requests.

Timothy and Clover	8		Apr-June Aug-Nov.

BE SURE TO INOCULATE ALL LEGUMES

Don't spend good money for clover and alfalfa seed without inoculating it. It not only does better, but must be inoculated to take Nitrogen from the air and put it in your soil. If you do not inoculate all Legumes, they actually become soil robbers instead of soil builders.

By inoculating with "Nitragin" you make full use of the legume's ability to fertilize your soil by adding Nitrogen to it. Makes better clover stands and better crops to follow. You should inoculate even if land was inoculated before.

When ordering, always state name of seed.

Combination AB

Alfalfa, Sweet Clover, Hubam, Red Clover, Mammoth Red Clover, Alsike, White Dutch, Ladino.

Use "ARASAN" For Increased Yields

The cause of poor stands in pastures often is caused by a seldom recognized disease. It is a phase of root rot, which causes pre emergence blight. The seeds of grass and small legumes, being very small in size and carrying very little food reserve, are easily killed off by adverse weather and disease.

Arasan protects seed from growth of fungi on the seed and in the soil which causes seed decay, damping off, seedling blight and root rots.

We recommend that you treat the following with Arasan:

Field Crops	Legumes
Alfalfa	Timothy
Red Clover	Meadow Fescue
Alsike	Red Top
Ladino Clover	Best Grass
White Dutch	Kentucky Blue
Birdfoot Trefoil	

It is easy to treat your own seed. Just follow directions on the can. It takes 6 to 8 oz. to 10 lb. of seed. Catalog No. 4061—8 oz. can, 1.65; 2 lb. can, 3.95; 4 lb. can, 6.95; 10 lb. can, 11.95, postpaid.

Buy Direct from Gurney's

Consider the way most hybrid corn is sold today. We think it's a mighty expensive way. Someone comes to your place to get your order. Sometimes he delivers the corn later on and sometimes you have to go after it. Does he do this for nothing? Certainly not! You don't expect him to. BUT DO YOU NEED ANYONE TO DO THAT? We don't think you do, and we doubt if you think so either. We think most of you buy your hybrid corn that way because you believe it is the only way you can get first-class seed corn.

You can buy direct—eliminate costly unnecessary services—and still get first-class seed corn. Gurney's Golden Hybrids are first-class. If you have any doubts on this point, all we ask is that you plant a Gurney's Golden number

right beside the hybrid you have been using. Of course it should be of the same maturity. We can help you on this point and will be glad to do it.

Remember—when you do not buy direct you are paying \$2.50 to \$3.00 a bushel for the dealer's services. Are those services worth that much to you? We doubt it, but you are the final judge. Think it over.

Ever Get Confused?

Anyone who listens to the radio or sees the advertisements on hybrid seed corn is likely to become hopelessly confused by the endless number of brands of corn, all claiming to be the best.

No question but what most of these brands are good corn. Hybrid seed corn is like automobiles in that the

basic construction has become pretty well standardized. Poor construction has been eliminated to the point where there are practically no "lemons."

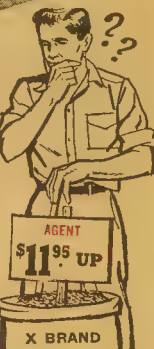

All these brands claim to be the best. Of course they can't all be the best. The net result of all these conflicting claims is only confusion.

As Good As The Best

We think no one is justified in claiming to have the best corn on the market so we don't claim it. We do know our corn is as good and will hold its own in competition with any other brand. Year in and year out it will be on top as often as any other single variety. Because we eliminate commissions, Gurney's Golden Hybrids sell for \$2.50 to \$3.00 per bushel less. This is a solid fact—not just a claim.

WHICH ONE SHALL I CHOOSE?

NO AGENT \$9²⁵

AGENT \$11⁹⁵ UP

GURNEY'S GOLDEN

X BRAND

HERE IS THE ANSWER

We feel certain that if you will ask yourself this question honestly—there is no doubt as to which corn you would plant. Gurney's Golden Hybrids are absolutely as fine as money can buy, yet you save up to \$3.00 or more on every single bushel you buy. That's a \$30.00 saving on an 80-acre field. This year try Gurney's Golden.

GURNEY'S GOLDEN 80 (80 to 84 Days)

C80—This is our earliest hybrid and a new one you will like. It is a yellow dent, a very fine yielder for one so early and stands up well. A good one for the corn growing areas of North Dakota and Montana. Recommended, too, for northern Minnesota and high altitudes in Wyoming and Colorado.

GURNEY'S GOLDEN 85 (83 to 86 Days)

C85—Another very early yellow dent hybrid. A shade later and larger than our 80. It requires a little longer season but will usually produce a little more because it is a little bigger. Recommended for Montana, North Dakota, northern Minnesota and northern South Dakota, in fact any place where a real early corn with good yielding ability is needed.

GURNEY'S GOLDEN 90 (88 to 92 Days)

C90—This is one of our oldest and most reliable numbers. It needs a little longer season than our 85 but is larger and can produce a little heavier when conditions are right. This is a good one for north central South Dakota, north central Minnesota and similar climates.

GURNEY'S GOLDEN 95 (93 to 96 Days)

C95—The heaviest producer of our four real early numbers but takes a little more time to mature. Ears good size—inclined towards roughness. Good feeding quality. A good one for central Minnesota and similar climates. It has done well in South Dakota in such counties as Faulk, Clark, Grant, Hamlin and Kingsbury.

Gurney's Golden 100 (100 to 103 Days)

C100—This number will surprise you by its producing ability for corn this early. Under normal conditions ears are very uniform and run 7 to 9 inches. It has done well in such counties as Beadle, Kingsbury, Brookings, Fernald, Sanborn, Miner, Lake, Moody and Hamlin. In Minnesota it has done well in such counties as Lincoln, Renville, Carver, Redwood, Pipestone and Murray. A good one most anywhere in southern Minnesota and northern Iowa.

Gurney's Golden 100A (100 to 103 Days)

C100A—We are offering this new number as a possible improvement on our regular 100, principally because it has a deeper kernel. In maturity, standability and other all-around performance it appears to be equal to our 100. We recommend that those who have been planting 100 try some of this promising new number.

Read About Transportation Charges On The Following Page.

GURNEY'S GOLDEN 104 (103 to 106 Days)

C104—We first offered this number for sale in 1956 but we had been testing it several years previously. Many of you had samples of it and turned in favorable reports. If you want something just a little larger than our 100, this is it. Ears bright yellow and 7 to 9 inches with good stiff stalk. A good number.

GURNEY'S GOLDEN 104A (108 to 112 Days)

C104A—A new number of high performance. A few days later than our 104. Pure yellow ears normally 8 to 10 inches. High in yield, has stiff stalks and ears stay on. Adapted to northern Iowa, southern Minnesota and the Sioux Falls, Mitchell and Madison areas in South Dakota.

GURNEY'S GOLDEN 105 (109 to 113 Days)

C105—Here is an old friend again. We have not been able to offer this number lately because of production difficulties. Rather rough, reddish ears, good stiff stalk. Excellent all-round number.

GURNEY'S GOLDEN 107 (109 to 113 Days)

C107—This new hybrid has an excellent stalk and root system, with beautiful dark green foliage. Nice ears normally 9 to 11 inches. High in corn borer tolerance and resistance to drought. Maturity between our 104A and 110.

GURNEY'S GOLDEN 110 (110 to 114 Days)

C110—A new addition to our line, and one which we believe will become very popular. It is a very close relative to our 118A, but is slightly earlier. The ears are slightly rough, cylindrical, normally 9 to 11 inches, and have the same orange tint as 118A. Stiff stalks and ears stay on. Adapted to same general area as our 112 and 118A.

GURNEY'S GOLDEN 112 (112 to 116 Days)

C112—One of our oldest numbers but still popular. Bright yellow ears normally 9 to 11 inches. Stiff stalk with ears that stay on. Famous for high shelling percentage. In South Dakota is popular in Charles Mix, Douglas, Hutchinson, Davison, McCook, Sanborn, Turner, Lincoln, Bon Homme, Yankton and Clay. In Iowa, Sioux, O'Brien, Clay, Buena Vista, Chickasaw and similar counties. In Minnesota, Pipestone, Rock, Nobles, Jackson, Martin and similar counties. In Nebraska, the orders come mostly from Boyd, Knox, Cedar, Dixon, Antelope and Garfield. Has stayed popular because it's a consistent performer.

GURNEY'S GOLDEN 118A (112 to 116 Days)

C118A—This is one of our newer numbers but during the last 4 years it has become our biggest seller. It is a toughie, will take a lot of punishment. Has everything—high yield and feeding quality, with excellent standability and ears that stay on. Ears normally 9 to 11 inches, slightly rough, with an orange tint. In South Dakota is popular in Charles Mix, Bon Homme, Yankton, Clay, Union, Lincoln, Turner and Hutchinson counties. In Nebraska, Boyd, Knox, Cedar, Dixon, Antelope, Pierre, Wayne, Garfield, Greeley, Madison, Stanton and Dakota counties. In Iowa, Lyon, Sioux, O'Brien, Plymouth, Buena Vista, Cherokee, Pockahontas, Wright, Franklin, Tremper, Black Hawk, Buchanan, Grundy, Hardin and similar counties. Not recommended for Minnesota except in the extreme south. This number is making us a lot of friends.

GURNEY'S GOLDEN 118B (113 to 117 Days)

C118B—A new number that promises to be so outstanding that it may replace some of our older numbers. Bright yellow ears normally 9 to 11 inches long. Exceptionally stiff stalk with ears that stay on. Adapted to same general area as 118A. High resistance to corn borer and to most diseases. Top yielder and good picker. Tall stalk with lots of foliage, so is excellent for silage.

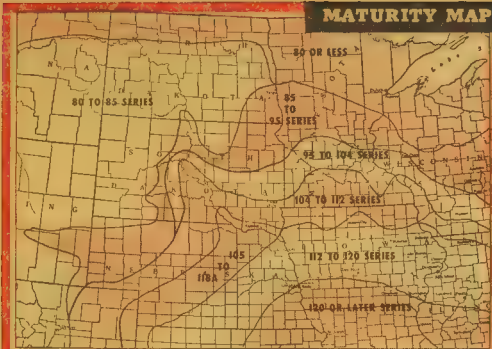

GURNEY'S GOLDEN 119 (113 to 117 Days)

C119—Another new number of great promise for southeast South Dakota, northeast Nebraska and north central Iowa. We have tested this for 4 years and it has made a remarkable all-round performance record. Outstanding for yield, shelling percentage and stalk stiffness. Ears stay on. We believe this one will prove to be one of our most popular numbers. Ears normally 9 to 11 inches, cylindrical, deepkerneled, slightly rough and inclined to orange in color. A lot of you have had samples of this one and returned enthusiastic reports.

GURNEY'S GOLDEN 120 (116 to 120 Days)

C120—This number is adapted to south central Iowa, southeastern Nebraska and similar climates. We recommend it for silage in such areas as northeastern Nebraska, southeastern South Dakota and north central Iowa because it has heavy dark green foliage. In favorable seasons, it may get fully mature in these areas. Has everything for heavy production—large deepkerneled ears that hang on well. Very good standability.

MATURITY MAP

Check This Maturity Map for Proper Seed Corn

Take into careful consideration your normal growing season and, remember, the law of averages proves that it does not pay to try to stretch your luck. In other words, if you live in a locality where a 100-day corn is about right—don't take a chance that you are going to have an extra long-growing season and plant a 110-day corn. The numbers indicate the approximate maturities for your territory. Again we say—don't try to stretch your luck. Write us if you are in doubt as to the correct number.

Before Ordering Corn -- Read Carefully

HOW WE SHIP SEED CORN

If you order three bushels or more of either hybrid or open pollinated, we prepay the freight (not express or parcel post) to your station in any of these states: South Dakota, North Dakota, Minnesota, Iowa, Nebraska, Illinois and Wisconsin. In all other states, if you order three bushels or more, we do not pay freight, but allow \$1.00 per bushel discount off the above prices to help with the transportation. No freight allowance can be made on orders of less than three bushels.

SAVE MORE THIS WAY

Freight is the economical way to ship. Allow at least two weeks time to receive freight shipments—SO ORDER EARLY. On late orders of three bushels or more, which must be sent by express or parcel post to reach you in time for planting, you pay only the difference between express or postage, and regular freight rates.

A freight allowance of \$1.00 per bushel on orders of three bushels or more will be made to customers who take their corn from the store, thus saving us delivery expense.

NO C.O.D.'S PLEASE

Please do not ask us to ship seed corn C.O.D. Such shipments are unsatisfactory in many ways, but mostly because they make a substantial increase in the cost to you. We have discontinued them altogether.

No seed corn shipments can be made until fully paid for.

If you have a truck or a pickup, you and your neighbors can make a substantial saving by driving in and picking up as many orders as you care to haul. We will make a special effort to load you promptly and arrange things so that the orders can be easily separated and distributed. Quite a number of customers did this last spring from as far as 150 miles away. With the increased freight allowance this year, more of you should take advantage of this method. This is the best way we know of to beat the present high cost of freight.

Remember, you save \$1.00 on each and every bushel that you pick up in Yankton, on all orders of 3 bushels or more. Take advantage of this fine saving.

Only \$1.00 Per Bu. Down Payment Necessary

Some of you folks may want to order now but find it more convenient to pay later. We will hold any seed corn order till March 1st with only \$1.00 per bushel down payment received by us at the time the order is placed. This assures you of the corn you want when you want it.

Planter Plates for Small Flats and Rounds

As a service to our customers we have decided to offer planter plates for rounds and small flats since your home dealers often do not carry them. We have them for McCormick-Deering and John Deere only, at standard price with just enough added for postage. John Deere plates are \$3.20 per pair and McCormick-Deering plates are \$4.76 per pair. Both are postpaid.

On John Deere Plates, be sure to tell if you want the new style without the crossbar, or the old style with the crossbar. Remember, rounds or small flats do as good yet cost you less.

PLANT ROUNDS and SAVE MONEY

WHY YOU SAVE WITH GURNEY'S GOLDEN

You save with Gurney's Golden only because we sell direct. If we sold it in the way most hybrid corn is sold, we could not sell it for any less than the other leading seed concerns get for their corn.

For years we have thought that hybrid seed corn was priced too high, so we started looking for places to cut. We tried the production end first. No good. We found no place to cut there and keep the quality. That left only distribution to work on. So we dropped the agents—sell direct—cut about \$3.00 per bushel off your cost.

Our seed is as carefully produced and processed, and costs as much by the time it is bagged and ready for sale as the highest priced seed on the market. You get it for less only because we sell direct and can pass the commission back to you, the consumer.

Modern Processing Equipment

Gurney's have spared absolutely no expense

in obtaining the very finest, most modern corn processing equipment that money can buy. Add this to the fact that the men who operate this equipment, have been with us for years. They know their business. This is your best assurance of well processed, well graded corn.

Bred To Withstand Climatic Conditions

Gurney's Golden Hybrid Corn is bred to produce under adverse conditions. It is not hard to produce hybrids that do a wonderful job under ideal conditions and many companies brag about what their corn has done under such conditions.

We are not satisfied merely with hybrids that produce when conditions are ideal. We have and always will, concentrate on producing varieties that do well under tough conditions.

Farmer's Report On Gurney's Golden

It always makes anyone feel good to receive a nice letter. That's why we want to take this opportunity of thanking the folks whose letters appear below. We feel sure you'll enjoy reading what they have to say too.

Dear Gurney's:

We liked your corn very much. The stalks were much stronger in standing up when picking time came. We saved by the difference in price of your corn and the other seed we planted. We tried enough of your corn to plant 10 acres and it yielded 90 bu. to the acre and I sure can't kick on that so that is why I am going to try it again.

Simon H. Schaumburg
R. 1, Cedar Falls, Iowa

Dear Friend:

We had a very bad drouth out here last summer but your 104A out-yielded three other corns. It doubled the yield of the other corn along side of it. We had an early freeze but it matured somewhat better than the other corn.

Roy R. Wanz
Sparks, Nebr.

Gurney's:

It was better than some and I like your corn because it seemed to stand the drouth and does well on light soil.

Gerald Evans
R. 3, Pipestone, Minn.

Dear Sirs:

If you ever get out to this part of Minnesota, be sure and stop here and look at your corn. So far it is really wonderful. I think you will have to go a long way in Minn. to find a stand of corn like this. It is just starting to tassel and is nice and tall and a wonderful dark green color.

Martin Schwartz
Gibson, Minn.

Dear Sir:

I am very pleased with the corn I ordered from you last year. I will order from you this coming spring.

Edward Rathbun
R. 4, Hutchinson, Minn.

Dear Gurney's:

Gurney's corn was fully equal to other leading varieties.

John Schulte
R. 2, Butterfield, Minn.

Dear Gurney's:

To the best of our ability, your corn measured a shade better than 90 bu. per acre as against about 80 for the other corn.

Carl M. Reed
R. 3, Litchfield, Minn.

Dear Gurney's:

I liked your corn as it was good. Yielded more to the acre and it stood the drouth and heat better.

Ador Nelson
Bloomfield, Nebr.

THE FACTS ABOUT FREIGHT SHIPMENTS OF ALL SEED CORN

If You Plan To Order Less Than 3 Bushels—Read This Carefully

Minimum freight charges per shipment have become very confusing. Here's how they work. For instance, the regular freight rate from Yankton to Marshall, Minnesota, is \$2c per 100. Two bushels of corn, including bags, weigh 113 pounds, so you might expect to pay a freight charge of about 91c. But it doesn't work that way because there is a minimum charge for any one shipment.

For shipments inside South Dakota this minimum charge is \$2.32 per shipment. For shipments outside South Dakota it is \$3.54 per shipment. So

the two bushel shipment to Marshall, Minnesota, would cost you \$3.54 for freight. A single bushel would cost the same amount. However, on a larger shipment, where the regular freight rate comes to more than the minimum charge, you pay the regular rate.

Remember—on shipments of three bushels or more, we pay the freight into the states of North Dakota, South Dakota, Iowa, Minnesota, Nebraska, Illinois and Wisconsin. Order 3 bushels or more and save the freight.

If you need further information on seed corn shipments by freight just write us a letter—we will be glad to give you full particulars.

OPEN POLLINATED SEED CORN FROM GURNEY'S

The Best in Grading and Germination

We have been in the Open Pollinated seed corn business about as long as any other company in the entire country. Many of the corns we are offering were our own introduction—varieties that have been doing a wonderful job for years.

You won't run into any snags at planting time with any of our open pollinated corn because it is all graded so you can do a good job of planting with it.

You get "tops" in germination when you buy Gurney's Open Pollinated seed corn because we can utilize our huge drier and take in the seed before cold weather.

MINNESOTA 13

C10—This well-known variety has been popular for many years, and with good reason. Excellent yielder for its maturity. Ears orange yellow—normally 8 to 9 inches. Grows 6 or 7 feet tall. In South Dakota does well in such counties as Beadle, Kingsbury, Clark, Hamlin and similar areas. Also a favorite in south central Minnesota. Price: 4.95 Per Bu., F.O.B. Yankton.

DE WOLF'S PROLIFIC

C20—This is the largest, heaviest-producing, Open Pollinated variety we are offering. De Wolf's Prolific is five to seven days later than Minnesota 13. Stands very well for Open Pollinated Corn. An excellent

variety for southeastern South Dakota, eastern Nebraska, and similar climates. Price: 4.95 Per Bu., F.O.B. Yankton.

Gurney's RAINBOW FLINT

C30—Gurney's "Tail" RAINBOW FLINT. We originated this corn in 1915. Stalks 7 to 8 ft. tall with two ears to the stalk and leafy clear to the ground. Heavy yielder. Highly drouth resistant. Excellent for fodder or hogging off. So widely adapted it can be successfully grown clear to the Canadian line. Price: 5.95 Per Bu., F.O.B. Yankton.

Gurney's AUGUST 15th

C40—(Fine for machine picking.) Here's an open pollinated corn that we are proud of because we know it will do a job for you. This is our origination. Plant it by mid-May and you can generally huck it by August 15th. If the early Hybrids have been giving you trouble—try August 15th—IT'S A CINCH. Price: 5.85 Per Bu., F.O.B. Yankton.

Gurney's SILVER KING

C50—Here is the open pollinated white corn that is a real beauty. Loads of big, beautiful, white ears often 8 to 12 inches long. They generally bring a nice premium too. Fine for central to southern South Dakota and like areas. Will really give the Hybrids a "run for their money." Price: 4.95 Per Bu., F.O.B. Yankton.

New and Better HOUSE PLANTS from

ALL HOUSE PLANTS SHIPPED POSTPAID

If you love flowers and green plants, you like to have them the year around. That is just what you can have with house plants. They look mighty cheerful in your house any time of the year, but particularly when the ground is covered with snow and the foliage is some from the outdoor trees and shrubs. House plants are the cheapest and best "interior decorations" you can buy.

NOTICE: Gurney house plants are shipped to you in a separate package direct from our greenhouses, as soon as weather permits a safe shipment. All grown in 2 1/2" pots and are in fine shape for transplanting.

"POT-LUCK" POTTING SOIL

4062—Contains best loam soil with Peat humus, fertilizers and trace elements added. Activated with Beneficial Soil Bacteria for stimulating root growth. 4 lb. bag fills sixteen 3-inch pots, 4 lbs. 1.49; 8 lbs. 2.39, ppd.

CADENIA

N295—Down south, these flowers grow right outdoors. You will have lots of fun trying to grow them indoors. Some succeed, some don't. It depends on conditions. Once you see the huge, white, double, fragrant blooms, you'll know it was worth the effort. Plant outside in sun for summer. 89c each; 3 for 2.69.

LANTANA (See illustration on opposite page). These flowers will thrill you with their highly intense colors. Loaded with blossoms till frost. Try them in window boxes or for bedding plants.

- N403—Red.
- N400—Lavender.
- N401—Orange.
- N404—Yellow.
- N402—Pink.

Lantana Offer
N701X—1 each of above 5 varieties for only 2.29.

"Rosebud" BEGONIAS (See illustration on opposite page). Hard to beat for tender blossoms and fine as bedding plants in the garden. These have flowers like tiny, dainty, ladybugs.

- N224—REDDY. So new and different we know you will want it. The dainty buds burst into huge red flowers. Has rich green foliage. 99c each; 3 for 2.69.
- N222—DOUBLE ROSEBUD WHITE. A fine variety with fully double blossoms of a beautiful clear white. 75c each; 3 for 1.99.
- N225—CARMINE QUEEN. Brand new and spectacular. Has big "rosebud" type blossoms of a beautiful deep pink color. Copper-red foliage. 99c each; 3 for 2.69.

N596X—1 each of the 3 "Rosebud" Begonias listed above only 2.59.

AFRICAN VIOLETS

Most Popular House Plant. Just give them light, but protect from direct sun. Keep the temperature cool and even. Occasionally put pan of water under pot until soil is moist, then remove pan and drain off excess water. Don't wet foliage.

New and Better Varieties:
N148—All Below. Never looking over many miles away. A positive All Below is the finest of all the single plants. It is a brilliant glistening pink and a very thriving bloomer.

Flowers borne on strong stems. 1.25 each; 3 for 3.49.

N147—Geneva Beauty. A new improved Lady Geneva that is far superior to the old variety. A true deep blue with bright white edge around each petal. Very striking and a must in your collection. 1.25 each; 3 for 3.49.

N151—Floradora. This new variety is a beauty. Has a beautiful fringed blossom. It is a new color—mauve. One of our best new ones. 1.25 each; 3 for 3.49.

N145—Double California

Dark Plum. A vastly improved type and a brand new one. A clear, rich, wine-red blossom that is really double. Borne on long, strong stems so the blossoms show up well over the foliage. The first double red. 1.75 each; 3 for 4.29.

N169—Double White Lace. New and lovely. A diamant fringed blossom that is really double. Fully double. 1.75 each; 3 for 4.29.

N146—Double Pink Ohio Bonanza. The new variety.

considered the best of the new double pink. The flowers are large, fully double and a clear bright pink color. Very long stems and we are certain you will like this new one. 1.75 each; 3 for 4.29.

N168—Ruffled Queen. One of the most distinctive blossoms we know of. A rich, deep purple with edges heavily frilled. 1.50 each; 3 for 4.19.

N171—Double Delight Rainbow. One of the best of the new double pink.

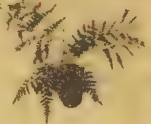

very blue flowers on long stems. 1.25 ea. 3 for 3.49.

N166—Double King Neptune. New. We consider this the largest flowered double African Violet. Huge blossoms of deep purple. 1.75 each; 3 for 4.29.

N172—Single California Dark Plum. Considered the finest of all reds. A fine grower and blossoms freely. 1.25 each; 3 for 3.49.

N167—Double Rose Above. Large, double blossoms blushed pink, and tinted with wine. 1.75 each; 3 for 4.29.

HOUSE FERNS

KING FERN

N86—(Cibetium Schiedei). A most handsome and decorative fern. All the leaves are very smooth. Grow them just like you do the Boston Fern. 1.50 each; 3 for 4.19. 1.50 each; 3 for 4.19.

BOSTON FERN

N76—One of the best known and loved of all ferns. Grows very erect and a vigorous grower. 49c each; 3 for 1.39.

REX BEGONIAS

of silver suffused with rosy-red. Border almost black.
N253—Scarlet O'Hara. A true red leaved Rex Begonia. Leaves are a rich, deep black maroon. Very striking.

N614X—1 each of the 4 Rex Begonias listed above only 3.39.

Rainbow REX BEGONIAS

N244—You never saw a Persian rug with more color than the foliage of these Rainbow Rex Begonias. They are very decorative and you will find lots of uses for this fine foliage plant. Very easy to grow in a cool window with not too much sunlight. You will never find two plants quite alike. 79c; 3 (all different) for 1.98.

CACTUS

IT'S SO EASY TO GROW THESE NEW TYPES

We are now offering some of the newest and best types of cactus that can be grown in the average home. Some of the varieties have flowers. You will hardly believe it possible. If you have never grown these (and we doubt if you have) be sure and try them.

EASTER LILY CACTUS

N930—Pink Easter Lily Cactus. A free-flowering quick-growing one with pink blossoms often 6" across. Fragrant too. 69c each; 3 for 1.79.

N931—White Easter Lily Cactus. Just like the pink except it has beautiful white blossoms. 69c ea. 3 for 1.79.

N932—Yellow Easter Lily Cactus. A new hybrid named Golden Dream. Flowers have beautiful, many red and golden trumpet to 98c each; 3 for 2.85.

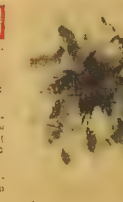

CHRISTMAS CACTUS

N900—Christmas Cactus. The best known and loved. Easy to grow and gets bigger and better every year. A prolific bloomer. 69c each; 3 for 1.89, ppd.

N901—Thanksgiving Cactus. Same as the Christmas cactus but blossoms about Thanksgiving time. 69c each; 3 for 1.89, ppd.

N817X—Cactus Collection of one each of the two above only 1.29, postpaid.

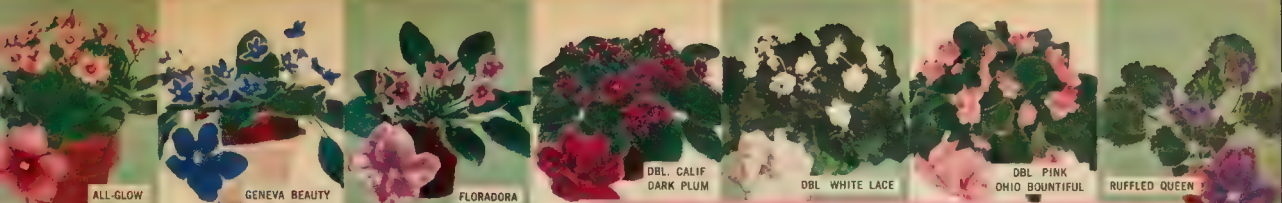

ORCHID CACTUS

N915—Tropical. A whole new salmon orange.
N916—Candy Giant. Large, broad petals, dark blood red and glowing. Blossoms 8" or more across.

N917—Fruit Pudding. A pure white.

N918—Prof. Ebert. Orange-red buds that open to a rich magenta purple.

N919—P. a. r. e. Open to a clear pink. A beauty. Your Choice of Above: 1.49 each; 3 for 4.29.

RAINBOW REX BEGONIA

N628X—PICTURED FUCHSIA OFFER. 1 each of Millionaire, Cargundy, Snowball and Yuletide only 2.49.

MILLIONAIRE

N274—This is one of the finest of all Fuchsias. Very large flowers of deepest rich violet purple with broad sepals of deep red. 69c each; 3 for 1.99.

GYPSY QUEEN

N233—The sensational lavender one that appeals to everyone. Buds lavender with red sepals. 69c each; 3 for 1.99.

CARGUNDY

N267—The finest of the real scarlet Fuchsias. This is a large, fully double, brilliant scarlet of great beauty. 69c each; 3 for 1.79.

SNOWBALL

N288—The best of the double whites. Huge, fully double, creamy-white blossoms and a very vigorous grower. 69c each; 3 for 1.79.

YULETIDE

N290—Huge double blossoms of milky-white with turned back sepals of shining red. A striking color combination of brilliant red and white. 69c each; 3 for 1.79.

FUCHSIA

DWARF LEMON and TANGERINE

N1131—Everbearing DWARF LEMON. The lemons are just as good as those you buy at the store and are fragrant as orange blossoms, which they resemble somewhat. Easy to grow indoors as a geranium. Fruits weigh from one to three pounds apiece and there is almost always fruit on the plant in some stage of development. Make a nice pot plant, eventually getting about two feet high, and will live for years. 99c each; 3 for 2.59.

N1132—DWARF TANGERINE. Here is your chance to raise a real dwarf tangerine that you can grow in a pot just as easily as any house plant. Beautiful, glossy green leaves with brilliant orange colored fruit that is very good to eat. Blooms have orange blossom fragrance. Highly ornamental and fun to grow. 99c each; 3 for 2.59.

DWARF LEMON

Both for Only 1.79

N800X—1 Everbearing Dwarf Lemon and 1 Dwarf Tangerine—both plants for only 1.79.

Gurney's HARDY PERENNIALS

You get more for your money when you plant Perennials because they cost so little and bloom year after year, usually getting larger and more beautiful as they get older. Easy to grow and give lots of flowers early and late.

Gurney's GREEN THUMB Collection of HARDY PERENNIALS

Bright Red
Flash Phlox

Shasta Daisy

Pink
Baby's Breath

Painted Daisy

More Hardy PERENNIALS

See perennials on preceding pages

LOW-GROWING PERENNIALS (6"-12")

HEN and CHICKS

B2074—Like tiny 5-inch cactus. For cracks or crevices in the rockery or any dry, hot spot in the garden. Each hen rolls off several chicks each year. No rock garden is complete without several of these. Hardy anywhere and very easy to grow. 49c each; 3 for 1.29, postpaid.

FORGET-ME-NOT

New Pink Beauty

B2048—The ordinary old blue Forget-Me-Not has been grown in our gardens for years and years, but here is one with clusters of bright pink flowers borne all summer. Plant where it is moist if you can, in either sun or partial shade. Our plants are raised from cuttings, so you will be sure to get the true pink. 59c each; 3 for 1.49, postpaid.

LILY OF THE VALLEY

B2110—Thrives on almost any kind of soil and will adapt itself to pot culture in the winter. Its modest white bells are delightfully fragrant and they are ideal for corsages. Does well on the north or east side of the house, or in partial shade. 39c each; 3 for 98c, postpaid.

HARDY CANDYTUFF

B2016—A low-growing perennial with large clusters of snow white flowers in the early spring. The plant will gradually spread to make a mat several feet across. Foliage stays dark green throughout the year so it always makes a nice showing. 49c each; 3 for 1.29, postpaid.

PINCUSHION CARNATION

B2027—A brand new little carnation that makes a solid pincushion of blue-green. Has needle-like leaves and tiny, pink, double little carnation blossoms. Fragrant, too. This is an improvement on Grandmother's favorite and you'll love it even more. 59c each; 3 for 1.59, postpaid.

Low, Medium or Tall

Growers To Choose From
As on the two preceding pages, we have again grouped all perennials into 3 classes—Low growing, Medium Tall and Tall. This makes it far easier for you to select the proper ones for the right location in the flower bed.

BLEEDING HEARTS "Jewels of the Garden"

Old Fashioned Bleeding Heart

B2014—This long time favorite has drooping clusters of bright pink heart-shaped flowers. Grows larger and more beautiful with each passing season. Should be in every garden. 75c each; 2 for 1.39, postpaid.

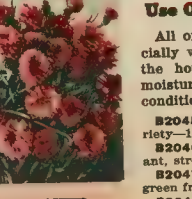

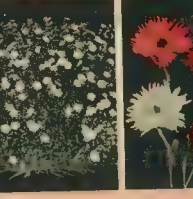

Fernleaf Bleeding Heart

B2013—Unusual ferny foliage and lots of tiny pink hearts on foot-long stems. A neat clump that blooms all summer long. Seems to do well planted anywhere and easy to raise. 49c each; 2 for 89c; 3 for 1.29, postpaid.

COLLECTION

B 3 2 1 X - 2
Fernleaf and Old Fashioned Bleeding Hearts. 1.49, ppd.

MEDIUM-TALL PERENNIALS (1 to 2 Ft.)

SEA LAVENDER

B2190—This is *Statice latifolia*, grown for its lovely, lacy, lavender flowers. Lovely all summer and beautiful in dried bouquets throughout the winter. Entirely hardy. Broad, large leathery leaves in a rosette. 59c each; 3 for 1.59, ppd.

OZARK COBEA

B2140—(Penstemon). Extremely hardy. Blooms are very large, purple with dots and splashes of darker color. Plant grows 20 to 24" high. Very free-blooming. 59c each; 3 for 1.59, ppd.

HARDY FLAX

Easiest to Grow

B2050—(Linum Perenne). Ferny gray foliage and myriads of sky blue flowers all spring and summer. Lovely, flashy, and easy to grow. 49c each; 3 for 1.29, postpaid.

CLOVE PINE

B2161—Here is the flower that made your grandmother's garden such a fragrant delight, and will do the same for yours. Very lovely, spicy fragrant blooms in all shades of pink, red and combinations. Blooms all summer. Absolutely hardy. 2 for 89c; 5 for 1.69, postpaid.

CORNFLOWER

ASTER

B2026—BLUE MOON. One of the newest and largest flowered perennials. Light blue flowers 5 to 6" across grow on stiff stems 12 to 18" long. Perfectly hardy. Blooms all summer. 59c each; 3 for 1.59, postpaid.

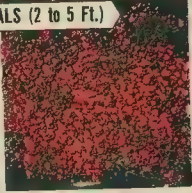

HARDY SWEET PEAS

The new perennial Sweet Pea (*Lathyrus*). These Sweet Peas are really hardy and a perennial, growing year after year. They bloom all summer from the first year on. Splendid for covering arbors or trellises. Many people put them on the garden fence and they're fine for covering old stumps and rocks which they love to scramble over. They make the grandest kind of cut flowers and last unbelievably long in the house.

B2245—Glowing Red.
B2244—Pink Beauty. **B2246**—White Pearl. 49c each; 3 for 1.29, postpaid.

SWEET PEA SPECIAL

B3276X—2 each of Red, Pink and White—6 plants in all for only 2.25, postpaid.

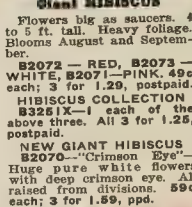

BABY'S BREATH

B2004—*RISTOL FAIRY* DOUBLE. Finest improved new double white. The favorite of the florist as a "filler" for bouquets. 89c each; 2 for 1.69, postpaid.

B2008—SINGLE *BABY'S BREATH*. Misty sprays of white. 49c each; 3 for 1.19, postpaid.

B2006—NEW SINGLE *PINK BABY'S BREATH* (*Gypsophila Oldhamiana*). A new color, a lovely late-blooming pink. 49c each; 3 for 1.29, postpaid.

B3261X—*BABY'S BREATH* OFFER: 1 Double Bristol Fairy, 1 Single White, 1 New Pink. 1.59, ppd. FREE GIFT: Deep Blue Delphinium.

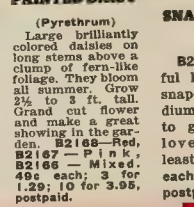

GIANT HIBISCUS

Flowers big as saucers. 4 to 5 ft. tall. Heavy foliage. Blooms August and September.

B2072—RED. **B2073**—WHITE. **B2071**—PINK. 49c each; 3 for 1.29, postpaid.

HIBISCUS COLLECTION
B3261X—1 each of the above three. All 3 for 1.29, postpaid.

NEW GIANT HIBISCUS
B2070—"Crimson Eye". Huge pure white flowers with deep crimson eye. All raised from divisions. 59c each; 3 for 1.69, ppd.

PAINTED DAISY

(*Pyrethrum*) Large brilliantly colored daisies on long stems above a clump of fern-like foliage. They bloom all summer. Grow 2 1/2 to 3 ft. tall. Grand cut flower and make a great showing in the garden. **B2168**—Red. **B2167**—Pink. **B2166**—Mixed. 49c each; 3 for 1.29; 10 for 3.95, postpaid.

SILVER KING

B2250—(*Artemisia*) "Ghost Plant". Looks like it was sprinkled with silver dust. Grows anywhere. Use it for contrasting background. Hardy. 2 to 2 1/2 feet high. Dry foliage makes wonderful winter bouquets; fresh foliage pleasing in any bouquet. 49c each; 3 for 1.29, postpaid.

HARDY SNAPDRAGONS

Linaria

B2197—Beautiful hardy yellow snapdragons. Medium tall. Easy to grow and so lovely. Buy at least three. 49c each; 3 for 1.29, postpaid.

GOLDEN HELIOPSIS

B2069—A new variety that blooms all summer long and is considered to be the best of all the Heliopsis. Grows from 3 to 4 ft. tall and will produce a beautiful array of double Buttercup yellow flowers which are superb for cutting. We predict great possibilities for this fine new perennial. Be the first to have it. 59c each; 3 for 1.69, postpaid.

ALL RED PERENNIAL SPECIAL

B3252X—Here's enough red to really put some color around your place:
1 Phlox Flash—Orange-red.
1 Chrysanthemum Mahogany Cushion—Oriental red and yellow combination.
1 Columbine Crimson Star

YUCCA

B2298—Long stems produce as many as 200 flowers of pure white in June and July. Leaves remain green entire year. Gives a tropical effect. Very hardy. Excellent for sunny, hot, dry places along foundations. 49c each; 3 for 1.29, postpaid.

—The beautiful Crimson and White variety.

1 Aster Beechwood Chatterbox—The bright red hardy Aster.
1 Painted Daisy—(Pyrethrum) Red. All for 1.49, postpaid.

GREEN THUMB CUT FLOWER PERENNIAL COLLECTION

B3292X—We selected these varieties because they make fine cut flowers. With these five hardy, sure-to-grow beauties, you can grow your own bouquets.

- 1 Painted Daisy—Red
- 1 Bachelor's Button—Blue
- 1 Columbine—Mixed Hybrid
- 1 Thermo-pole—Glowing Gold

All for 1.49, postpaid.
FREE GIFT: 1 Sky Blue Delphinium.

All for \$1.49 ppd.

HARDY FERNS

Use On North Side of House

All of these hardy Ferns do especially well on north or east side of the house. They love shade and moisture, but will stand very dry conditions, too.

- B2045**—MAIDEN HAIR. Dainty lacy leafed variety—1 ft.
- B2046**—OSTRICH PLUME. The heavy, luxuriant, strong fern from the north—3 ft.
- B2047**—HARDY SWORD. Shapely pointed, dark green fronds. Grand to set off bouquets or corsages.
- B2042**—CINNAMON (*Osmunda*). Hardy, long fronds that appear sprinkled with cinnamon—2 ft.
- B2044**—LADY FERN (*Asplenium*). In moist rich soil, sun or shade, one of the best, finely cut ferns—2 ft.

49c each; 3 for 1.29, postpaid.

Fern Collection

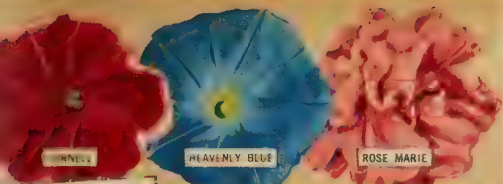

B3274X—1 each of above 5 varieties of Ferns for only 1.89, postpaid.

B3289X—B A R - GAIN FERN COLLECTION: 1 Maiden Hair, 1 Ostrich Plume, 1 Fern. All for 1.26, postpaid.

ALL RED PERENNIAL SPECIAL

B3252X—Here's enough red to really put some color around your place:
1 Phlox Flash—Orange-red.
1 Chrysanthemum Mahogany Cushion—Oriental red and yellow combination.
1 Columbine Crimson Star

—The beautiful Crimson and White variety.
1 Aster Beechwood Chatterbox—The bright red hardy Aster.
1 Painted Daisy—(Pyrethrum) Red. All for 1.49, postpaid.

PERSIAN CARPET

1256—All the colors of a Persian carpet. Red, gold and in-between shades. 15-18" tall. You'll love this new Novelty Zinnia. Pkt. 20¢, postpaid.

CUPID

1250—Sometimes called Border Zinnia. Red. 1 ft. tall. Grows 1 ft. tall. Flowers small, very double. Mixed colors. Pkt. 20¢, postpaid.

FANTASY

1265—A dazzling Zinnia of almost solid type. Mixed colors. A great addition to every garden. Pkt. 15¢, postpaid.

PINCUSHION

1264—Also known as Scabiosa-Flowered. Very full, well-rounded on root stems. A mixture of colors. Pkt. 15¢, postpaid.

MARIGOLDS

Brilliant New Ones

Yellow Pigmy

1144—Very dwarf, small button-like flowers of bright yellow. Very free-flowering and extra showy. A stand-out in any garden. Dwarf Globe Mixed. Pkt. 15¢, postpaid.

Little Giant

1128—Extra fine for bedding or pots as it has 20 to 30 flowers open at a time. Yellow to a brilliant orange. Compact—15 inches. Pkt. 15¢, postpaid.

Harmony Hybrids

1141—From deep orange centers surrounded by a velvet, shaded maroon to pure orange outer petals. Very early. Blooms continuously. 13 to 24 inches tall. Fine border plant. Pkt. 15¢, postpaid.

Yellow Supreme

1146—You will like this one. It has loosely ruffled lemon-yellow flowers that are very large and numerous. Blooms of the true carnation type. Pleasantly fragrant. Pkt. 15¢; 2 pkts. 25¢, postpaid.

Mum-Flowered

1126—Chances are you have never seen anything like these flowers. They are 2 to 4-inch big fellows. Petals are frilled and curved like giant mums. Colors are gorgeous shades of orange and yellow. Two feet tall. Pkt. 15¢; 2 pkts. 25¢, postpaid.

Crown of Gold

1145—Odorous flowers 2½ in. in diameter with lovely orange shades. Have a crown or crest of gold. Very attractive. Very easy to grow. Pkt. 15¢; 2 pkts. 25¢, postpaid.

Sunset Giants

1140—The largest new Marigold. Often produces blossoms that are 5 inches across. Full double and you will get all shades of yellow and orange. The blossoms are very sweet scented. Up to 3 ft. tall. One Pkt. 15¢, postpaid.

ASTERS

Queen of the Market

1015—This is an early one. Queen of the Market grows 18 in. tall and has big, double 4 in. blooms. The plants are the non-lateral branching type and excellent for cutting. Mixed colors. Pkt. 15¢; ½ oz. 35¢, postpaid.

Crego's Giant

Mixed

1025—This is a will resistant variety. Produces flowers that are up to 5" in diameter, fully petaled and very deep with long, interlaced and twisted petals. Lovely in the garden or bouquets. All colors mixed. Pkt. 15¢; ½ oz. 35¢, postpaid.

Giants of California

Mixed

1341—Double Asters that are as big as saucers and on stems that are 2 feet long. Long curled and interlaced petals. Height 3 feet. Seed should be started in boxes. Pkt. 15¢; ½ oz. 35¢, postpaid.

Early American Beauty

1357—Mixed. Another will-resistant variety. This new Aster is larger and more beautiful than the old American Beauty. Branching and is 3 to 4 weeks earlier. For large bouquets try Early American Beauty. Pkt. 15¢; ½ oz. 35¢, postpaid.

Powderpuff

1016—These are the new Pom Pom type asters that literally cover themselves with tiny, little, powderpuff-like blossoms. This mixture offers a wide range of colors and will be a wonderful addition to your garden. Up to 2 ft. Pkt. 20¢, postpaid.

SALPIGLOSSIS

1208—Giant Emperor Mixed. Always a favorite because it is so easy to grow, and comes in such a wide variety of delicate colors. Velvety Petunia-like flowers, 2 inches wide, are penciled and netted with gorgeous colors. Height 3 feet. Blooms from July until frost. Exceptionally nice for cutting. Pkt. 15¢, postpaid.

VINCA ROSEA

1251—Best flower for hot, dry weather. Large pink and white flowers. Green foliage. Height 1 ft. Blooms continuously all summer. Pkt. 15¢, postpaid.

MIGNONETTE

1131—Known the world over for its sweet scented fragrance. Very effective in the garden and bouquets. Blooms all summer long. Various shades of gold, red, and brown. Pkt. 15¢, postpaid.

CANDYTUPT

1063—Grows 8 in. tall, and are fine for beds or borders. The flowers completely cover the plants and come in many colors. Pkt. 12¢, postpaid.

SALVIA

1207—Globe of Fire. The best and most continuous bloomer. Uniform type. The 16 inch plants with brilliant scarlet spikes look ideal for bedding and border use. Pkt. 15¢, postpaid.

HOLLYHOCK

1292—Indian Spring. This variety is an entirely new type of Hollyhock. Usually will bloom from seed the first season. You will see some beautiful shades of rose and pink. Pkt. 15¢, postpaid.

BALSAM or LADY SLIPPER

1036—The New Double-Bush Balsam. Large, double, pretty rose-like flowers are common Balsam. They cover the dwarf, bushy 1 to 2 ft. plants. Pkt. 15¢, postpaid.

Four O'Clocks—Giant Mixed

1093—Anyone can raise Four O'Clocks, and everyone likes them. They grow about 2 feet tall and make a good background for a mass of flowers in the afternoon and evenings. Hundreds of funnel shaped, beautiful flowers—red, yellow, pink and white. Pkt. 12¢; ½ oz. 27¢, postpaid.

ALYSSUM

1001—Carpet of Snow. Pure white. This dwarf always in flower. Pkt. 15¢; ½ oz. 39¢, postpaid.

GAILLARDIA

1359—One of the most dependable, heavy blooming plants in the garden. A grand mixture of all the shades of orange, brown, and red. Big flowers all season. Pkt. 15¢, postpaid.

SCABIOSA

1213—Flowers are large, stems are very strong. Making a fine flowering. Very fragrant. Blue and black mixed. Bloom from middle of summer until frost. Pkt. 15¢, postpaid.

Bell of Ireland

1039—Excellent as a cut or dried flower. Grows 1 to 2 ft. high and is wonderful in flower arrangements. It lasts and lasts. Be sure and try this one—it's different. Pkt. 15¢, postpaid.

REGAL LILY

1430—It's easy and interesting to grow these beautiful lilies from seed. You can have a lot of them, too, with little expense. All packages Pkt. 15¢; 2 for 25¢, postpaid.

FORGET-ME-NOTS

1075—Victoria Blue. This charming little blue flower grows best in the shady locations but will thrive in almost any soil. The latest flowering of Pkt. 15¢, postpaid.

CALENDULA

1045—Pacific Beauty. All colors. Pkt. 15¢, postpaid.

Tobacco Plant

1159—Nicotiana Hybrids. Petunia-like flowers. A few plants in the garden as a whole garden as flowers are extremely fragrant. All colors and shades. Ideal for borders and beds. Pkt. 15¢, postpaid.

CLARKIA

1074—Double Finest Mixed. The finest double flowers completely cover the long, slender stems. Good cut flower. Will grow on poor, thin soil. All colors. Pkt. 15¢, postpaid.

Canterbury Bell

1284—Colorful miniature bells. Will bloom the first year and are extra showy. Grow 2 to 3 feet tall. Pure white and deep blue and pink. Add it to your list. Pkt. 15¢, postpaid.

CASTOR BEAN

1346—A mixture of many of the best varieties for quickly fragrant flowers that are single and double. All shades of colors. Fine for cutting, beds or borders. Pkt. 15¢, postpaid.

1022—Stop Light. So bright that the first sight stops everyone in their tracks. The spikes are immense and of the most intense glowing vivid red. Will bloom and bloom and bloom. Pkt. 15c. ppd.

Hardy EVERGREENS from Gurney's

HOW WE SHIP

All evergreens listed here are hardy, and all sizes offered as "B&B" or "RW" have been transplanted three times to make compact, heavy root systems. These strong, well-rooted specimens will grow better for you, and, when you order two evergreens of a kind, we will pick out matched trees so your planting will look better.

B&B Means Balled & Burlapped

All evergreens listed as "B&B" are well-shaped specimen trees

dug with their roots still in a solid ball of rich earth, just as they have been growing in the nursery for years. This ball of earth is carefully wrapped in burlap and bound with twine to keep it from breaking. This is the best way to buy evergreens, but they average from 50 to 100 pounds per tree and must be shipped Express Not Prepaid. Ask your local Express Agent for an estimate on the Express charges for such trees, and if you feel they are higher than you wish to pay, we

suggest that you order some of our Root-Wrapped trees listed as "RW."

R W Means Root-Wrapped

All evergreens listed "RW" are freshly dug specimen trees. The roots are "puddled" in mud as soon as dug and each tree is individually wrapped in wet moss to make sure they reach you in good growing condition. These trees are all well-shaped specimens that will enable you to beautify your home grounds at a very low price.

4 ENTRANCE EVERGREENS for only \$13.98 PPD

IN54X—Provide a beautiful setting for your front entrance or can be used anywhere around your home that evergreens are needed. All Root-Wrapped Specimen Trees.

- 2 Grafted Silver Juniper 2 to 3 Ft. Tall
- 2 Low-Growing Savins Juniper 12 to 18 Inch Spread

JUNIPERS for Beauty and Hardiness

SILVER JUNIPER

(Scopulorum)

IN9—This upright variety is very popular because of its outstanding silver foliage and its upright habit of growth. Extremely hardy and will stand lots of heat and drought. Can be kept to whatever height you desire by shearing. This has long been the leading seller of all the upright Juniper we offer here at Gurney's.

Size	Each	Per 2
3 to 4 ft.	B&B, Exp. not Ppd. ... 7.98	14.98

VIRGINIANA JUNIPER

IN39—These trees are kept sheared so they are shaped like narrow cones, and are extremely attractive when planted in pairs one on each side of your house entrance. Perfectly hardy and resistant to drought. Bright blue berries in the fall are very pretty.

Size	Each	Per 2
2 to 3 ft.	RW, Ppd. 3.98	7.50
3 to 4 ft.	B&B, Exp. not Ppd. 7.49	13.98

Grafted DUNDEE JUNIPER

IN10—Beautiful and shapely. One of the finest and hardest upright Junipers for doorway and foundation plantings. Has feathery, gray-green foliage in summer, that turns to a delightful plum tint in fall and winter.

Size	Each	Per 2
2 to 3 ft.	RW, Ppd. 5.96	10.98
Following Exp. not Ppd.		
3 to 4 ft.	B&B. 8.50	15.98
4 to 5 ft.	B&B. 10.50	19.98

Grafted WELCHI JUNIPER

IN11—A lovely, formal compact Juniper. The colorful greenish-silver foliage grows very close to the trunk, and its branches are curved upward forming an outstanding, narrow columnar tree. One of the most satisfactory Scopulorum Junipers on the market today.

Size	Each	Per 2
2 to 3 ft.	RW, Ppd. 5.95	10.98

Grafted MOFFETTI JUNIPER

IN13—Another beautiful, fast-growing, grafted pyramidal Colorado Silver Juniper. The foliage is a bright, silver-green and the tips of the branches are more silver. Makes a very compact tree that can be sheared and kept down to any height desired.

Size	Each	Per 2
2 to 3 ft.	RW, Ppd. ... 5.95	10.98
3 to 4 ft.	B&B, Exp. not Ppd. ... 8.50	15.98

Grafted CANAERT JUNIPER

IN14—A brilliant, rich green upright Juniper with tufted foliage. Can be planted alone or in groups of some of the other lighter colored Junipers for a pleasant contrast of color. Retains its color all year through, and is very hardy.

Size	Each	Per 2
3 to 4 ft.	B&B. 8.50	15.98
	B&B Exp. not Ppd.	

Low Growing JUNIPERS

HETZ JUNIPER

The Blue Pfitzer

IN15—(J. Hetzi) Same spreading habit of growth as the Pfitzer, but the foliage is a beautiful shade of silvery blue. Will reach 3 to 3½ ft. tall and get to be about 5 ft. wide at maturity. Can be maintained smaller by shearing. Perfectly hardy and provides pleasant contrast

of color when planted with regular Pfitzer.

PFITZER JUNIPER—IN44—It has arching, spreading branches; feathery, gray-green foliage. Hardy everywhere and does well in sun or partial shade. Gets 6 to 8 ft. across at maturity. Can be kept to 4 ft. across by shearing. Combines beautifully with the upright pyramids for entrance or foundation planting.

YOUR CHOICE OF ABOVE:

Size	Each	Per 2
12 to 18 in. RW, Postpaid.....	3.98	7.50

SAVINS JUNIPER

Fan-Shaped and Dark Green

IN12—This beautiful, fan-shaped, dark green, evergreen shrub is exceptionally hardy. It is very attractive and extra drought-resistant. One of the best for mass plantings in beds and is hard to beat along the foundation.

Size	Each	Per 2
15 to 18 in.	RW, Ppd. ... 3.98	7.50

MUCHO PINE

IN19—This is the beautiful Dwarf Mountain Pine that forms a bushy, compact ball that grows as wide as it does tall. Has long, thick needles of a rich dark green. Makes a beautiful foundation evergreen or for grouping. Seldom grows taller than about 4 ft. Can be sheared.

Size	Each	Per 2
12 to 15 in.	RW, Ppd. ... 3.98	7.50

Specimen Trees for Lawn Planting

COLORADO BLUE SPRUCE

Grows Trim and Colorful

IN1—Often called the finest of all the Spruce trees. It is a native of the Rocky Mountains and very hardy. It is bluish in color and is particularly colorful in late spring and summer. Ours are well-trimmed, beautifully shaped.

Size	Each	Per 2
18 to 24 in. RW, Ppd.	4.98	9.49

COLORADO GREEN SPRUCE

The Green Christmas Tree

IN16—Identical to the Colorado Blue Spruce, except the needles are of a clear green color. Makes beautiful plants for lawn or windbreak, and provides a pleasing change of color.

Size	Each	Per 2
18 to 24 in. RW, Ppd.	3.98	8.08

BLACK HILLS SPRUCE

IN6—The compact perfect-shaped spruce that made the Indians call the Mountains of South Dakota "Paha Sapa," or Black Hills. It is this beautiful spruce that imprisons the shadows and from a distance give the hills a black shadow. Its new growth is silvery, extremely hardy. Also a perfect specimen tree.

TRANSPLANTED WINDBREAK-SHELTERBELT EVERGREENS

Perfect size for windbreak and shelterbelt purposes. These trees will be dug in the nursery and immediately dipped in mud, which will insure their getting to you in good condition. All of these trees will grow with the branches clear to the ground, thus shading out the wind in winter when a windbreak is desirable. There is nothing that will increase the value of your property more than an evergreen windbreak. Plant 8 to 12 ft. apart. These trees are transplants, and have a good root system.

ALL POSTPAID

IN34—RED CEDAR: Planted extensively for wind break. Rapid in growth, hardy, drought-resistant, very ornamental, makes excellent fence posts.

SILVER LACE VINE

Often Grows 20' in One Year

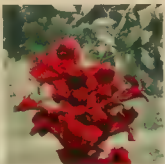

For Trellis—For Arbor—For Porch

A3260—This is a fine addition to any vines you are growing. It is of twining habit, and grows quickly. Completely covers itself with silvery white flowers from mid-summer until frost. Often grows 20 feet in a season. Pretty flowers cover vine from top to bottom. Has been known to cover a building, wall or barn in two seasons. Does best in a warm sunny exposure. Sometimes called Fleece Vine. 2-yr. Medium Grade. 98c each; 2 for 1.85; 5 for 4.39, postpaid.

HONEYSUCKLE

"Orange Glow"
A3222—The flowers are coral-orange—a color we have found in no other flower—and are of such breathtaking beauty you will be amazed. And it's everblooming from spring to frost. Fine, almost evergreen vine. 2-yr. No. 1 Plants. 98c each; 2 for 1.85, ppd.

TRUMPET VINE

A3264—Produces immense, orange-red, trumpet-shaped flowers. Very fragrant and will climb anywhere. Wonderful vine for porches and trellises. Has long been the favorite of vine-lovers all over the country. 2-yr. No. 1 Plants. 79c each; 2 for 1.49; 5 for 3.49, ppd.

BETA GRAPE

A3203—This has long been a favorite cover for walls, buildings and out places. It is hardy, grows rapidly and has deep green, beautifully-shaped foliage. The blue-black grapes are fine for eating fresh or for preserves. 1-yr. No. 1 Plants. 50c each; 4 for 1.75; 9 for 2.98, postpaid.

PLANT VINES FOR BEAUTY

AMERICAN BITTERSWEET

A3200—Native of the northwest. Produces bright red berries that are used for decorative purposes in the home. Plant two to get berries. 2-yr. Medium Grade. 2 for 1.49; 5 for 3.49, postpaid.

Golden Flowered Clematis

B1809—(Tangutica). Here is the Clematis that covers itself with a profusion of golden yellow bells. Can be grown most anywhere. Dies back each year, then grows up to 15 ft. the next season. 1.50 each; 2 for 2.75, postpaid.

B3426X—Our 3 new Hybrid varieties: 1 Comtesse de Bouchaud, 1 Lady Betty Balfour and 1 Ramona. All 3 only 3.19, postpaid.

RAMONA

B1921—This is an excellent variety because of its vigorous growth and its many large, soft, delicate blue flowers. One of the most beautiful of the clematis. 1.25 each; 2 for 2.25, postpaid.

COMTESSE de BOUCHAUD

B1803—This variety of clematis has graceful curved petals of rich satiny pink with deep veins. It is free blooming, strong growing and very thrifty. 1.25 each; 2 for 2.25, postpaid.

PURPLE HYBRID

B1812—Hybrid Clematis Jackman. Commonly called Clematis "Jack," covered with large purple flowers from July until frost. One of the hardest clematis. Potted plants. 1.25 each; 2 for 2.25, ppd.

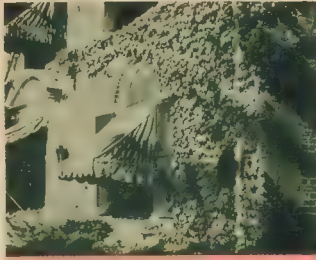

WHITE HYBRID

B1824—(Lanuginosa Candida). Imagine flowers like immense water lilies. Shows off to fine advantage when planted with red and purple varieties. Potted plants. 1.25 each; 2 for 2.25, postpaid.

LADY BETTY BALFOUR

B1816—A fine hybrid type that is deep velvety purple with creamy white stamens topped with gold. Beautiful two-toned flowers. 1.25 each; 2 for 2.25, postpaid.

BOSTON IVY

A3224. This is the vine that will cling tightly to brick, stucco or stone without support of a wire or trellis. Has very pretty small leaves of dark green. Good vine for your walls. Plant 8 to 10 ft. apart. 2-yr. Medium Grade. 89c each; 2 for 1.69, postpaid.

BOSTON IVY BARGAIN

A2450X—You get five strong plants for only 3.49; or 2 collections (10 plants) for only 6.49, ppd.

ENGELMAN'S IVY, Hardy 5-Leaf Ivy

A3225—A handsome, clinging, five-leaved ivy, with very thick foliage. Thrives in sunshine or shade. Green, turning red in fall. No trellis needed on brick or stucco. As hardy a vine as you can buy. We send 2-yr. No. 1 Plants. 75c each; 2 for 1.39; 5 for 2.98, postpaid.

ROSA MULTIFLORA

A3350—Fine as a contour guide, pasture divider, snow catcher, etc. Not recommended north of Central Ia. or Nebr. Requires too much space for city plantings. Plant 18" apart. Grows quickly to 8 ft.

BLUE ARCTIC WILLOW

A3370—(Saxifraga Purpurea Nana). A striking, new, silvery-blue hedge plant that is perfectly hardy. Can be kept sheared to make a compact, colorful, low formal hedge. If left untrimmed its bright, feathery foliage makes a beautiful informal hedge that will attain a height of about 3 feet with a spread of about the same width. Plant 12 inches apart.

Very easy to shape and will make an extra dense hedge that is well shaped and compact.

CHINESE ELM

A3330—If you want a beautiful, low-growing hedge in a hurry, plant Chinese Elm. Can be kept trimmed to any height. Makes one of the tightest hedges possible. Very hardy and drought-resistant. Leaves off early and holds leaves late. Set 12 inches apart. Postpaid prices:

Size	Per	Per	Per
12 to 18 in.	1.39	2.39	3.98
18 to 24 in.	1.98	3.59	5.98

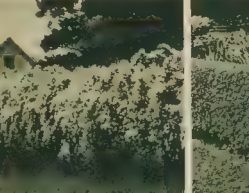

GREEN BARBERRY

Medium-High Super Hardy

A3335—(Berberis Thunbergii). This is a fine, medium-height, extremely hardy hedge plant that makes an untrimmed hedge about 3 feet high. Or, it can be sheared and shaped up beautifully. Has shiny red berries in winter. One of the very best and most popular of all hedges for northern areas. Postpaid prices:

Size	Per	Per	Per	Per
12-18 in.	5.49	9.98	18.98	
18-24 in.	6.49	12.49	23.98	

SPIREA VAN HOUTTEI

(Bridal Wreath)

A3360—An outstanding hedge plant. Extremely hardy. Loaded with bloom in the spring. Good foliage all summer. Grows about 6 ft. high untrimmed, but may be trimmed if desired. Set 2 1/2 ft. apart. Postpaid prices:

Size	12	25	50	100
12-18 in.	2.98	5.49	9.98	18.98
18-24 in.	3.98	6.98	12.98	24.98

DWARF NINEBARK

Grows Anywhere

A3375—A compact dwarf shrub that grows to 3 to 4 feet tall, but can be sheared to 2 feet if desired. Covered with clusters of white flowers in May and early June. Has attractive bright green foliage and is one of the hardest of all hedges. Plant 15" apart for best results.

Size	Per	Per	Per	Per
12-18 in.	2.50	5.00	10.00	
18-24 in.	3.98	6.98	12.98	24.98

CARAGANA

The Drought Lover

A3345—Siberian Pea Tree. One of the hardiest of all hedges—drought, hot winds or grasshoppers can't stop this plant. Pea-green color, locust-like leaves. Very compact grower, gives you a tight hedge. Can be trimmed to any height. Plant 12-15 in. apart. Postpaid prices:

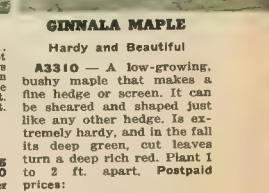

Size	Per	Per	Per	Per
9-12 in.	1.49	2.99	4.99	
12-18 in.	1.98	3.49	6.99	
18-24 in.	2.98	6.49	9.98	

COTONEASTER

(Acutifolia). A beautiful, dense hedge that may be kept to 18 in. or, untrimmed, grows to 8 ft. Dark glossy leaves turn red and yellow in fall. White flowers followed by black fruit. Plant 12 to 15 inches apart. Postpaid prices:

Size	Per	Per	Per	Per

18 to 24 in.	6.98	12.98	24.98	

GINNALA MAPLE

Hardy and Beautiful

A3310—A low-growing, bushy maple that makes a fine hedge or screen. It can be sheared and shaped just like any other hedge. Is extremely hardy, and in the fall its deep green, cut leaves turn a deep rich red. Plant 1 to 2 ft. apart. Postpaid prices:

Size	Per	Per	Per	Per
12 to 18 in.	3.98	6.98	12.98	
18 to 24 in.	4.98	8.98	16.98	

Gurney's Extra Hardy

TREES

Hardy, Fast-Growing HYBRID ELM

Gurney's New, Broadleaf Hybrid Elm
Grows 8 to 14 Feet Per Year!

A4238—Here is the sensational new tree that will give you shade faster than any other tree. It combines all of the good qualities of both the Chinese Elm and the American Elm, and grows even faster than the Chinese Elm. America's coming tree, with broad, large, rich green leaves, and beautiful, smooth, grey bark. Our supply is limited, so order early.

Notice: This tree will come to you already pruned for proper planting. We do this to allow the tree to replace the many small feeder roots lost in the digging process, and also, to reduce the chance of your losing it.

CRIMSON KING MAPLE

Stays Brilliant Red Throughout Most of Growing Season

A4285—(Plant Patent No. 735.) This new tree originated in France and was recently brought into this country for propagation. We are very fortunate in that we were again able to secure a limited quantity of this beautiful new maple and are shipping them on a "first come-first served" basis.

You have to see the foliage on Crimson King to really appreciate its beauty. It is much redder than the leaves of Schwedler's Maple, and keeps its fiery, crimson color throughout most of the growing season.

If you want a truly beautiful red-leaved shade tree—one that your neighbors will talk about—we highly recommend Crimson King Maple. 4 to 5 ft. size 4.98 each; 2 for 8.98, Postpaid.

FLOWERING CRAB APPLES

Hardy, Productive and Beautiful

A4236—**HOPA**. A bouquet of pink in the spring. Hopa Crab is a beauty. The spring bark and leaves are reddish in color. The flowers are bright pink and the fruit like clusters of rubies. The fruit is edible for jellies and the tree is perfectly hardy. Get at least 2.

Size	Each	Per 3
3-4 ft. (Postpaid)	1.75	4.98
4-6 ft. (Postpaid)	2.25	5.98
5-7 ft. (Postpaid)	2.75	7.50

A1003—**ALMEY**. Has fiery crimson, dollar size blossoms. Almey is a new Canadian Crab that is hardy, vigorous and upright-growing. Each petal is white at the base, forming a beautiful five-sided star in the

center of each crimson blossom. Often blossoms when only two years old. 3 to 4 ft. trees 1.98 each; 4 to 5 ft. trees 2.49 each, postpaid.

A4275—**RED SILVER**. This hardy tree is unusual, different and beautiful. It is wonderful to have a flowering crab with gorgeous deep red blossoms—but imagine all this plus foliage that is a deep red all summer long with a silvery sheen to the underside. You get all this and more in Red Silver. 3-4 ft. trees, 1.75 each, postpaid. 4-5 ft. trees, 2.25, each, postpaid.

A2740X—1 each of the 3 Flowering Crabs listed. All 4 to 6 ft. size for 5.98, ppd.

AMERICAN ELM

(White Elm.) The MOST BEAUTIFUL American Tree. For shade, it is second to none.

NEW! "Harlequin" Variegated-Leaved MAPLE

The Shade Tree That Has Set a New Standard of Beauty

A4284—Harlequin, in our opinion, is the most beautiful shade tree in existence today. It is a Norway Maple with a variegated leaf. The young tree pictured at the left shows the fine shape of this wonderful new tree. If you live where you can raise Norway Maple, you can raise Harlequin. The symmetrical, round top makes it a beauty and it grows to a height of about 30 ft. We recommend it

for the boulevard because it doesn't get too large or tall.

We found out about this tree a few years ago and have been watching it with interest. It didn't take us long to realize that Harlequin was one tree we wanted to be sure to offer. We are listing them this year for the third time. Our supply is very limited, so order early. Be the first in your neighborhood to try this beautiful new variety. While they last, 4 to 6 foot trees: 4.98 each, postpaid.

"Harlequin" leaves are a beautiful green in the center and almost ivory on the edges.

BLACK WALNUT

A useful tree everyone knows, loves and values.

NORTHERN TREES GROWN

Gurney's have been head quarters for tree needs for over 75 years. Whether it be shade trees or windbreak types, you can order from us and know you are getting the finest. We raise our trees right here at Yankton and have our own seed source to assure you of the finest, hardy, northern-grown stock that money can buy—at a saving.

SHIPPING TREES

Our shade trees will be pruned ready for planting before packing, and will be shipped by Prepaid Parcel Post, unless noted otherwise.

MULBERRY

For Hedge, Windbreak and Shade

The "Mother Tree," a variety of the Russian Mulberry, has been growing for many years here at Yankton. It has a long season of fruiting, beginning early in July and continuing to ripen his luscious, black fruit all summer. The tree is a fast grower and should appear in all windbreaks, shelterbelts and wildlife preservation plantings. Mulberries also make fine hedges and can be kept as a sheared hedge 3 to 4 ft. high or allowed to grow 10 ft. or higher.

When Mulberries are planted around orchards the birds will eat the Mulberries instead of the other fruit.

Gurney's HARDY PEONIES

ILLUSTRATED
AT LEFT

The origin of the Peony is lost in antiquity. Poets have sung of its fragrant beauty since the dawn of history. It has come down to us through the ages as a symbol of perfection, each year adding to its beauty. Peonies are the easiest satisfied of all perennials as to soil and culture. They thrive practically anywhere that drainage is good. Don't be without them.

PEONY PRICES

1.19 each; 3 for 2.98, postpaid, except where noted otherwise.

B1542—MME DE VERNEVILLE. Huge, full bomb type of gorgeous white flecked carmine. Long stemmed.

B1540—MONS JULES ELIE. Bright rose-pink on strong stems. Fragrant and very free blooming.

B1552—PHILIPPE RIVOIRE. A fine, fragrant, bright, crimson red. Regard- all by many as the finest red. Blooms early. 1.39 each; 2 for 2.59, postpaid.

B1565—THERESE. Very large satin pink flowers with golden glow in center. For lots of midseason blooms on long, strong stems, plant Therese.

B1530—KARL ROSENFELD. A tall, compact, heavy-blooming semi-double type. Dark velvety crimson.

B1511—DUCHESS DE NEMOURS. Pure white and sulphur-white tinge. Early and pleasantly fragrant.

B1560—SARAH BERNHARDT. Considered by peony experts to be one of the finest. Petals are long and pointed, the outer ones being rose pink and the inner petals form a full, fluffy center of pale shell pink. A very showy midseason. 1.29 each; 3 for 3.29, ppd.

B1517—FELIX CROUSSE. Rose type. Late midseason. Flowers are dazzling ruby-red.

Fontenelle

B1519—Always a favorite because of the many bright red, double flowers it produces. A midseason peony with strong stems. A long-lasting flower when cut and also in the garden.

Walter Faxon

B1568—An outstanding midseason variety producing lots of brilliant coral pink blooms on strong stems. Makes an excellent cut flower for home use.

MAY DAY PEONIES

(Officials)

The earliest of all and absolutely hardy. These have been favorites with everyone for years. All double-flowered types and should bloom for years.

B1546—Red May Day Peony (Officials Rubra, Fl. Pl.).

B1547—Pink May Day Peony (Officials Rosa, Fl. Pl.).

B1548—White May Day Peony (Officials Alba, Fl. Pl.).

Prices: 1.19 each; 3 for 2.98, postpaid.

B1565X—MAY DAY Peony Bargain. One each of 3 above only 2.98, postpaid.

Prices Varieties not pictured: 98c each; 3 for 2.69, ppd.

All good varieties, labeled as to color only.

B1574—Double Red.

B1573—Double Pink.

B1576—Double White.

Your choice: 79c ea.; 3 for 1.98, ppd.

B1545X—1 each of above for 1.99.

MORE FINE PEONIES (Not Pictured)

B1525—Harry L. Richard. Rich, glowing carmine. Beautifully shaped buds and one of the best late double red peonies.

B1537—Mary Brand. One of the very best of all dark reds.

B1509—Couronne d'Or.

Crimson splashes on a beautiful clear white.

B1532—Longfellow. Very large flaming crimson blooms.

B1539—Modele De Perfection. Lots of huge, very double, deep rose-pink blooms.

Prices Varieties not pictured: 98c each; 3 for 2.69, ppd.

Gurney's HARDY LILIES

See Illustrations at Left

B5007—FLAME LILY (Red Russian). One of the earliest of all garden lilies to grow. Plant 6 to 8 inches deep. 49c each; 3 for 1.29; 5 for 2.79, postpaid.

B5020—NEW CENTIFOLIUM HYBRID. Grows 6 to 8 ft. in height with great clusters of 30 or more yellow crowning the top. The enormous flowers are pure white inside, while the reverse of the trumpets are often pink, emerald green, yellow or brown. Very hardy; deep-rooted; stand severe droughts well. Plant 6 in. deep. 69c each; 3 for 1.69; 5 for 2.79, postpaid.

B5031—SUNSET LILY (Pardalium zigantum). A splendid lily bearing 20 to 30 flowers on tall stalks. A bright orange color, spotted with dark crimson. 69c each; 3 for 1.69; 5 for 2.79, postpaid.

B5030—PINK SHOW LILY (Speciosum Rubrum). Carmine red on a white ground with crimson spots. Very hardy. Will grow anywhere. 69c each; 3 for 1.69; 5 for 2.79, postpaid.

B5027—REGAL LILY. Best known and very beautiful. Hardy. Plant 8 to 10 in. deep. 45c each; 3 for 1.19; 5 for 1.69, postpaid.

B5000—AURELIAN HYBRID LILIES. Mr. Carlton Terex of Oregon, perfected these lilies after 20 years of work. Flowers are 4 to 6 inches or more across and form magnificent clumps of beautiful flowers. The flowers are wide, flaring trumpets in beautiful color combinations. Including vibrant effects. Entirely hardy. Plant 6 inches deep. 1.25 each; 3 for 3.39, ppd.

B5026—NEW RAINBOW HYBRIDS. These are big, brilliantly colored new hybrids from the west coast. The gorgeous colors run from pale yellow to deepest golds with many maroons and reds, borne on tall strong stems. 65c each; 3 for 1.69; 5 for 2.49, postpaid.

B5003—CORAL LILY. A small lily of brilliant coral red. Exceedingly hardy, as it comes from Siberia. Many deep waxen recurved flowers on each plant. Plant 4 to 6 in. deep. 39c each; 3 for 1.19, postpaid.

POPULAR LILY OFFER

B3459X—2 Hardy Easter Lily, 2 Coral Lily, 2 Flame Lily. All 6 for 1.99, ppd.

SPECIAL LILY COLLECTION

B3452X—1 Coral, 1 Regal, 1 Flame, 1 Pink Show, 1 New Centifolium Hybrid—all 5 for only 2.35, postpaid.

98c; 5 for 1.49, postpaid.

B5035—YELLOW TRUMPET AURELIAN HYBRID. These are seedlings of the same strain that won 2 cups two years ago. Grows like the Regal but has stronger stems and larger flowers. Beautiful shades of clear yellow and apricot. 2.00 each; 3 for 5.99, ppd.

3 TIGER LILIES

Hardest of all and well-known old-time flower that can't be beat for beauty. Grow from 2 to 4 ft.

B5033—Single-flowered.

B5032—Double-flowered.

45c each; 3 for 1.19; 5 for 1.69, postpaid.

B5012—GOLD BANDED LILY (Lilium Auratum). One of the most beautiful of all lilies and well-known for centuries. Great, white, flaring blooms with bright gold band down center of each petal. Plant 9 in. deep; do not use lime. 75c each; 3 for 1.99, postpaid.

B5019—HENRY LILY. This lily grows up to 5 ft. tall with many brilliant orange blossoms. Plant 10 in. deep. 65c each; 3 for 1.69; 5 for 2.49, postpaid.

B5018—HARDY EASTER LILY (Estate Lily). Here is a real Easter Lily that can be grown out-of-doors. Plant the bulbs 6 in. deep and by late June they are in bloom. Apple blossom fragrance. Grows 3 to 5 ft. tall. 65c each; 3 for 1.69; 5 for 2.49, postpaid.

B5024—PINK TRUMPET AURELIAN HYBRID (Not Illustrated). Large trumpet lilies that actually are a beautiful shell pink. Very hardy and easy to grow. For best results plant in partial shade as its color is apt to fade in hot, direct sunlight. Plant 6" deep. 2.25 each; 3 for 5.99, postpaid.

Hardy Everblooming CARNATIONS

You can depend upon these named varieties to produce lots of flowers from June until frost.

B2031—CRIMSON KING. Bright rich crimson flowers up to 3 inches in diameter on 12 to 15" stems. Rich, clove fragrance. 65c each; 3 for 1.75, ppd.

B2034—SYLVIA. Dozens of clear rose-pink, double carnations with petals edged silver white. Two-inch flowers on 12" stems. 65c each; 3 for 1.75, ppd.

B2033—PINK PRINCESS. The new dwarf, hardy dianthus created at the Cheyenne Field Station. Plant grows about 1 foot across and its silver foliage is literally covered with rich pink blossoms all summer long. Flowers about an inch in diameter and stand about 12 inches high. 75c each; 3 for 1.95, ppd.

Silver Mound ARTEMISIA

B2251. One of the most outstanding new perennials. Grows less than a foot tall and about 12 to 15 inches wide. Its fern-like foliage is a pleasant silver-gray. Makes a

beautiful border plant, especially in sunny locations but also does well in partial shade. 75c each; 3 for 1.95, postpaid.

CORAL BELLS (Heuchera)

B2075. A neat plant with coral-pink flowers borne on tall, graceful stems above low-growing tufted foliage with bronze green leaves. Blooms from early June until August

and does well in ordinary garden conditions with full sun or in light shade. Flowers are fine for cutting, too. 65c each; 3 for 1.75, postpaid.

PINK PRINCESS SPECIAL

B3328X—One each of Pink Princess, Sylvia and Crimson King for only 1.79, postpaid.

RAINBOW IRIS

Iris Description and Prices:

B1271—Minnie Colquitt (15). Massive white with purple edges. 75c each; 3 for 1.89, ppd.

B1386—Special Pink. These are seedlings of various pink shades. Some of the best apricot pinks came from this group but we offer these at only 79c each; 3 for 1.98, ppd.

B1296—Sable (18). Exceptional bloomer. "Hall of Fame" Award winner. 75c each; 3 for 1.89, ppd.

B1374—Pink Cameo (36). An outstanding soft pink iris with glowing deep pink buds. The tangerine beard also adds to its beauty. 98c each; 3 for 2.69, ppd.

Fall Blooming Iris

Like the others but they bloom twice, first in the spring and then in the fall.

PRICES: 98c each; 3 for 1.89, postpaid.

B1156—Black Magic. This is our finest rich, velvety, black-purple. Picture doesn't do it justice.

B1190—Southland. A deep golden yellow. Was American Iris Society's Award of Merit.

B1153—Autumn Queen. The snow white beauty that often blooms over six months of the year.

B1152—Autumn King. A beautiful bicolor with beautiful blooms of blue and purple.

SEE ILLUSTRATIONS AT LEFT

B1381—Ranger (43). Very large, brilliant red. Lots of flowers. 98c each; 3 for 2.69, ppd.

B1293—Blue Rhythm (6). Smooth, soft, medium blue with a silvery tone. 75c each; 3 for 1.89, ppd.

B1294—Sheriffa. Rich metallic violet with a dash of blue in the falls. Very free blooming. 59c each; 3 for 1.49, ppd.

B1236—Casa Morena (47). Rich, glowing, coppery chestnut-brown. Very large flower with a spicy richness that attracts everyone. 98c each; 3 for 2.69, ppd.

B1378—Rocket (41). A vivid, most brilliant, large-flowered orange iris. The burnished copper markings on the falls lend extra depth to its color. 98c each; 3 for 2.69, ppd.

B1225—Amandine (20). A refreshing, cool, lemon-cream iris. Its fine form and clear color make it one of the best in its class. 98c each; 3 for 2.69, ppd.

B1338—Elmhor (7). Often called the "Orchid Iris." 75c each; 3 for 1.89, ppd.

B1280—Ola Kala (2). Iris Society "Hall of Fame." 75c each; 3 for 1.89, ppd.

B1230—Blue Shimmer (13). Up at the top in the "100 most popular" Iris. 75c each; 3 for 1.89, ppd.

Earliest Blooming DWARF IRIS

The "Baby Doll" Iris are loved by all. Short grasslike foliage set with jewels of Iris blossoms. They bloom first in the spring. Fine for borders, beds, banks and the rock garden.

B1126—Negus. Beautiful, deep violet-blue. A "must" among Dwarf Iris lovers.

B1117—Keepsake. You'll treasure this one as a real keepsake. Rich, brilliant yellow.

B1138—Sapphire. Brilliant clear blue that sparkles like a jewel.

B1140—Tampa. Sparkling red-toned blossoms and lots of them.

B1136—Snow Maiden. This beautiful, pure white dwarf is white as snow. Almost as early, too.

DWARF IRIS: 59c each; 3 for 1.59, ppd.

SPECIAL DWARF OFFER: B3030X—1 Each of 5 Above Dwarf Iris Only 1.19, ppd.

IRIS (not pictured)

Sorry but we didn't have enough room to picture these fine Iris.

B1302—Solid Mahogany (30). Smooth, deep mahogany red flowers of excellent form. One of the latest reds. 98c each; 3 for 2.69, ppd.

B1380—Mulberry Rose (47). A bronze beard and compact, radiant mulberry rose color. Flowers are large and of fine form and substance. 75c each; 3 for 1.99, postpaid.

B1312—Wabash (22). Standard white. Falls are deep violet-blue edged with white. Always a favorite because of its distinct color. 59c each; 3 for 1.49, ppd.

SPECIAL OFFER

B3054X—1 each of the 3 varieties listed above for only 1.95, postpaid.

Fall Blooming DWARF ASTER

These compact dwarf plants grow only about 18 inches tall and are completely covered with blossoms during August and early September.

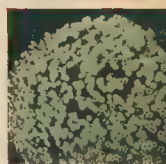

B1033—WINSTON CHURCHILL. Its deep rich crimson blossoms and compact growth make it one of the finest red asters in existence. 65c each; 3 for 1.75, postpaid.

B1004—BLUE BOUQUET. A perfectly round globe completely covered with hundreds of large true violet blue flowers with yellow centers. 65c each; 3 for 1.75, postpaid.

B1013—LITTLE RED BOY. Its brilliant red star-like flowers make this one a real beauty. 65c each; 3 for 1.75, postpaid.

B1034—VIOLET BEAUTY. A mass of large deep violet blossoms on low globe-shaped plant. 65c each; 3 for 1.75, postpaid.

B3006X—Dwarf Aster Special: 1 each of above 4, only 2.19, postpaid.

MRS. BOUTILLIER

KEMP'S MONARCH

GLADIOLUS from GURNEY'S

Favorite Cut Flower of All

Easy to Grow

Plant Glads about 4 inches deep and 6 inches apart in good garden soil. Select a well-drained site with plenty of sunlight. Make several plantings a week apart to lengthen blooming season. When growth is four inches tall start dusting with Gurney Glad Dust at weekly intervals to avoid thrip damage. Dig the bulbs after heavy frost has damaged leaves. Do not let bulbs freeze. Cut stems close to bulb then dry in cool airy place for 2 weeks. Store free from frost for winter. For Glad Dust—see page 23.

WHITE

BG213—Cupid. It's extremely early, nicely ruffled, creamy throated florets make it unusually fine for cutting.

BG238—Florence Nightingale. One of the finest white. Tall spikes with ruffled, nicely arranged florets.

BG232—White Goddess. A lovely ruffled white, with tall spikes, fine for cutting.

BG219—Leif Erickson. A leading cream. Tall, sturdy spikes with long flower heads and nicely ruffled florets. Fine for cutting.

YELLOW & ORANGE

BG222—Pactolus. A spectacular blotched variety. Its prominent scarlet blotch on a warm buff ground makes it deserving of its popularity.

BG223—Aureole. Heavily ruffled with nicely rounded broad florets. A shade of yellow most useful in home decoration.

BG225—Gene. An intensely frilled, triangular floreted, translucent light yellow. Praised by many fanciers.

BG227—Princess Beatrix. A precisely styled, outstanding scarlet orange, unusually fine for cutting.

SMOKY

BG229—Uhu. Light chocolate brown or lobster-red with attractive orange pencilling in throat. Fine for showing.

BG207—Dieppe. Large ruffled florets are a soft salmon scarlet that glow like burning embers.

BG209—Sans Souci. The leading scarlet with spire-like spikes and rounded, graceful florets.

BG211—Magnet. A magnetic shade of rich orchid or rose-lavender, fine for arrangement work. A sister of Noweta Rose.

LOW GLADIOLUS PRICES

RED

BG202—Burma. A heavily ruffled, rich rose red. Large blooms, fine for showing.

BG207—Dieppe. Large ruffled florets are a soft salmon scarlet that glow like burning embers.

BG209—Sans Souci. The leading scarlet with spire-like spikes and rounded, graceful florets.

BG211—Magnet. A magnetic shade of rich orchid or rose-lavender, fine for arrangement work. A sister of Noweta Rose.

Gurney's GRAB BAG Offer

A fine assortment of big, blooming varieties that we have blended to give you loads of color throughout the season.

BG550X—30 bulbs for 1.29, postpaid.

BG551X—50 bulbs for 1.99, postpaid.

PINK

BG235—Friendship. A true friend with earliness and quality. Tall, fresh-toned, pure pink spikes of beauty.

BG317—Spic and Span. Ruffled medium pink florets on tall straight spikes makes it excellent for cutting. A blue ribbon winner year after year.

BG241—Sweet Sixteen. A beautiful, fresh toned, angelic pink, gaining tremendous popularity.

BG302—Evangeline. Light rose with creamy yellow throat, very popular for cutting.

BLUE & LAVENDER

BG345—Elizabeth the Queen. The supreme glad in the lavender class with ruffled florets on outstanding spikes.

BG249—Gail. A clear lavender blending to a lighter lavender center. Unusually fine form.

BG251—Kung David. This tall, rich, velvety purple glad is a breath-taking sight. A consistent show winner.

BG255—The Rajah. The supreme glad in the purple class. You'll love its color and cutting habits.

Junior Size GLAD COLLECTION

BG552X—This contains the same fine varieties as the Grab Bag Offer only smaller, younger bulbs. Flowers smaller the first year but all should bloom. 50 bulbs only 1.29, postpaid.

Giant CANEX

Rainbow Canas Offer

BG510X—A riot of color in reds, pinks, yellows and in-between shades. All 8 canas for only 98c, postpaid.

All Large-Flowering Types

Here are the LARGE-FLOWERED Canas—the newer and better ones—that will make your yard the envy of all your neighbors. If you are looking for brilliant colors and attractive foliage, these are the ones you should plant. You just can't beat them. Canas are very easy to grow. Set the roots four inches deep and one and one-half to two feet apart. Always locate

GIANT CANNA OFFER

BG500X—1 each of all 8 named varieties listed below for 1.45, postpaid. For labeling separately add 15c.

your bed where there is plenty of sunshine and in rich, well-drained soil. Then give them plenty of moisture. Store the roots over the winter in your basement or cave.

5-FOOT RED

BG505X—A five-foot canna bed, including 3 tall ones for the outer and 9 shorter ones for the inside. 12 Canas for 1.89 or 2 offers only 3.29, ptd.

1-FOOT RED

BG507X—A seven-foot Cana bed including 6 tall ones for the middle, 10 shorter for the outside. 18 Canas for 2.29; 2 offers only 4.19.

Prices Named Canas:

Your Choice—Each Variety Labeled: 29c each; 3 for 89c; 6 for 1.19; 12 for 1.89, ptd.
BG29—RED KING HUMBERT. One of the grandest canas ever offered. Large heart-shaped leaves crowned with immense heads of orchid-like, velvety orange-scarlet blossoms. Grows to 4 ft.
BG27—CITY OF PORTLAND. A fast grower with an abundance of rosy pink blossoms. This is the tall stately pink which is so popular. Green foliage, 5 ft.
BG22—ROSEMOND COLE. One of the most interesting of all canas colors. The beautiful, large red flowers with a gold edge make it outstanding. Green foliage, 3 1/2 ft.

BG32—FIREBIRD. Deep red blooms with glistening petals so firm and showy. Green foliage. You'll find this different from all others.
BG34—KING MIDAS. You'll like the large, pure golden flowers and rich green leaves of this variety. Fine for border plantings. 3 ft.
BG18—DAZZLER. If you like beautiful dark red flowers you are bound to like Dazzler. Green foliage, 4 1/2 ft.
BG24—RICHARD WALLACE. Here is a rich golden yellow ideal for bedding. Large size flowers, a vigorous grower. Green foliage, 4 ft.
BG28—YELLOW KING HUMBERT. One of the best yellows, slightly blotched with bright red. Green foliage, 4 ft.

GORGEOUS TUBEROUS BECONIAS

"The Glamour Flower"

EASY TO GROW INDOORS

OR OUT

(Camellia-Flowered Type)

Large flowering, gorgeously colored. Easy to grow. Ideal for window boxes or bedding. Like moist semishade.

BG413—Pink BG420—White BG414—Red BG418—Salmon BG415—Yellow BG419—Scarlet

35c each; 2 for 55c, ptd.

Special Mixed Collection—

BG596X—7 Camellia type, our

choice of colors for 98c, ptd.

BG416—(Hanging Basket Type). Has "weeping" growing habits. For rock garden or hanging baskets. Likes shade. Lovely shades of rose. 45c each; 3 for 1.15, ptd.

Calla Lilly

Beautiful foliage, stately blooms. BG411—White; BG412—Yellow; 45c each; 2 for 79c, ptd.

BG417—Pink Calla. (Rehmanni). New and rare. 50c each; 2 for 89c, ptd.

Special Calla Offer. BG592X—1 each of all 3 colors for 1.19, ptd.

Giant Hybrid AMARYLLIS

BG401—The giant-flowered Amaryllis. Often has ten blooms or more on one stem! Colors range from almost white to dark red. Extremely beautiful. Full directions for planting with each bulb. Beautiful colors. 69c each; 2 for 1.19, ptd.

Fancy Leafed CALADIUM

BG410—Beautiful showy foliage. Leaves variegated with gorgeous patterns in red, green and white. Fine for pots or shady places in garden. Not hardy. 40c each; 3 for 98c; 12 for 3.65, ptd.

ARTIC LILY

BG402—Tiger Flower (Tigridia). One of the most beautiful summer bulbs. Bright red, orange and various combinations. Plant like gladioli. 2 for 29c; 2 for 45c; 2 for 1.19, postpaid.

Mexican Tobacco

BG407—The tall graceful, single-flowered type preferred for arrangements. Extremely fragrant. Dig bulbs after frost. Store in boxes. 2 for 29c; 4 for 35c; 12 for 89c, postpaid.

"GOOD LUCK"

Novelty Plant (Oxalis)

BG406—This is one plant you can use in many different ways. Fine for hanging baskets, window boxes or garden. 4 for 25c; 8 for 48c; 24 for 85c; 100 for 2.85, postpaid.

BIG BRIGHT DAHLIAS

How to Grow These Beautiful Decorative Dahlias

Our Dahlias need nothing but average garden care. They appreciate well-drained soil and full sunshine. Plant them when the ground warms up. Stake the tall-growing ones when you plant; the foliage soon will hide the stakes. Set your Dahlias 2 to 4 ft. apart, depending upon how thick you want them. In the

fall, after a frost, dig the bulbs and store them in a root cellar or your basement—just like you store potatoes.

TRIAL GARDEN

DAHLIA OFFER

BG550X—Now you can have some of the finest from our test plantings. You'll be delighted with their size and beauty. Varieties not labeled. 5 bulbs only 1.49, ptd.

RAINBOW DAHLIA OFFER

BG550X—Here is a grand assortment of all kinds and colors. Contains many listed on this page. 4 Dahlias for 98c; 2 collections (8 Dahlias) for 1.89, postpaid.

DECORATIVE DAHLIA PRICES

75c each; 2 for 1.35; 4 for 2.45, postpaid.

BG154—MARIE. This is George's favorite Marie in medium sized, of such a soft pink and so fine for cutting he recommends it "tops" for added beauty this spring.

BG152—DADDY KEMP. Large 12 to 15 inch blooms and a most striking reddish-purple.

BG139—CALIFORNIA IDOL. Mammoth flowering yellow, long stems, very free blooming.

BG140—OGDEN REID. A very informal pink. Huge size, husky grower.

BG156—MRS. BOUTILLIER. Finest of all

the large reds, often 10 inches across.

BG143—KEMP'S MONARCH. The new one that is tops in size and a pleasing reddish orange.

Varieties Not Illustrated

BG144—HILLCREST MANDARIN. An unusually large red and yellow combination.

BG147—WM. H. HOGAN. Finest of all the bi-colors. Red tipped white.

BG149—ALICE MAY. Considered by dahlia fanciers as the finest informal pure white.

BG137—COMMODORE. Big, bright, lemon-yellow flowers, delightful to the eye.

BG141—COMMANDO. Large, clear lavender. By far the best in its class.

BG153—SHERWOOD'S PEACH. A pleasing orange-apricot, tremendous size.

BABY DOLL OFFER

BG31X—Just like the showy Ball Dahlias, only miniature in size. 1 Red, 1 White, 1 Yellow. All 3 only 98c, postpaid.

Ball Dahlia Prices

Your choice of any of the Ball Dahlias listed for only 45c each; 3 for 1.15, postpaid.

BG77—A.D. LIVONI. A fine pink.

BG81—BONNIE BLUE. Our best blue.

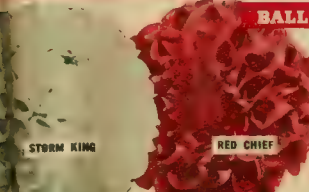

BG85—YELLOW DUKE. Unusually yellow.

BG87—STORM KING. Snow white.

BG79—RED CHIEF. Showy red.

BALL DAHLIAS

Now you can have the showiest and most popular Dahlias of them all—the Ball Dahlias. The plants are very easy to grow and have loads of perfectly formed flowers. In fact the flowers are so perfect, and uniform in shape, they look as if they were made by a most accurate machine. Unusually nice for bouquets.

A3521—EDITOR MCFARLAND. A big, double, glowing pink. One of the finest of all pink roses. Always as the most blossoms. One of the favorite varieties with good rose powers.

A3535—GOLDEN CHARM. A deep golden yellow on long stems. Fine cutting and delightfully fragrant. You like a good rich yellow, this the rose for you.

A3514—CONTRAST. One of the most beautiful Tea Roses, really one beautiful than the illustration. Its gorgeous with its unusual color combination. Good grower, too and must if you want a different rose.

A3629—CRIMSON GLORY. One of the best deep red roses ever introduced. Large, perfectly shaped buds that are very fragrant. Blooms freely on strong stems.

A3600—TALISMAN. No better known Tea Rose. Beautiful, long pointed buds on long erect stems. Fragrant, rich green foliage. A gorgeous color combination of yellow, orange, scarlet and gold. You'll love

A3550—K. A. VICTORIA. Probably the most popular of all white roses, and rightly so. Strong growing with beautifully shaped buds and flowers. A very profuse bloomer in the garden.

A3513—COUNTESS VANDAL. Long pointed buds on strong upright stems. Very attractive blend of pink, copper, gold and salmon.

Patented HYBRID TEA ROSES

See Illustrations at Far Left

You will find listed below some of the very best Patented Hybrid Tea Roses that money can buy. We have added new varieties to the favorites and any one is outstanding.

A3628—CHARLOTTE ARMSTRONG. (Plant Patent No. 445.) All America Award Inner. Its long slender buds are popular the country over. 2.25 each; 3 for 6.00, postpaid.

A3641—PEACE. (Plant Pat. No. 591.) Considered by many as the perfect hybrid tea rose. 2.50 each; 3 for 6.50, postpaid.

A3640—NEW YORKER. (Plant Pat. No. 3.) We have never seen a brighter scarlet rose. Tremendous blooms often 6½" across, richly gladden with brilliance. Heavy bloomer. 2.50 each; 3 for 6.00, postpaid.

A3637—LOWELL THOMAS. (Plant Pat. No. 595.) An All America Award Winner. Olds color well. 2.25 each; 3 for 6.00, ppd.

A3638—MIRANDY. (Plant Pat. No. 632.) Deep red, extra large, velvety texture. Spicy fragrance and fine for cutting. 2.25 each; 3 for 6.00, postpaid.

A3644—PINK FROST. (Plant Pat. No. 609.) This huge, hybrid tea rose is one of the best of all pink roses. Its clear pink blooms are often 5 inches in diameter. It looks freely on vigorous, healthy plants and takes an excellent cut flower because the flowers are long-lasting. A real blue ribbon flower we know you'll like. 2.50 each; 3 for 6.00, postpaid.

Gurney's SHRUB ROSES Will Grow Anywhere

By popular demand we are again listing the best of the Bush or June Roses. They are hardy, beautiful, and best of all, easy to raise. No winter protection necessary with these roses and they are hard to beat in the border, for a hedge, or as a foundation planting. If you have had trouble raising roses in the past, by all means try these Bush Roses.

SHRUB ROSE PRICES:

All 2-Year No. 1 Grade

1.35 each; 3 for 3.89; 6 for 7.49; 12 for 11.98.

BE SURE TO SPECIFY
GRADE ON YOUR
ROSE ORDER

A3602—THE DOCTOR. This is one of the finest of all deep pink roses. Its beautifully shaped blooms are very fragrant, and its clear bright color will make it a favorite of yours, too.

A3522—ETOILE DE HOLLAND. Wonderful rose for cutting. Flery, crimson, long pointed buds which open to full petaled, brilliant flowers. Delightfully fragrant and will add lots of color to your garden.

A3537—GOLDEN SASTAGO. A large, fragrant, soft clear yellow rose that holds its color well. Beautifully shaped buds that burst into fully double flowers.

A3530—GEORGE W. GURNEY. Double, blood red. See description at left. This one is so good we list it on the opposite page all by itself.

A3579—POINSETTIA. A glowing poinsettia red. The buds are beautifully shaped and it flowers on a strong growing plant. Known especially well for its brilliant color.

A3554—KONIGIN LOUISE. One of the finest white roses. Beautifully shaped buds open to large double flowers. Strong stems and dark, glossy green foliage.

A3542—HINRICH GAEDE. Very brilliant flower and glossy bronze foliage. A real beauty you will want to try and we know you will enjoy its large nasturtium red flowers with the orange centers.

BROWNELL SUB ZERO ROSES

The Hardest Everbloomers

Look at the beautiful Brownells pictured at the left and we believe you will agree. Brownell Roses are second to none.

Brownell Hybrid Tea Roses are becoming more popular every year because they are able to stand temperature dips to 25 degrees below zero. Do not believe you have ever seen roses that are as free blooming as the Brownells. Long stemmed, with flowers that last far beyond expectation. If you want hybrid tea roses that will give you far more blooms than the ordinary type of roses, try the Super Hardy Brownell Hybrid Teas.

Every Brownell Rose is a Patented Rose, yet you will find the prices are as low or lower than most of the other patented roses on the market.

A3421—TIP TOES. Long pointed buds opening into gorgeous tea roses. Enjoyable spice-like fragrance.

A3412—LILY PONS. Has an indescribably delicate beauty. Large white flowers with soft yellow centers. Very free blooming.

A3416—QUEEN OF THE LAKES. Beautifully long pointed bud. Large, well-shaped flower. Strong straight stems.

A3403—COUNTRY DOCTOR. Brand new Brownell. Largest blossoms of all on strong canes. Very resistant to black spot.

A3408—HANDSOME RED. A large flowered, glowing velvety scarlet rose. Probably the most brilliant red of all roses. A new hardy free-blooming rose we know you'll like.

A3409—4063—3 1/2 lb. in dust gun, 4064—Or 3 1/2 lb. in dust gun plus 1 1/2 lb. bag (2 1/2 lbs. total), both for 1.95. All postpaid.

A3608—WASAGAMING. Hard to pronounce but not hard to grow this beauty from Canada. If you like fully double blossoms, you'll like Wasagaming. We expect this rose to become very popular.

A3690—RED GROOTENDORST. One of the best shrub roses. Bright red flowers, like carnations, that are very showy against the fine heavy foliage. Grows 3 to 5 feet high.

A3689—PINK GROOTENDORST. Very similar to the Red Grootendorst, but has clear pink flowers with a delightful spicy fragrance.

A3687—LILLIAN GIBSON. Produces hundreds of large, double, rose-pink blossoms on sturdy upright bush that grows to 6 foot. Very fragrant and hardy. Developed by the late Dr. N. E. Hansen.

A3676—PINK GLORY. We believe this is the hardest and most free blooming of all June Roses. We introduced this rose for the first time several years ago and its popularity is gaining by leaps and bounds. Imagine hundreds of beautiful, pink, fully double blossoms of large size.

A3693—GALLICA GRANDIFLORA. Semi-double large flowers of a brilliant, poppy red-pink tone. Beautiful, finely cut foliage and a real sight to behold when in

Gurney's ROSE GUARANTEE

We guarantee all Gurney's Roses to be large, two-year-old, field-grown plants, healthy and free of disease. They are state and government inspected, and carefully handled, packed and shipped. If they do not satisfy you 100% on arrival, return promptly at our expense and we will replace or refund your money in full, whichever you prefer.

How We Grade

Gurney's are a member of the American Association of Nurserymen, and our grading complies faithfully with their Horticultural Standards. You can't buy roses anywhere that are better, regardless of how much you pay.

A3516—CONDESA DE SASTAGO. Large, fragrant flowers with inside of petals copper-red and outside brilliant yellow, creating an outstanding two-tone effect. A healthy, vigorous grower that is very free-blooming. Blooms well everywhere.

A3575—PICTURE. We consider this one of the very finest of all pink roses. It is a clear pink with just enough salmon to give it a warm glow. Blooms continuously, and its perfectly shaped buds and blossoms make it just as pretty as a picture.

A3519—ECLIPSE. Considered to be the best of all yellow roses. The golden-yellow streamlined buds are often more than 2 inches long. It is a vigorous grower and blooms almost continuously. Makes an excellent cut flower as it has strong, erect stems.

A3510—CHRISTOPHER STONE. A brilliant sparkling, scarlet crimson rose with shapely long pointed buds that open into large attractive flowers. A healthy, vigorous grower and very free blooming. Stands lots of heat, has rich fragrance, and is one of the best bright red roses.

SEE ILLUSTRATIONS AT LEFT

A3402—CURLY PINK. Fully double with curly petals. Often a bouquet on a single stem.

A3415—ORANGE RUFFELS. Delightfully fragrant, big, double blossoms of a warm orange shade. A new one.

A3424—V FOR VICTORY. (Pat. No. 543.) Very large, double and yellow. Constantly in bloom.

A3404—CEDRIC ADAMS. Produces lots of fully double, large, scarlet blossoms.

A3418—SHADES OF AUTUMN. Vigorous grower and resistant to black spot.

CLIMB. AMERICAN BEAUTY

PRIMROSE

NEW DAWN

WHITE DAWN

BLAZE

GOLDEN PYRAMID

PAUL'S SCARLET

Gurney's Hardest CLIMBING ROSES

All Top 2-Year, No. 1 Grade

No other type of rose is in a class by itself quite like the climbing roses. None can take its place either. Grow them on a trellis along the side of the house or on either side of the front entrance or a gate and you truly have a sight to behold. These are as hardy climbing types as you can buy.

A3427—Climbing American Beauty. Blooms exactly like the hot-house namesake. Big, rose-pink, fragrant flowers on long, wiry stems. Hardy.

A3448—Primrose. The beautiful, hardy, yellow climber with shiny green leaves and very large flowers.

A3443—New Dawn. The original hardy Everblooming Climber. Blooms 4" across with pointed

buds. Rapid growing; sturdy canes. Apple-blossom pink with old rose fragrance. Blooms all summer!

A3444—White Dawn. The new, hardy, everblooming white climbing rose. Hundreds of Gardenia-like blossoms. Flowers first-year planted. Introduced by Univ. of Minn. 1.59 each; 3 for 4.50, ppd.

A3426—Famous Blaze Climber. Same brilliant red as Paul's Scar-

let but blooms both spring and fall.

A3435—Golden Pyramid. A hardy Brownell climber of brilliant cadmium-yellow. Its large well-shaped flowers are produced on strong vigorous canes. A real beauty with tea-rose type blooms.

A3445—Paul's Scarlet. Most popular climber. Flower big, full tea-rose type. Lots of blooms. Shiny, rich green foliage is free from mildew.

FLORIBUNDA ROSES

Gurney's Hardest

America's Most Popular

This newer type of rose is sweeping the country like wildfire. Once you try the Floribunda roses you'll agree they have no equal. Each year, more and more folks are planting this wonderful type of rose.

Bushy plants covered with clusters of large, double roses just like regular Tea Roses. Brilliantly colored blooms cover the bushes from spring until frost. Use in rose bed, for borders, among evergreens or shrubs, or in any place you want a splash of color all summer.

Floribunda roses bloom the very first year planted and with a little care they should

last for years. Even if you have never raised roses before you can't go wrong with any of these fine varieties.

All 2-Yr. No. 1 Grade
A3670—Red Lafayette. Stands dryness better than other roses. A flaming red and fine for cutting. 1.35 each; 3 for 3.89; 6 for 7.49, postpaid.

A3656—Dagmar Spath. Clusters of large, pure white blossoms that are semi-double. 1.35 each; 3 for 3.89; 6 for 7.49, postpaid.

A3668—Geranium Red. (Pat. No. 811.) Bright geranium red with spicy fragrance. Most brilliantly colored rose we have ever seen.

Patented Floribunda Offer
A2636X—1 each of Goldilocks, Red Pinocchio and Lavender Pinocchio.
All 3 for only 4.85, postpaid.

2.00 each; 3 for 5.25, postpaid.

A3665—Goldilocks. (Pat. No. 672.) Buds in many-flowered clusters that resemble miniature tea roses. Gradually opens to full, large blooms. 1.75 each; 3 for 4.65, postpaid.

A3666—Fashion. (Pat. No. 789.) The only rose to win four International Awards. Gorgeous, double, coral-pink blossoms suffused with gold. 2.00 each; 3 for 5.25, ppd.

A3657—Eutin. As many as 125 blossoms in one glowing cluster. Brilliant glowing crimson. 1.35 each; 3 for 3.89; 6 for 7.49, ppd.

A3669—Red Pinocchio. (Pat. No. 812.) Double, cup-shaped blooms of velvety crimson 3 1/2 in. across. 1.75 each; 3 for 4.65, postpaid.

A3667—Lavender Pinocchio. (Pat. No. 947.) Really lavender colored—no fooling. Opens up an entirely new series of color arrangements both in garden and home. 2.00 each; 3 for 5.25, postpaid.

A3674—World's Fair. (Pat. No. 362.) Official rose of the great New York World's Fair. Velvety, rich maroon with beautiful, double blossoms. 1.60 each; 3 for 3.90, ppd.

A3662—Frolic. (Pat. No. 1179.) The best of all pink floribunda roses. Fine compact plant almost completely covered with clear deep pink buds. Flowers all season long. 2.00 each; 3 for 5.25, ppd.

A3671—Jimmy Cricket. (Pat. No. 1346.) Tangerine red buds open to coral-orange. Has pleasing fragrance and is ideal for hedge or group planting. 2.00 each; 3 for 5.25, postpaid.

A3664—Glacier. (Pat. No. 1025.) The whitest of all floribundas. Its glistening white buds open into large, soft, snowy-white blooms in clusters. 2.00 each; 3 for 5.25, postpaid.

A3661—Frensham. One of the best of all red floribunda roses. Brilliant, crimson red flowers borne on vigorous bushy plants about 30 inches tall. Very free blooming. 1.35 each; 3 for 3.89; 6 for 7.49, postpaid.

Favorite Offer
A2637X—3 Most Popular Floribunda Roses. 1 each of Frensham, Dagmar Spath and Red Lafayette. Only 3.79, postpaid.
